## JAGUAR 200SQ

# Jaguar 200SQ Computerized Sewing Machine

Model: 200SQ | Brand: JAGUAR

## 1. INTRODUCTION

The Jaguar 200SQ is an advanced computerized sewing machine designed for both beginners and experienced users. It offers a wide range of features to enhance your sewing, quilting, and embroidery projects. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your machine to ensure optimal performance and longevity.

Figure 1.1: The Jaguar 200SQ Computerized Sewing Machine with its comprehensive accessory kit, including the extension table, carrying bag, thread, and scissors.

## 2. SAFETY INSTRUCTIONS

Please read all instructions before using this machine to prevent accidents and ensure safe operation.

- Always unplug the machine from the electrical outlet when cleaning, making adjustments, or when the machine is not in use.
- Keep fingers away from all moving parts, especially around the needle area.
- Use only the accessories recommended by the manufacturer.
- Never operate the machine if it has a damaged cord or plug, or if it is not working properly.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.

### 3. PRODUCT OVERVIEW

The Jaguar 200SQ features a robust design with user-friendly controls and a clear LCD screen for stitch selection.

#### 3.1 Key Features

- **200 Built-in Stitches:** Includes 100 letter and number stitches, and 9 one-step automatic buttonhole styles.
- **Automatic Needle Threader:** Simplifies the threading process.
- **Top-Loading Bobbin System:** Easy to access and monitor thread supply.
- **Backlit LCD Screen:** Provides clear display for stitch selection and settings.
- **Adjustable Speed Control:** Allows precise control over sewing speed.
- **Free Arm:** Ideal for sewing cuffs, sleeves, and other small, circular items.
- **LED Lighting:** Illuminates the sewing area for better visibility.

Figure 3.1: Front view of the Jaguar 200SQ, highlighting the LCD screen and stitch selection panel.

## 4. SETUP

### 4.1 Power Connection

Connect the power cord to the machine's power input and then to a suitable electrical outlet (100-240V, 50Hz). If using the electronic foot pedal, connect it to the designated port on the machine.

Figure 4.1: The Jaguar 200SQ connected to its electronic foot pedal, ready for operation.

### 4.2 Bobbin Winding and Insertion

1. Place a spool of thread on the spool pin.
2. Follow the bobbin winding path indicated on the machine.
3. Place an empty bobbin onto the bobbin winder spindle and push it to the right.
4. Start winding by pressing the start/stop button or the foot pedal. The machine will automatically stop when the bobbin is full.
5. For insertion, open the bobbin cover. Place the wound bobbin into the bobbin case with the thread unwinding counter-clockwise. Pull the thread through the tension slot.

Figure 4.2: The top-loading bobbin compartment of the Jaguar 2005Q, showing the clear cover and bobbin placement.

### 4.3 Upper Threading

1. Raise the presser foot lever.
2. Place the thread spool on the spool pin.
3. Follow the numbered threading path down to the needle.
4. Use the automatic needle threader by lowering the threader lever and guiding the thread through the hook.
5. Pull the thread loop through the needle eye.

Figure 4.3: A close-up view of the needle area, illustrating the threading path and the automatic needle threader mechanism.

## 5. OPERATING

---

### 5.1 Stitch Selection

Use the stitch selection buttons and the backlit LCD screen to choose from the 200 available stitches. The screen will display the selected stitch number, recommended stitch length, and width.

Figure 5.1: The LCD screen and stitch chart on the Jaguar 200SQ, showing various stitch patterns and digital display of settings.

## 5.2 Sewing Basics

- Place fabric under the presser foot.
- Lower the presser foot.
- Lower the needle into the fabric using the needle up/down button.
- Begin sewing by pressing the start/stop button or the foot pedal.
- Adjust sewing speed using the speed control slider.

## 5.3 Buttonhole Function

The Jaguar 200SQ offers 9 styles of one-step automatic buttonholes. Attach the 1-step automatic buttonhole foot, select the desired buttonhole stitch, and the machine will automatically sew the buttonhole to the correct size based on the button placed in the foot.

Figure 5.2: The automatic buttonhole foot in operation, demonstrating the machine's capability to create precise buttonholes.

## 6. MAINTENANCE

---

Regular maintenance ensures the smooth operation and extends the life of your sewing machine.

- **Cleaning:** Regularly clean lint and dust from the bobbin case area and feed dogs using the provided lint brush.
- **Needle Replacement:** Replace needles frequently, especially when sewing different fabric types or if the needle becomes dull or bent.
- **Lubrication:** Refer to the detailed lubrication instructions in the full manual if specific oiling points are indicated.
- **Storage:** When not in use, cover the machine with the vinyl protective cover and store it in the semi-rigid carrying bag to protect it from dust and damage.

## 7. TROUBLESHOOTING

---

Here are solutions to common issues you might encounter:

Problem	Possible Cause	Solution
Skipped Stitches	Incorrect needle, bent needle, improper threading.	Change needle, re-thread machine correctly.
Thread Breaking	Incorrect tension, poor quality thread, burr on needle plate.	Adjust tension, use good quality thread, check for burrs.
Fabric Puckering	Incorrect tension, wrong stitch length for fabric.	Adjust tension, select appropriate stitch length.

## 8. ACCESSORIES

The Jaguar 200SQ comes with a comprehensive accessory package to support various sewing tasks:

- Semi-rigid Carrying Bag
