M MYBAT PRO Maverick Series iPhone 13 Pro Case Instruction Manual

Model: iPhone 13 Pro (6.1")

Brand: M MYBAT PRO

1. INTRODUCTION AND OVERVIEW

This manual provides detailed instructions for the installation, operation, and maintenance of your M MYBAT PRO Maverick Series Case for iPhone 13 Pro. Designed for heavy-duty protection, this case offers multi-layer defense against accidental damage, shock, and drops, meeting MIL-STD-810G 516.6 standards. It includes a built-in screen protector, a 360° rotating belt clip holster, and MagSafe compatibility.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- 1 x MYBAT PRO Maverick iPhone 13 Pro Case
- 1 x Belt Clip Holster
- 1 x Tempered Glass Screen Protector
- 1 x Screen Cleaning Cloth

3. KEY FEATURES

- **Rugged Protection:** DROP + 4X TESTED MILITARY STANDARD (MIL-STD-810G 516.6) for multi-layer defense and shockproof performance.
- **360° Rotating Holster Clip:** Detachable clip conveniently attaches to your belt or bag, and converts into a kickstand for hands-free viewing.
- **Enhanced Screen & Camera Protection:** Features 2.6mm raised camera edges and 2.3mm raised screen edges to prevent direct impact and scratches.
- **Integrated Screen Protector:** A tempered glass screen protector is included to guard against fingerprints,

smudges, and scratches.

- **Non-slip Grip:** Texturized bumper grip reduces the risk of accidental drops.
- **MagSafe Compatibility:** Designed to work seamlessly with MagSafe accessories.

Camera and Screen Protection

Raised Bezel Protects Your Phone from Unwanted Scratches

4. SETUP AND INSTALLATION

Follow these steps to properly install your M MYBAT PRO Maverick Series Case and screen protector:

1. **Disassemble the Case:** Gently peel off the outer rubber cover from the inner hard plastic frame. Use your nail to lift the clips on both sides of the inner frame to separate the front and back pieces.
2. **Clean Your Phone Screen:** Use the provided screen cleaning kit (wipes and cloth) to thoroughly clean your iPhone 13 Pro screen, ensuring it is free of dust, smudges, and fingerprints.
3. **Apply Tempered Glass Screen Protector:** Carefully align the tempered glass screen protector with your phone's screen. Once aligned, gently press down from the center and use a card (or your finger) to push out any air bubbles towards the edges.
4. **Place Phone into Inner Frame:** Insert your iPhone 13 Pro into the inner hard plastic frame, ensuring all buttons and ports align correctly.
5. **Reassemble the Case:** Snap the front and back pieces of the inner hard plastic frame together around your phone. Then, carefully re-insert the assembled inner frame (with your phone) into the outer rubber cover, ensuring all edges are securely seated and ports are aligned.

5. OPERATING INSTRUCTIONS

5.1 Using the Belt Clip Holster

The detachable belt clip holster provides convenient and secure carrying options. Simply slide the case into the holster until it clicks into place. The clip can be rotated 360° to adjust the phone's orientation (vertical or horizontal) on your belt or bag.

5.2 Using the Kickstand Feature

The belt clip holster also functions as a kickstand. To activate, detach the phone case from the holster. The clip on the back of the holster can be extended to prop up your phone for hands-free viewing in either portrait or landscape mode.

5.3 MagSafe Compatibility

The case is designed with integrated magnets to support MagSafe accessories. Simply align your MagSafe charger or accessory with the back of the case for a secure connection and efficient wireless charging.

6. MAINTENANCE

To keep your case in optimal condition:

- Clean the case regularly with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- For the screen protector, use the provided cleaning cloth or a microfiber cloth to gently wipe away smudges and fingerprints.
- Ensure no debris accumulates between the phone and the case, as this can cause scratches over time. Periodically remove the case and clean both your phone and the inside of the case.

7. TROUBLESHOOTING

If you encounter any issues with your case:

- **Improper Fit:** Ensure the case is fully disassembled before installation and that all clips are securely fastened. Double-check that your phone model is compatible with this specific case.
- **Screen Protector Bubbles:** If bubbles appear after installation, gently press them towards the nearest edge using a soft card or cloth. If persistent, carefully re-lift and reapply the screen protector after ensuring the screen is completely clean.
- **Buttons Not Responsive:** Verify that the phone is correctly seated within the inner frame and that the outer rubber layer is properly aligned over the buttons.
