The Beyblade X Keel Shark 3-60LF Booster Pack Set introduces the next generation of Beyblade X spinning tops. This set includes one right-spinning Attack Type top, designed for competitive play. Beyblade X features the X-Celerator Gear System, which allows tops to super-accelerate into an Xtreme Dash when engaging the rail of a Beystadium arena (sold separately), leading to powerful collisions and bursts. ### 3. SETUP

The Beyblade X tops are designed for easy assembly with three main interchangeable pieces: the blade, ratchet, and bit. Follow these steps to assemble your Keel Shark 3-60LF top:

1. **Identify Components:** Separate the blade (Keel Shark), the ratchet (3-60), and the bit (LF).
2. **Assemble Ratchet and Bit:** Align the bit with the bottom of the ratchet and push them together until they click securely.
3. **Attach to Blade:** Align the assembled ratchet and bit with the center of the Keel Shark blade. Twist until you hear two clicks, indicating a secure connection.

Your Beyblade X top is now assembled and ready for battle. Remember to use a Beyblade X Beystadium and a compatible launcher (both sold separately).

## 4. OPERATING INSTRUCTIONS

To engage in Beyblade X battles, follow these operational guidelines:

1. **Prepare the Beystadium:** Ensure you are using an official Beyblade X Beystadium (sold separately).
2. **Load the Launcher:** Attach your assembled Keel Shark 3-60LF top to a compatible Beyblade X launcher (sold separately).
3. **Launch into Battle:** Hold the launcher over the Beystadium and pull the rip cord or string to launch your top. The goal is to launch with enough force to utilize the X-Celerator Gear System.
4. **X-Celerator Gear System:** When the gear of your Beyblade X top engages the rail of the Beystadium arena, it can super-accelerate into an Xtreme Dash. This feature is designed for powerful collisions and potential bursts against opponent tops.
5. **Winning Conditions:** Bladers score points by knocking out their opponent's top from the stadium, causing it to burst into pieces, or out-spinning it. The first player to score 4 points wins the battle.

The Keel Shark 3-60LF is an Attack Type top, excelling at attacking from a low position directly at your opponent's ratchet, aiming for a burst finish.

## 5. MAINTENANCE

Proper care will extend the life of your Beyblade X top:

- **Cleaning:** Wipe the top and its components with a soft, dry cloth after use to remove dust and debris. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store your Beyblade X top in a clean, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect all parts for wear or damage. Replace any broken or worn-out

components to maintain optimal performance and safety.

## 6. TROUBLESHOOTING

If you encounter issues with your Beyblade X top, consider the following:

- **Top Not Spinning Correctly:**
  - Ensure the top is correctly assembled with all three parts (blade, ratchet, bit) securely clicked into place.
  - Verify that the launcher is properly loaded and the rip cord/string is pulled straight and with sufficient force.
  - Check the Beystadium surface for any obstructions or damage that might impede spinning.
- **Difficulty Bursting Opponents:**
  - Practice your launch technique to maximize spin speed and impact.
  - Ensure your top is compatible with the opponent's top and the Beystadium for optimal interaction.
- **Parts Not Fitting:**
  - Confirm that you are using genuine Beyblade X components.
  - Inspect parts for any manufacturing defects or damage.

If problems persist, refer to the official Beyblade X website or contact customer support.
