› **iSinbox A30 Smart Projector User Manual: 1000 ANSI Lumens, Native 1080P (4K Support), Auto Focus & Keystone, Wi-Fi 6, Bluetooth 5.3**

iSinbox A30

iSinbox A30 Smart Projector User Manual

Model: A30

1. INTRODUCTION

Thank you for choosing the iSinbox A30 Smart Projector. This manual provides essential information for setting up, operating, and maintaining your device. The iSinbox A30 offers a high-brightness 1000 ANSI lumen display, native 1080P resolution with 4K support, and advanced features like auto focus and auto keystone correction. Enjoy seamless streaming with built-in Wi-Fi 6 and versatile connectivity options including Bluetooth 5.3.

2. WHAT'S IN THE BOX

Upon opening your iSinbox A30 Smart Projector package, please verify that all the following items are included:

- iSinbox A30 Smart Projector
- Remote Control
- Power Cable
- HDMI Cable
- AV Cable
- User Manual
- Adjustable Foot Screw

3. INITIAL SETUP

3.1 Power Connection

1. Connect the power cable to the projector's power input port.
2. Plug the other end of the power cable into a standard electrical outlet.
3. Press the power button on the projector or remote control to turn on the device.

3.2 Placement and Projection

Position the projector on a stable surface. The iSinbox A30 supports various projection methods:

- **Front Projection:** Place the projector in front of the screen.
- **Rear Projection:** Place the projector behind a translucent screen.
- **Ceiling Projection:** Mount the projector upside down on the ceiling.
- **Tabletop Projection:** Place the projector on a table.

4. OPERATING INSTRUCTIONS

4.1 Network Connection (Wi-Fi)

To access online streaming services and browser functions, connect your projector to a Wi-Fi network:

1. From the home screen, navigate to **Settings**.
2. Select **Communication** or **Network**.
3. Choose **Wi-Fi** and turn it **On**.
4. Select your desired Wi-Fi network from the list.
5. Enter the password if prompted and confirm.

The iSinbox A30 supports Wi-Fi 6 for a stable and high-speed connection, ideal for streaming and gaming.

Wi-Fi6採用 「スムーズ×低遅延×高速」

映画鑑賞もゲームプレイも、快適でスムーズ。低遅延でストレスフリー！

Figure 4.1: Depiction of the projector utilizing Wi-Fi 6 for seamless content delivery, highlighting its capability for smooth gaming and video playback.

4.2 Adjusting Focus and Keystone Manually

While the projector offers automatic adjustments, you can fine-tune the focus and keystone manually:

1. From the home screen, navigate to **Settings**.
2. Select **Focus** to adjust image sharpness. Use the remote control's navigation buttons to achieve optimal clarity.
3. Select **Keystone** for image shape correction. Choose **Four-Point Correction** for precise adjustments to each corner of the projected image.

4.3 Using Streaming Applications and Browser

The iSinbox A30 comes with pre-installed streaming applications like Netflix, YouTube, and Prime Video. You can also use the built-in browser to access other online content.

- From the home screen, select the icon for the desired application (e.g., Netflix, YouTube).
- For web browsing, select the **Open Browser** icon.

4.4 Audio Output

The projector features a built-in 10W HiFi speaker with Dolby Audio and DTS-HD Master Audio support for an immersive sound experience. You can also connect external audio devices via Bluetooth 5.3.

Figure 4.2: The projector's integrated 10W speaker system, featuring Dolby Audio, designed to deliver rich and clear sound directly from the device.

4.5 External Device Connectivity

The iSinbox A30 offers multiple ports for connecting various external devices:

- **HDMI:** Connect laptops, gaming consoles (PS3, PS4), TV sticks, and other HDMI-enabled devices.
- **USB (x2):** Connect USB drives for media playback or external keyboards/mice.
- **AV:** Connect older devices using the provided AV cable.
- **Bluetooth 5.3 (Bidirectional):** Connect to Bluetooth speakers/headphones (BT-OUT) or use your smartphone/tablet as a source (BT-IN).

簡単に接続可能

5. MAINTENANCE

5.1 Cleaning the Dust Filter

To ensure optimal performance and longevity of your projector, it is recommended to regularly clean the internal dust filter. A clean filter helps maintain proper airflow and prevents overheating.

1. Locate the dust filter cover on the side or bottom of the projector.
2. Carefully remove the cover.
3. Gently remove the dust filter.
4. Use a soft, dry cloth or a small brush to remove any accumulated dust. Do not use water or liquid cleaners.
5. Reinsert the clean filter and replace the cover securely.

Figure 5.1: Diagram illustrating the location and recommended method for cleaning the projector's internal dust filter to maintain performance.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your iSinbox A30 projector.

Problem	Possible Cause	Solution
No Power	Power cable not connected; Power outlet issue.	Ensure power cable is securely connected to both projector and outlet. Test outlet with another device.
Blurry Image	Focus not adjusted; Projector too far/close to screen.	Use auto-focus or manually adjust focus via settings. Adjust projection distance.
Distorted Image (Trapezoid)	Keystone not corrected; Projector not perpendicular to screen.	Use auto-keystone or manually adjust keystone via settings. Reposition projector.
No Sound	Volume too low; Muted; External audio device not connected properly.	Increase volume. Check if muted. Ensure external speakers are connected and powered on.
No Wi-Fi Connection	Incorrect password; Router issue; Out of range.	Verify Wi-Fi password. Restart router. Move projector closer to router.
