## MikoDream WT-Q11

# MikoDream 3-in-1 Wireless Charging Station User Manual

Model: WT-Q11

Brand: MikoDream

## INTRODUCTION

This user manual provides comprehensive instructions for the MikoDream 3-in-1 Wireless Charging Station, Model WT-Q11. This versatile device integrates an alarm clock, night light, and a multi-device wireless charging dock for iPhone, Apple Watch, and AirPods, designed to simplify your charging experience and declutter your space.

Image: Overview of the MikoDream 6-in-1 Wireless Charging Station, highlighting its various functions including phone charger, Airpod charger, Watch charger, Alarm Clock, Night Light, and Phone Stand.

## WHAT'S IN THE BOX

Verify that all components are present upon unboxing:

- 1 x 3-in-1 Charging Station (Alarm Clock + Night Light included)
- 1 x USB Type-C Cable

- 1 x 18W USB Wall Charger

## SETUP GUIDE

1. **Power Connection:** Connect the provided USB Type-C cable to the charging port on the back of the device. Plug the other end of the cable into the 18W USB Wall Charger, then plug the charger into a standard wall outlet.

Image: The MikoDream 3-in-1 Charging Station connected to its power adapter and USB-C cable, ready for use.

2. **Initial Power On:** The digital clock display will illuminate upon successful power connection.

## OPERATING INSTRUCTIONS

### 1. Setting the Clock and Alarm

- **Time Format:** Click the "M" button to switch between 12-hour and 24-hour time formats.
- **Setting Time:** Press and hold the "M" button to enter time setting mode. Use the "+" and "-" buttons to adjust hours and minutes. Press "M" again to confirm and move to the next setting.
- **Setting Alarm:** Press the alarm icon button to enter alarm setting mode. Use the "+" and "-" buttons to set the alarm time. Press the alarm icon button again to confirm.
- **Alarm On/Off:** Short press the alarm icon button to toggle the alarm on or off.

**NEW**  
**UPGRADE!** ⚡ **Added 12-hours format**

Image: Close-up of the digital alarm clock display, showing the time and indicating the new 12-hour format feature.

## 2. Wireless Charging Functions

- **Phone Charging:** Place your compatible iPhone (12/13/14/15 series) directly onto the magnetic charging pad. For other Qi-enabled phones, ensure they are equipped with a Mag-Safe compatible case for optimal magnetic alignment and charging.
- **Apple Watch Charging:** Place your Apple Watch onto the dedicated watch charging area.
- **AirPods Charging:** Place your AirPods (with wireless charging case) into the designated AirPods charging slot.

### 3. Night Light Operation

- **Turn On/Off:** Short press the light bulb icon button to turn the night light on or off.
- **Change Color:** While the light is on, short press the light bulb icon button to cycle through the 3 available light colors.
- **Adjust Brightness:** Long press the light bulb icon button to adjust the brightness of the night light. Release when desired brightness is reached.

# DIMMABLE NIGHT LIGHT

## 3 LIGHT COLORS & BRIGHTNESS ADJUSTABLE

Long Press  for Dimming

#### 4. Phone Stand Functionality

- The magnetic charging pad also functions as a phone stand, allowing you to view your device vertically or horizontally while charging.
- **Note:** For stable phone stand functionality, your phone must have a MagSafe feature (iPhone 12-15 series) or be used with a MagSafe compatible case.

## WHEN WORK AS A PHONE STAND ⚡

The phone needs to have MagSafe feature

iPhone 12
