

## Intoval Y302

# Intoval Fast Charging Station for MagSafe Apple Devices

MODEL: Y302

## PRODUCT OVERVIEW

The Intoval Fast Charging Station is a versatile 3-in-1 wireless charger designed to efficiently power your Apple devices. This magnetic charging stand is compatible with MagSafe iPhones (iPhone 12/13/14/15/16 series), Apple Watch, and AirPods (with wireless charging case). It features N52 magnets for precise alignment, NanoStabilize™ technology for quiet and safe charging, and a sleek, minimalist design with an ambient light indicator.

The Intoval Fast Charging Station, designed for simultaneous charging of iPhone, Apple Watch, and AirPods.

## WHAT'S IN THE BOX

- 1 x Intoval Fast Charging Station
- 1 x 20W Quick Charge Adapter
- 1 x USB-C to USB-C Cable
- 1 x User Manual (this document)

## SPECIFICATIONS

Feature	Detail
---------	--------

Feature	Detail
Product Dimensions	4.72 x 3.11 x 5.04 inches
Item Weight	12 ounces
Model Number	Y302
Brand	Intoval
Connectivity Technology	Wireless
Connector Type	USB C to C
Input Voltage	9 Volts (DC)
Special Features	Charging Indicator, Fast Charging, Magnetic, MagSafe Compatible, Wireless Charging
Color	Black
Mounting Type	Tabletop Mount

## SETUP GUIDE

### 1. Unpacking and Initial Inspection

Carefully remove all components from the packaging. Inspect the charging station, adapter, and cable for any signs of damage. If any damage is found, do not proceed with setup and contact customer support.

### 2. Connecting to Power

1. Connect the provided USB-C to USB-C cable to the USB-C port on the back of the Intoval Fast Charging Station.
2. Plug the other end of the USB-C cable into the provided 20W Quick Charge Adapter.
3. Insert the 20W Quick Charge Adapter into a standard wall outlet.
4. The ambient light on the base of the charging station will illuminate, indicating it is powered on and ready for use.

# Future-Ready Type-C Charging: Includes PD Cable & Adapter

The charging station includes a PD cable and adapter for efficient power delivery.

## OPERATING INSTRUCTIONS

The Intoval Fast Charging Station allows for simultaneous charging of your iPhone, Apple Watch, and AirPods.

### 1. Charging iPhone (MagSafe Compatible)

- Align your MagSafe-compatible iPhone (iPhone 12/13/14/15/16 series) with the magnetic charging pad on the stand. The N52 magnets will securely hold your device in place and ensure optimal charging alignment.
- The ambient light on the base will indicate charging status.

# Unrivalled Magnetic Grip: Powered by Enhanced N52 Magnets

	Intoval N52	Other Non-N52
 Strength	Powerful	Basic
 Lifespan	Enduring	Short-lived
 Performance	Consistent	Inconsistent
 Compatibility	Tailored for iPhone	General Purpose

The powerful N52 magnets ensure a secure and precise connection for your iPhone.

## 2. Charging Apple Watch

- Place your Apple Watch on the dedicated charging puck located on the side of the stand. The watch will magnetically snap into place.

## 3. Charging AirPods

- Place your AirPods (with wireless charging case) on the wireless charging pad located at the base of the stand.
- **Note:** AirPods 3/2 require a wireless charging case to be compatible with this charging station.

# Fast & Safe NanoStabilized™ Charging

	Intoval Stabilized Charging	Other Unstabilized Charging
 Efficiency	High	Low
 Heat	Minimal	Excessive
 Battery Health	Optimized	Compromised
 Charging Safety	Protected	Risky
 User Experience	Reliable	Unpredictable

\*Comparative data verified by Intoval & Independent Test Labs."

The sleek design includes a touch-sensitive ambient light that indicates charging progress.

