3. SETUP AND ASSEMBLY

The Yaheetech Double Bed Frame is designed for straightforward assembly. All necessary tools and

numbered parts are included. The estimated assembly time is approximately 1 hour with two people.

Before You Begin:

1. Unpack all components and verify against the parts list in your included instruction manual.
2. Lay out all parts on a clean, soft surface (e.g., a carpet or blanket) to prevent scratches.
3. Ensure you have enough space for assembly.
4. Keep children and pets away from the assembly area.

Assembly Steps:

Follow the detailed, step-by-step instructions provided in the physical manual included with your product. The general process involves:

- Attaching the headboard and footboard components.
- Connecting the side rails to the headboard and footboard.
- Installing the central support beams and legs.
- Securing the metal slats into their designated slots.

4. USAGE AND OPERATION

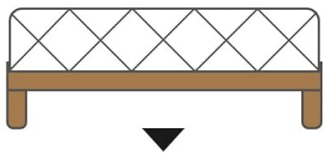

Once assembled, the Yaheetech Double Bed Frame is ready for use. Place your mattress directly onto the metal slats; a box spring is not required.

Key Usage Points:

- **Mattress Placement:** Position your mattress centrally on the slats. The integrated anti-slip baffles are designed to minimize mattress shifting during use.
- **Headboard Functionality:** The high headboard provides a comfortable backrest for reading or relaxing in bed.
- **Under-bed Storage:** Utilize the 32 cm clearance beneath the frame for storing items in bins or baskets, helping to maintain a tidy bedroom environment.

5. MAINTENANCE

To ensure the longevity and appearance of your Yaheetech Double Bed Frame, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the powder-coated finish.
- **Regular Checks:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Foot Caps:** Ensure the rubber foot caps are intact and securely in place to protect your flooring.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, please refer to the following common solutions:

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws on the

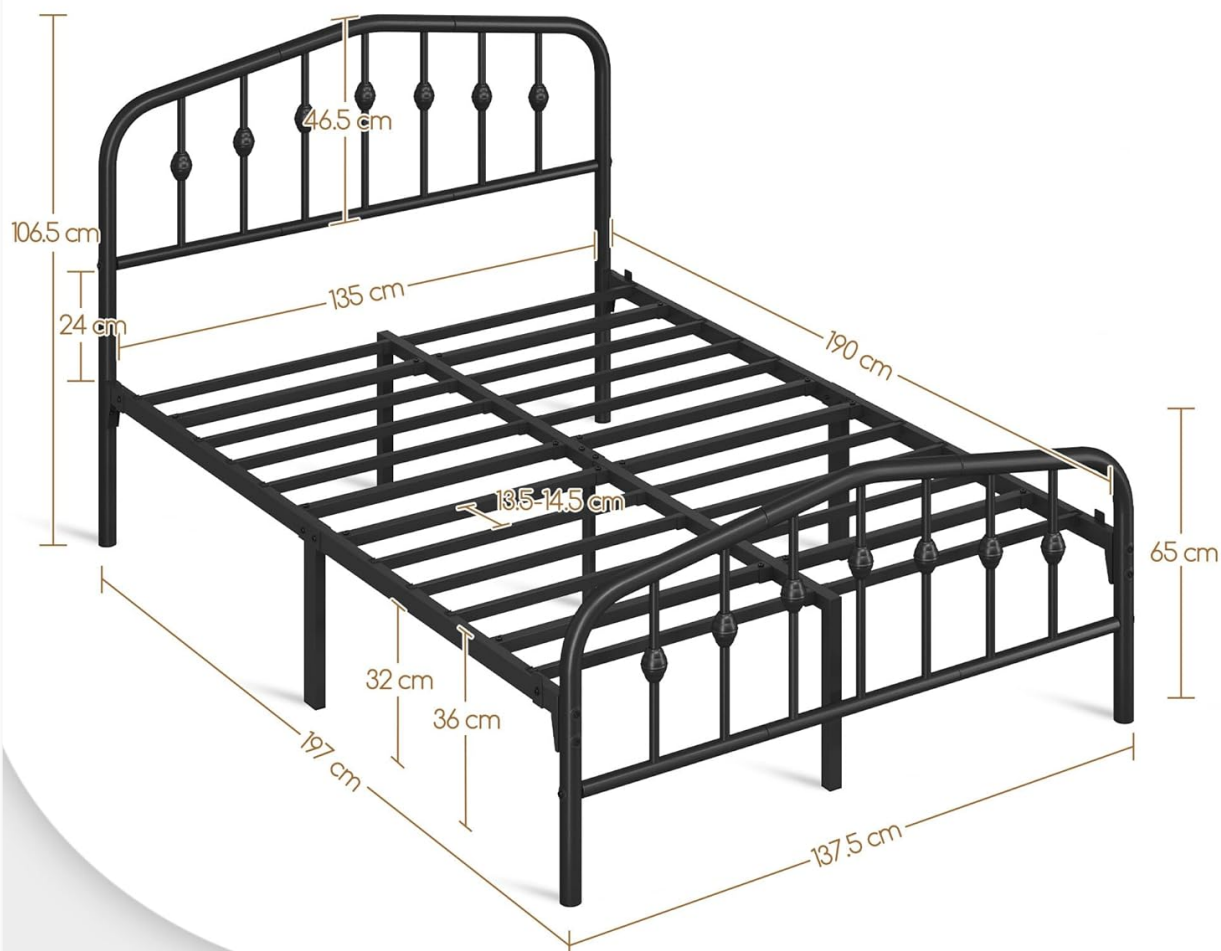

frame. Ensure slats are properly seated in their holders.

- **Mattress Sliding:** Verify that the anti-slip baffles are correctly installed and positioned. If the mattress still slides, consider using a non-slip mattress pad.
- **Instability/Wobbling:** Check that all frame components are fully engaged and all fasteners are securely tightened. Ensure the bed frame is on a level surface.
- **Missing Parts:** If you find any parts missing upon unboxing, please contact Yaheetech customer support with your purchase details.
