Lerat A25

Lerat Portable Handheld Fan User Manual

Model: A25

PRODUCT OVERVIEW

The Lerat Portable Handheld Fan (Model A25) is a versatile 2-in-1 mini fan designed for both indoor and outdoor use. It features a powerful upgraded motor, two adjustable speed settings, and a long-lasting rechargeable battery, providing continuous cooling for 8-15 hours on a single charge. Its compact and foldable design makes it an ideal travel essential, easily fitting into pockets or bags. The fan also incorporates safety features, automatically stopping if the blades are accidentally touched. It can be powered via USB from various devices, ensuring convenience wherever you are.

SETUP

Charging the Fan

Before first use, fully charge the fan. The fan is equipped with a 1000mAh rechargeable battery and charges via a Type-C USB cable.

1. Connect the Type-C end of the charging cable to the charging port on the fan (located at the bottom).
2. Connect the USB-A end of the charging cable to a compatible USB power source (e.g., power bank, computer,

laptop, USB wall charger).

3. The indicator light will illuminate during charging. A full charge takes approximately 2.5 hours.
4. The fan can be used while charging.

Figure 3: Charging the fan using a Type-C cable, showing compatibility with various USB power sources.

Attaching the Lanyard

The fan comes with a lanyard for easy carrying. To attach it:

1. Locate the small loop hole at the top of the fan when it is in its folded, compact state.
2. Thread the thin loop end of the lanyard through this hole.
3. Pass the larger end of the lanyard through the small loop you just created and pull to secure.

OPERATING INSTRUCTIONS

Power On/Off and Speed Adjustment

The fan features a simple one-touch control for power and speed settings.

1. To power on and activate the first speed (Fresh Breeze, approx. 15 hours runtime), press the power button once.
2. To switch to the second speed (Strong Breeze, approx. 8 hours runtime), press the power button a second time.
3. To power off the fan, press the power button a third time.

Figure 4: Visual representation of the two available wind speeds and their approximate battery life.

2-in-1 Foldable Design

The fan's unique design allows it to function as both a handheld and a desktop fan.

- **Handheld Mode:** Unfold the fan to 180 degrees to use it as a traditional handheld fan. This is ideal for personal cooling on the go.
- **Desktop Mode:** Fold the fan to 90 degrees or 270 degrees to transform it into a stable desktop fan. This mode is perfect for use on a desk, table, or nightstand.

This video provides a detailed guide on the operating methods of the mini portable handheld fan, including power and speed adjustments.

MAINTENANCE

Cleaning

- Ensure the fan is powered off before cleaning.
- Wipe the exterior of the fan with a soft, dry cloth.
- For dust accumulation on the blades, gently wipe them with a soft cloth. Avoid using harsh chemicals or abrasive materials.

Storage

- When not in use, fold the fan into its compact form to protect the blades and save space.
- Store the fan in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not turn on.	Battery is depleted.	Charge the fan using the provided Type-C cable.
Fan stops unexpectedly.	Blades were touched or obstructed.	Remove any obstruction. The fan's safety feature will stop the blades if touched. Restart the fan.
Weak airflow.	Fan is on low speed setting or battery is low.	Press the power button to cycle to the higher speed setting. If still weak, charge the fan.
Fan makes unusual noise.	Obstruction in the fan blades or internal issue.	Power off the fan and check for any foreign objects obstructing the blades. If the issue persists, contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	Lerat
Model Name	A25 Portable Handheld Fan
Color	Pink
Power Source	Battery Powered (USB Rechargeable)
Battery Capacity	1000mAh
Working Hours	8-15 hours (depending on speed setting)
Charging Time	Approx. 2.5 hours
Number of Speed Levels	2
Noise Level	50 dB
Folded Dimensions	1.22"D x 1.4"W x 5"H (approx.)
Item Weight	3.53 ounces
Blade Material	Plastic (Soft)
Control Method	Touch Button
