WHAT'S IN THE BOX

Verify that all items are present in the packaging:

- Roku Streambar SE
- Standard Remote and 2 AAA batteries
- Power Adaptor
- Premium High Speed HDMI Cable
- Optical Cable (only for use if your TV doesn't have an HDMI-ARC port)

SETUP

Follow these steps for a quick and guided setup:

1. **Connect to TV:** Plug the included Premium High Speed HDMI Cable into the HDMI-ARC port on your TV and the HDMI port on the Streambar SE. If your TV does not have an HDMI-ARC port, use the included Optical Cable for audio and a standard HDMI cable (not included) for video.
2. **Power On:** Connect the power adaptor to the Streambar SE and then to a wall outlet.
3. **Insert Batteries:** Open the remote control battery compartment and insert the two AAA batteries.
4. **Follow On-Screen Prompts:** Turn on your TV and select the correct HDMI input. The Roku guided setup will appear on your screen. Follow the instructions to connect to your home Wi-Fi network and activate your Roku account.

- **Power Button:** Turns your TV and Streambar SE on/off.
- **Volume Buttons:** Adjusts the volume of the Streambar SE.
- **Mute Button:** Mutes the audio.

- **Navigation Pad (Purple):** Use the directional arrows to move through menus and the OK button to select.
- **Home Button:** Returns to the Roku home screen.
- **Back Button:** Returns to the previous screen.
- **Instant Replay:** Jumps back a few seconds in video playback.
- **Options (*):** Accesses additional options within apps or menus.
- **Dedicated App Buttons:** Provides quick access to popular streaming services.

Streaming Features

The Roku Streambar SE offers seamless access to a vast library of streaming content in brilliant 4K HDR picture quality. The intuitive interface allows for quick app launches and easy navigation.

Audio Modes

Enhance your listening experience with various audio settings:

- **Enhanced Speech Clarity:** Boosts the volume of dialogue, making conversations clearer and easier to understand.
- **Automatic Volume Leveler:** Automatically adjusts the volume to prevent sudden loud commercials or quiet scenes, providing a consistent listening level.
- **Night Listening:** Reduces the intensity of loud sounds while boosting quieter ones, ideal for late-night viewing without disturbing others.

Bluetooth Pairing

The Streambar SE supports Bluetooth connectivity for audio. You can pair your favorite wireless headphones for private listening or stream music from your mobile device directly through the soundbar.

1. To pair headphones, access the Bluetooth settings on your Roku device and follow the pairing instructions.
2. To stream music from a mobile device, enable Bluetooth on your device, select the Roku Streambar SE from the list of available devices, and begin playback.

MAINTENANCE

To ensure optimal performance and longevity of your Roku Streambar SE, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the exterior of the Streambar SE. Do not use liquid cleaners or abrasive materials.
- **Software Updates:** The device will automatically download and install software updates when connected to the internet. Ensure your Streambar SE remains connected to the internet for the latest features and security enhancements.
- **Placement:** Place the Streambar SE on a stable, flat surface in front of your TV. Ensure it is not obstructed to allow for optimal sound dispersion.

TROUBLESHOOTING

If you encounter issues with your Roku Streambar SE, try the following solutions:

- **No Power:** Ensure the power adaptor is securely connected to both the Streambar SE and a working wall outlet.
- **No Sound:**
 - Verify the HDMI cable is connected to the TV's HDMI-ARC port.
 - Check your TV's audio settings to ensure audio output is set to the correct HDMI-ARC or optical port.
 - Ensure the Streambar SE is not muted and the volume is turned up.
- **No Picture/Streaming Issues:**
 - Confirm the HDMI cable is properly connected.
 - Check your internet connection. Restart your router if necessary.
 - Restart the Roku Streambar SE by unplugging it from power for 10 seconds and plugging it back in.
- **Remote Not Responding:** Replace the AAA batteries in the remote control. Ensure there are no obstructions between the remote and the Streambar SE.
