COGO Creator 3-in-1 Building Set (Model 3092) Instruction Manual

Build a Fighter Plane, Supersonic Jet, or Helicopter

1. INTRODUCTION

Welcome to the COGO Creator 3-in-1 Building Set, Model 3092. This versatile construction toy allows you to build three distinct aircraft models: a powerful fighter plane, a sleek supersonic jet, or a functional helicopter. Designed to stimulate creativity and problem-solving skills, this set provides hours of engaging play for children aged 6 and up.

2. SAFETY INFORMATION

- **Warning:** Not recommended for children under 3 years of age due to small parts which may present a choking hazard.
- Adult supervision is recommended during assembly and play.
- Keep all packaging materials away from children to prevent suffocation.
- Do not modify the product in any way not described in the instructions.

3. WHAT'S IN THE BOX

Your COGO Creator 3-in-1 Building Set includes:

- 248 building pieces
- Instruction manual (physical copy for detailed step-by-step assembly)

4. ASSEMBLY INSTRUCTIONS

This set allows for the construction of three different models. Please refer to the included physical instruction manual for detailed, step-by-step building guides for each model. The following sections provide an overview of each model's key features.

4.1. Fighter Plane Assembly

Assemble the 248 pieces to construct the fighter plane. Pay attention to the cockpit, movable wheels, rotating propellers, and missile launchers during construction.

4.2. Supersonic Jet Assembly

Follow the instructions to build the supersonic jet. This model features an aerodynamic design for high-speed flight simulation and includes missile launchers.

5. OPERATING FEATURES

Once assembled, each model offers interactive features for enhanced play.

5.1. Fighter Plane Operation

- **Propellers:** Manually rotate the propellers for realistic flight simulation.
- **Wheels:** The movable wheels allow for taxiing and landing scenarios.
- **Missiles:** Load and manually launch the included missiles for action-packed play.

5.2. Supersonic Jet Operation

- **Flight Simulation:** Use the aerodynamic design to simulate high-speed aerial maneuvers.
- **Missiles:** Manually launch missiles from the designated points.

5.3. Helicopter Operation

- **Rotors:** Manually spin the main and tail rotors to simulate helicopter flight.
- **Wheels:** Utilize the movable wheels for ground movement and landing.
- **Missiles:** Load and manually launch missiles for rescue or transport missions.

6. MAINTENANCE

- **Cleaning:** Wipe the building blocks with a dry or slightly damp cloth to remove dust and dirt. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the building set in a cool, dry place away from direct sunlight to prevent material degradation. Keep all pieces together to avoid loss.
- **Inspection:** Periodically inspect all pieces for any damage or wear. Replace any broken parts if possible, or discontinue use if safety is compromised.

7. TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces missing upon opening the box, please contact COGO customer support with your product model number and details of the missing parts.
- **Assembly Difficulties:** Refer to the detailed physical instruction manual for step-by-step guidance. Ensure all pieces are correctly oriented and firmly connected.
- **Parts Not Fitting:** Double-check that you are using the correct pieces as indicated in the manual. Avoid forcing pieces together, as this may cause damage.
