## SETUP GUIDE

### 1. Install Batteries

1. **Keyboard:** Open the battery compartment on the back of the keyboard. Insert two (2) AAA batteries (not included), ensuring correct polarity.
2. **Mouse:** Open the battery compartment on the bottom of the mouse. Insert one (1) AA battery (not included), ensuring correct polarity.

# Long Battery Life

**Note:** keyboard requires 2 AAA battery, mouse requires 1 AA battery, (batteries not included.)

**Image:** This image illustrates the battery compartments for both the keyboard (requiring 2 AAA batteries) and the mouse (requiring 1 AA battery). It also shows the location of the USB receiver within the keyboard's battery compartment.

## 2. Connect the USB Receiver

1. Locate the 2.4GHz USB Nano Receiver, typically stored in the keyboard's battery compartment.
2. For devices with a standard USB-A port: Plug the USB receiver directly into an available USB-A port on your computer or laptop.
3. For devices with a USB-C port (e.g., some tablets, MacBooks): Attach the included USB-C adapter to the USB receiver, then plug the adapter into your device's USB-C port.
4. The keyboard and mouse share a single USB receiver, so only one port is needed for both devices.

# " 2.4G Wireless Connection Plug and Play "

**Image:** This image demonstrates the 2.4GHz wireless connection setup, showing the USB receiver plugged into a laptop, enabling both the keyboard and mouse to function wirelessly within a 10-meter (33 feet) range.

## 3. Power On

1. Locate the ON/OFF switch on the back of the keyboard and the bottom of the mouse. Slide them to the "ON" position.
2. Your devices should now be connected and ready for use.

## OPERATING INSTRUCTIONS

### Keyboard Features

- **Retro Round Keycaps:** Enjoy a comfortable and visually appealing typing experience with vintage

typewriter-inspired rounded keys.

- **Low-Profile Scissor-Switch Design:** Speeds up typing and reduces clicking noise, ideal for quiet environments.
- **FN Hotkeys:** Access 12 different multi-media functions using the FN key in combination with function keys (F1-F12).
- **Operating System Switching:**
  - Press **Fn + Mac key** to switch to Mac layout.
  - Press **Fn + Win key** to switch to Windows layout.

## “ WIDE COMPATIBILITY ”

Press Fn + MAC key to switch the keyboard to Mac layout.  
Compatible with Mac system, iOS PCs, Laptop, Smart TV, Desktop computer...

Press Fn + Win key to switch the keyboard to Win layout.  
Compatible with Windows system, PCs, Laptop, Smart TV, Desktop computer...

**Image:** This image demonstrates the wide compatibility of the Mobifice K101B keyboard, showing how to switch between Mac and Windows layouts using FN key combinations. It is compatible with Mac OS, iOS, Windows, PCs, Laptops, Smart TVs, and desktop computers.

## 15 COMBINATIONS OF MULT-MEDIA SHORTCUTS

Easy access to music, volume control, homepage, email and more.

**Image:** This image highlights the 15 combinations of multi-media shortcuts available on the Mobifice K101B keyboard, providing easy access to music, volume control, homepage, email, and more.

### Mouse Features

- **Adjustable DPI:** The high-precision mouse offers 3 different DPI levels (800, 1200, 1600) to freely choose from, allowing you to adjust cursor sensitivity.
- **Silent Clicks:** Designed for quiet operation, minimizing click noise.

**Image:** This image shows the DPI adjustment feature of the Mobifice K101B Wireless Mouse, indicating three selectable DPI levels: 800, 1200, and 1600.

### MAINTENANCE

- **Cleaning:** Use the included cleaning brush to remove dust and debris from between the keyboard keys.
- **Silicone Cover:** Place the soft silicone cover over the keyboard to protect it from dust, spills, and scratches. The cover can be easily removed and washed.
- **Storage:** When not in use, turn off both the keyboard and mouse to conserve battery life.

**Image:** This image demonstrates the spill-resistant feature of the Mobifice K101B keyboard when used with its included silicone cover, showing liquid being repelled from the keys.

## TROUBLESHOOTING

- **No Connection:**
  - Ensure batteries are correctly installed and charged.
  - Verify that the keyboard and mouse are switched "ON".
  - Check if the USB receiver is securely plugged into your device's USB-A or USB-C port (with adapter).
  - Try plugging the USB receiver into a different USB port.
- **Lagging or Intermittent Connection:**
  - Ensure the devices are within the 10-meter (33 feet) operating range of the USB receiver.
  - Minimize interference from other wireless devices.
  - Replace batteries if they are low.
- **Auto-Sleep Feature:** The keyboard and mouse enter an auto-sleeping mode after 5 seconds of inactivity to save energy. Click any key or button to wake them up.
