WHAT'S IN THE BOX

- Apple Watch Series 9
- Apple Watch Band (Storm Blue Sport Band S/M)
- 1m Magnetic Charging Cable

SETUP

To begin using your Apple Watch Series 9, ensure your iPhone is updated to the latest iOS version. Bring your iPhone near your Apple Watch to initiate the pairing process. Follow the on-screen instructions on both devices to complete setup, including Apple ID sign-in, passcode creation, and feature activation.

OPERATING THE APPLE WATCH

The Apple Watch Series 9 features an S9 chip that enables a superbright display and a new way to interact

without touching the screen. Redesigned apps in watchOS provide more information at a glance.

Double Tap Gesture

A magical new way to quickly and easily interact with your Apple Watch without touching the screen. This gesture allows you to perform primary actions in many apps by tapping your index finger and thumb together.

Display

The Always-On Retina display is now even brighter, enhancing visibility in various lighting conditions.

ACTIVITY AND FITNESS

Your Apple Watch is a powerful fitness partner:

- **Workout App:** Access a range of ways to train with advanced metrics for insights into your workout performance.
- **Apple Fitness+:** Enjoy three months of Apple Fitness+ free with your purchase, offering guided workouts.
- **Activity Rings:** Track your daily movement, exercise, and standing goals.

OTHER FUNCTIONS

- **Apple Pay:** Make secure payments directly from your wrist.
- **Automatic Mac Unlocking:** Unlock your Mac automatically when your Apple Watch is nearby.

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Apple Watch Series 9, follow these care guidelines:

- **Cleaning:** Regularly clean your Apple Watch and band with a soft, lint-free cloth. For stubborn dirt, slightly dampen the cloth with fresh water. Avoid harsh chemicals or abrasive materials.
- **Water Resistance:** The Apple Watch Series 9 is water resistant to 50 meters. It can be used for shallow-water activities like swimming in a pool or ocean. However, it should not be used for scuba diving, waterskiing, or other activities involving high-velocity water or submersion below shallow depths.
- **Charging:** Use the provided 1m Magnetic Charging Cable. Ensure the charging puck is clean and free of debris for efficient charging.
- **Storage:** Store your Apple Watch in a cool, dry place when not in use. Avoid extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your Apple Watch, consider the following common solutions:

- **Not Pairing:** Ensure your iPhone's Bluetooth is on and both devices are charged. Restart both your iPhone and Apple Watch.
- **Battery Drain:** Check for apps running in the background. Adjust display brightness and disable unnecessary notifications. Ensure 'Always-On Display' is off if extended battery life is desired.
- **Inaccurate Readings:** Ensure the watch is snug on your wrist. Clean the back sensors regularly.
- **Software Issues:** Ensure your Apple Watch and iPhone are running the latest software versions. A force restart (press and hold both the side button and Digital Crown for at least 10 seconds) can resolve minor glitches.
- **Water Ejection:** If water enters the speaker, use the Water Lock feature to eject it.