## COMPATIBILITY

The Intoval Fast Charging Station is designed for seamless integration with the Apple ecosystem. It supports the following devices:

- **iPhones:** iPhone 16, iPhone 15, iPhone 14, iPhone 13, iPhone 12 series (MagSafe compatible models).
- **Apple Watch:** Apple Watch Series 2-9, SE, Ultra/Ultra 2.
- **AirPods:** AirPods Pro/Pro 2, AirPods 4, AirPods 3, AirPods 2 *(Note: Only supports AirPods with wireless charging cases).*

## Perfect Sync with Apple Eco-System

iPhone 16 Pro Max  
iPhone 16 Pro  
iPhone 16 Plus  
iPhone 16  
iPhone 15 Pro Max  
iPhone 15 Pro  
iPhone 15 Plus  
iPhone 15  
iPhone 12 ~ 14 Series

Apple Watch Series 10  
Apple Watch S9~1  
Apple Watch Ultra 2  
Apple Watch Ultra

AirPods 4  
AirPods 3  
AirPods Pro 2  
AirPods Pro

2/1 with wireless charging case

The charging station offers perfect synchronization with your Apple devices.

## MAINTENANCE

To ensure the longevity and optimal performance of your Intoval Fast Charging Station, please follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surface of the charging station. Avoid using abrasive cleaners, solvents, or harsh chemicals.
- **Environment:** Keep the device in a dry environment, away from direct sunlight, extreme temperatures, and high humidity.
- **Handling:** Handle the charging station with care. Avoid dropping it or subjecting it to strong impacts.
- **Disassembly:** Do not attempt to disassemble or modify the charging station. This will void the warranty and may cause damage to the device.

## TROUBLESHOOTING

If you encounter any issues while using your Intoval Fast Charging Station, please refer to the following common problems and solutions:

### Problem: Device Not Charging

- **Power Connection:** Ensure the 20W quick charge adapter and USB-C to USB-C cable are securely connected to both the charging station and a working wall outlet.
- **Device Placement:** Verify that your iPhone, Apple Watch, or AirPods are correctly aligned on their respective charging areas. For iPhones, ensure the MagSafe connection is firm.
- **Phone Case Compatibility:** If your iPhone is not attaching or charging, check if your phone case is MagSafe compatible. Non-MagSafe cases, metal cases, cases with card holders, or cases thicker than 5mm may interfere with charging.

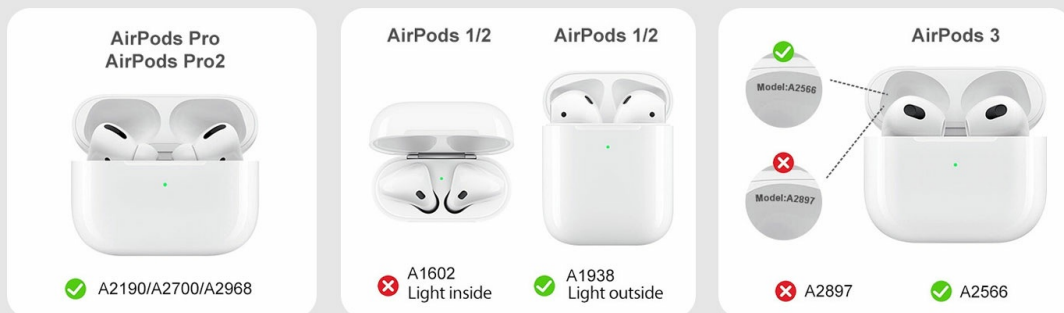

### Why Does My Phone Not Attach To The Charger?

Ensure your phone case is compatible for proper magnetic attachment and charging.

- **AirPods Case:** Confirm that your AirPods are in a wireless charging case. Older AirPods models or cases without wireless charging capabilities will not work.

### How To Know If My AirPods Supports Wireless Charging?

\*Note: Please check the model name in the upper left corner of the charging case to determine whether the AirPods support wireless charging

Verify your AirPods model and case for wireless charging support.

### Problem: Slow Charging

- **Power Adapter:** Ensure you are using the original 20W Quick Charge Adapter and USB-C to USB-C cable provided with the product. Using lower-power adapters may result in slower charging speeds.
- **Background Apps:** Close any unnecessary background applications on your device that might be consuming excessive power.
- **Temperature:** Extreme temperatures can affect charging efficiency. Ensure the charging station is in a well-ventilated area.

## WARRANTY AND SUPPORT

The Intoal Fast Charging Station is covered by a standard manufacturer's warranty against defects in materials and workmanship. The warranty period typically begins from the date of purchase. For specific warranty terms, technical assistance, or customer support, please refer to the warranty card included with your product or visit the official Intoal website. You can also reach out to customer service through the platform where you purchased the product.

For more information and to explore other Intoal products, please visit the [Intoal Store on Amazon](#).
