RONGJI 4Core 1+32GB

RONGJI Car Radio Stereo User Manual

Model: 4Core 1+32GB
For Honda Accord 10 (2018-2021)

PRODUCT OVERVIEW

The RONGJI Car Radio Stereo is an advanced in-dash navigation and entertainment system designed for the Honda Accord 10 (2018-2021) models. This unit features a 10.1-inch IPS Touch Screen with a resolution of 1280x720, running on Android 13 OS. It integrates seamlessly with your vehicle's existing systems, offering a range of functionalities including GPS navigation, multimedia playback, and smartphone connectivity.

Key features include built-in Wireless Car-Play and Android Auto, Bluetooth for hands-free calling and music, FM/RDS radio, and Wi-Fi connectivity. The system also supports steering wheel controls and offers a split-screen function for enhanced usability.

SETUP AND INSTALLATION

Package Contents

Before beginning installation, please verify that all components are present in the package:

- Main Head Unit (Machine)
- Power Cable
- RCA Cable
- Reversing Camera Cable (Camera not included)
- USB Cable
- Microphone (MIC)
- GPS Antenna
- Plug-and-Play Installation Kit

Vehicle Compatibility

This head unit is specifically designed for Honda Accord 10 models from 2018 to 2021. To ensure compatibility with your specific vehicle's dashboard configuration, it is crucial to compare your car's center console with the provided images. Some dashboard layouts may not be compatible.

Image: Visual guide for checking dashboard compatibility. The top image shows a compatible dashboard with physical buttons, while the bottom image shows an incompatible dashboard with touch-sensitive controls.

For confirmation, you may send a photo of your vehicle's center console to customer support for verification.

Installation Process

The RONGJI Car Radio Stereo is designed for plug-and-play installation. While the kit includes all necessary components for a straightforward setup, professional installation is recommended if you are unfamiliar with car audio system wiring or dashboard disassembly. Ensure the vehicle's power is disconnected before beginning installation.

OPERATING INSTRUCTIONS

Basic Operation

The unit operates on Android 13, providing a familiar and intuitive user interface. Navigate through menus and applications using the 10.1-inch IPS capacitive touch screen. The high resolution (1280x720) ensures clear visuals.

Smartphone Integration (Car-Play & Android Auto)

The head unit features built-in Car-Play and Android Auto for seamless smartphone integration. Both wired and wireless connections are supported. For wired connections, use your original phone cable.

- **Wireless Connectivity:** Connect your smartphone via Bluetooth for wireless Car-Play or Android Auto.
- **Wired Connectivity:** For optimal performance and charging, connect your phone using a USB cable.

This feature allows access to navigation, music, calls, and other compatible applications directly from the head unit's display, enhancing safety and convenience while driving.

Split Screen Function

Enhance multitasking with the split-screen feature, allowing two applications to be displayed simultaneously on the 10.1-inch screen. For example, you can view navigation maps while controlling music playback.

Rear View Camera Support

The unit supports connection to a rear view camera (camera not included). This feature provides a clear view of the area behind your vehicle when reversing, enhancing safety.

MAINTENANCE

To ensure the longevity and optimal performance of your RONGJI Car Radio Stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the screen and exterior. Avoid abrasive cleaners or solvents that could

damage the display or finish.

- **Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, as this can affect electronic components.
- **Connections:** Periodically check all cable connections to ensure they are secure and free from corrosion.
- **Software Updates:** Keep the system software updated to benefit from performance improvements and new features. Check the manufacturer's website or system settings for available updates.

TROUBLESHOOTING

If you encounter issues with your RONGJI Car Radio Stereo, try the following basic troubleshooting steps:

- **No Power:** Check all power connections. Ensure the vehicle's ignition is on.
- **No Sound:** Verify volume settings. Check speaker connections. Ensure the correct audio source is selected.
- **Touch Screen Unresponsive:** Try restarting the unit. Ensure the screen is clean and free of debris.
- **GPS Signal Issues:** Ensure the GPS antenna is properly installed and has a clear view of the sky.
- **Bluetooth Pairing Issues:** Ensure Bluetooth is enabled on both the head unit and your phone. Delete previous pairings and try re-pairing.
- **System Lag/Freezing:** Restart the unit. Close unnecessary background applications.

For persistent issues or complex problems, please contact customer support for assistance.
