1. INTRODUCTION

The NEMO Equipment Double Haul 55L Convertible Duffel & Tote Bag is designed for versatile gear transport. This water-resistant bag can be configured as both a duffel and a tote, adapting to various travel and storage needs. It is constructed with durable, recycled materials to ensure longevity and minimize environmental impact.

2. KEY FEATURES

- **Convertible Design:** Functions as both a duffel bag and a tote bag, offering flexibility for different carrying requirements.
- **Capacity Expansion:** The 55L duffel can be converted to a larger 75L tote, providing increased storage space when needed.
- **Durable Construction:** Made from urethane-coated, bluesign-approved 420D recycled nylon, ensuring long-lasting durability and water resistance.
- **Travel-Ready Features:** Includes stiffened trusses to keep the bag open for easy packing, internal and external zippered mesh pockets for organization, and a carry case that doubles as a packing cube.
- **Integrated Straps:** Features padded backpack straps that can be tightened flat when not in use, and deployable tote handles.

DURABLE, EASY-TO-CLEAN EXTERIOR

Urethane-coated, bluesign approved 420D recycled nylon shell is durable, water-repellent, and easy to wipe down.

3. SETUP & CONVERSION

3.1 Converting from Duffel to Tote

1. **Locate Side Buckles:** Identify the side buckles on the ends of the duffel bag.
2. **Unclip Buckles:** Unclip both side buckles. This action releases the compressed ends of the bag.
3. **Deploy Tote Handles:** The tucked-away tote handles can now be easily deployed from their storage compartments. Secure them together for comfortable carrying.
4. **Expand Capacity:** The bag will expand, increasing its carrying capacity from 55L to 75L, transforming into a tote.

3.2 Using Backpack Straps

- The bag features integrated padded shoulder straps for comfortable backpack-style carrying.
- To use, simply adjust the straps to your desired length.
- When not in use, these straps can be tightened down flat against the bag to remain unobtrusive.

KEY FEATURES

- 1 Dual-use design built to swiftly transform between duffel and tote
 - 2 Stiffened trusses keeps the bag opening wide so you can easily assess the interior space
 - 3 Includes both carrying handles and padded backpack straps so you can grab and go
 - 4 Massive cargo space
 - 5 Durable recycled nylon shell is water-repellent and easy to clean
 - 6 Internal and external zippered mesh pockets and packing cube style storage bag aid in organization
- + Thoughtfully designed for easy repairability and potential future resale

5. MATERIALS & DURABILITY

The Double Haul bag is constructed with high-quality, environmentally conscious materials:

- **Exterior Fabric:** Urethane-coated, bluesign-approved 420D recycled nylon. This material provides excellent water resistance and abrasion resistance.
- **Liner Fabric:** 100% recycled and bluesign-approved.
- These materials ensure the bag can withstand various conditions and are easy to clean after use.

6. CARE & MAINTENANCE

- **Cleaning:** The urethane-coated exterior is designed to be easy to wipe clean. Use a damp cloth with mild soap for spot cleaning.
- **Drying:** Allow the bag to air dry completely before storing to prevent mildew.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use.
- **Avoid Harsh Chemicals:** Do not use bleach or harsh detergents, as these can damage the fabric and coatings.
