2. SAFETY INFORMATION

Please read and understand all safety instructions before assembling and using the bed frame. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limit:** Do not exceed a total weight of 700 pounds on this bed frame. This limit includes the combined weight of the mattress, box spring, occupants, and any other items placed on the bed.
- Ensure all bolts and connections are securely tightened before use and periodically check them for tightness.
- Keep small parts away from children during assembly to prevent choking hazards.
- Assemble the bed frame on a soft, clean surface (e.g., carpet) to prevent scratching the floor or the product.
- Do not stand or jump on the bed frame.
- Use only the components provided by the manufacturer. Do not substitute parts.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact ZINUS customer support.

4. SETUP AND ASSEMBLY

The ZINUS Compack® Metal Bed Frame is designed for simple, tool-free assembly. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent damage.
2. **Assemble Side Rails:** Connect the side rail sections. The frame features an intuitive design with pre-aligned holes and easy-to-use connections.
3. **Attach Center Supports:** Secure the center support beams to the side rails. Ensure all connections are firm.

4. **Install Support Legs:** Attach the support legs to the designated points on the frame. These legs provide crucial stability.
5. **Tighten All Connections:** Once all parts are assembled, ensure all bolts and connections are fully tightened by hand or with the provided tool.
6. **Headboard Attachment (Optional):** If attaching a headboard, align its brackets with the pre-attached headboard brackets on the bed frame and secure them using appropriate hardware (not included with frame).

5. OPERATING INSTRUCTIONS

Once assembled, the ZINUS Compack® Metal Bed Frame is ready for use.

- **Placement:** Position the assembled bed frame in your desired location. Ensure it is on a level surface.
- **Box Spring and Mattress:** Place your box spring directly onto the bed frame. Then, place your mattress on top of the box spring. The frame is designed to provide dependable support for both.
- **Compatibility:** This frame is compatible with all ZINUS box springs and mattresses. When using with non-ZINUS products, please confirm dimensions to ensure a proper fit.

6. MAINTENANCE

To ensure the longevity and optimal performance of your ZINUS Compack® Metal Bed Frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Periodic Inspection:** Periodically check all bolts and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent rust or corrosion.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame.

Problem	Possible Cause	Solution
Bed frame squeaks or creaks.	Loose connections or uneven floor.	Ensure all bolts and connections are securely tightened. Check if the floor is level; if not, consider using shims under the legs. The frame is designed to be squeak resistant.
Frame feels unstable.	Incomplete assembly or loose parts.	Review assembly instructions to ensure all parts are correctly installed. Tighten all connections. Verify that the weight limit is not exceeded.
Difficulty attaching headboard.	Incorrect alignment or incompatible headboard.	Ensure the headboard brackets on the frame are correctly oriented. Verify that your headboard is a standard size compatible with the frame's attachment points.
