# Jokari Lock Light Motion-Activated Deadbolt Illuminator User Manual

Model: 13013

## INTRODUCTION

The Jokari Lock Light is a motion-activated LED illuminator designed to provide convenient and enhanced visibility for your deadbolt lock. It automatically lights up when motion is detected, making it easier to locate and operate your lock in low-light conditions.

## SAFETY INFORMATION

- Keep out of reach of children.
- Do not expose the device to extreme temperatures or moisture.
- Ensure correct battery polarity when inserting batteries.
- Dispose of used batteries responsibly according to local regulations.

## PACKAGE CONTENTS

- 1 x Jokari Lock Light Unit
- Adhesive mounting strip (pre-attached or separate)
- (Optional) Mounting screws
- *Note: 3 AAA batteries are required and not included.*

## SETUP AND INSTALLATION

1. **Insert Batteries:**

   Locate the battery compartment on the back of the Lock Light unit. Open the compartment and insert 3 AAA batteries, ensuring correct polarity (+/-). Close the compartment securely. *Please check product packaging for exact battery type if there is any discrepancy.*

2. **Choose Mounting Location:**

   The Lock Light is designed to be installed directly above your deadbolt lock. Ensure the area is clean and dry for optimal adhesive performance. The motion sensor should face outwards towards the approach area.

Image: Diagram illustrating the "Peel & Stick" installation method for the Lock Light above a door lock or handle.

3. **Mount the Unit:**

   Remove the protective backing from the adhesive strip on the back of the Lock Light. Carefully align the unit above your deadbolt, ensuring the light will illuminate the keyhole. Press firmly against the door surface for several seconds to secure it. Alternatively, if screw mounting is preferred and hardware is provided, use appropriate tools to secure the unit.

## OPERATING INSTRUCTIONS

The Jokari Lock Light operates automatically using its integrated motion and day/night sensors.

- **Motion Activation:** The device will detect motion up to 10 feet away. When motion is detected in low-light conditions, the LED light will activate.
- **Automatic Shut-off:** The LED light will remain on for approximately 20 seconds after motion is detected, then automatically turn off to conserve battery life.
- **Day/Night Sensor:** The Lock Light is equipped with a sensor that prevents it from activating during daylight hours, further optimizing battery usage.

**Motion Activated Up To 10 ft.** ●

**Auto Off 20 Seconds** ●

**Day/Night Sensor** ●

**Long Lasting LED** ●

## MAINTENANCE

- **Battery Replacement:** When the light output diminishes or the unit stops activating, it is time to replace the batteries. Open the battery compartment, remove the old batteries, and insert new 3 AAA batteries, observing polarity.
- **Cleaning:** Wipe the exterior of the Lock Light with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.

## TROUBLESHOOTING

| Problem | Possible Cause | Solution |
|---|---|---|
| Light does not turn on. | <ul><li>Batteries are dead or incorrectly inserted.</li><li>Insufficient darkness (daylight sensor active).</li><li>No motion detected within range.</li></ul> | <ul><li>Replace batteries, ensuring correct polarity.</li><li>Test in a darker environment.</li><li>Ensure motion occurs within 10 feet of the sensor.</li></ul> |
| Light stays on too long or continuously. | <ul><li>Constant motion detected.</li><li>Sensor malfunction.</li></ul> | <ul><li>Ensure no objects are constantly moving in front of the sensor.</li><li>Remove and reinsert batteries. If problem persists, contact support.</li></ul> |
| Light is dim. | <ul><li>Low battery power.</li></ul> | <ul><li>Replace batteries.</li></ul> |

## SPECIFICATIONS

- **Model Number:** 13013
- **Power Source:** 3 x AAA Batteries (not included)
- **Light Type:** LED
- **Motion Detection Range:** Up to 10 feet
- **Auto-Off Timer:** Approximately 20 seconds
- **Dimensions:** 4 x 3 x 2 inches (approximate)
- **Weight:** 2.08 ounces (without batteries)
- **Manufacturer:** Jokari US, Inc

## WARRANTY INFORMATION

Specific warranty details for the Jokari Lock Light are not provided in the product information. Please refer to the product packaging or the manufacturer's official website for warranty terms and conditions.
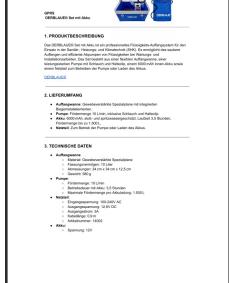

## SUPPORT

For further assistance or inquiries, please contact Jokari customer support. Contact information may be available on the product packaging or the official Jokari website.
