

Cotiro Cotiro C11B

Cotiro C11B Cordless Stick Vacuum Cleaner Instruction Manual

Model: C11B

1. INTRODUCTION

Thank you for choosing the Cotiro C11B Cordless Stick Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new appliance. Please read this manual thoroughly before use and retain it for future reference.

2. PRODUCT FEATURES

- **High Powerful Motor:** Equipped with a brushless motor for energy efficiency and longevity. Features 4 suction modes for various cleaning needs on carpet and hardwood floors.
- **60 Mins Runtime and Detachable Battery:** Comes with a detachable high-performance battery (7-cell included) offering up to 60 minutes of continuous working time. Charging time is approximately 3.5-4 hours.
- **LED Touch Screen and Flexible Floor Brush Headlights:** Offers real-time information and controls for Auto, Low, Mid, Max 4 suction modes. Headlights illuminate concealed areas for thorough cleaning.
- **High Efficiency Filtration System:** Features HEPA and cyclone filtration for effective home and car cleaning.
- **Retractable Wand and Multifunctional Combinations:** Includes household handheld and stick accessories for cleaning dust, crumbs, and pet hair from various surfaces. Lightweight design for effortless lifting.

3. WHAT'S IN THE BOX & SETUP

Your Cotiro C11B vacuum cleaner comes with the following components:

Image: All components included in the Cotiro C11B package, laid out for easy identification. This includes the main motor unit, floor brush, battery, instruction manual, charger with wall mount, outer cyclone cone, 2-in-1 dust brush, crevice nozzle, inner cyclone cone, HEPA filter, and telescopic duct.

1. Main Motor Unit
2. Floor Brush
3. Battery Pack
4. Instruction Manual
5. Charger & Wall Mount
6. Outer Cyclone Cone
7. 2-in-1 Dust Brush
8. Crevice Nozzle
9. Inner Cyclone Cone
10. HEPA Filter
11. Telescopic Duct

Assembly

To assemble your vacuum cleaner:

1. Attach the telescopic duct to the main motor unit.
2. Connect the desired cleaning head (floor brush or accessory) to the other end of the telescopic duct.
3. Ensure the battery pack is securely inserted into the main motor unit.

4. OPERATING INSTRUCTIONS

Power On/Off and Suction Modes

The vacuum cleaner features an LED touch screen for easy control. Press the power button to turn the unit on or off. Use the touch screen to select from 4 suction modes: Auto, Low, Mid, and Max, depending on your cleaning needs.

Image: Close-up of the vacuum cleaner's LED touch screen displaying battery level, current suction mode (Eco, Mid, Max), and other indicators.

Flexible Floor Brush with Headlights

The floor brush is designed with LED headlights to illuminate dark areas, ensuring no dust or debris is missed. Its flexible design allows for easy maneuverability around furniture and into tight spaces.

VARIOUS ACCESSORIES

Suitable for a variety of locations

Image: The vacuum cleaner's floor brush head with its LED lights illuminated, demonstrating its ability to reach under furniture and navigate corners with 90-degree up/down and 180-degree left/right rotation.

Versatile Cleaning with Accessories

Utilize the retractable wand and various accessories (2-in-1 dust brush, crevice nozzle) to adapt the vacuum for different cleaning tasks, from floors to upholstery and tight corners.

Image: Demonstrates the versatility of the vacuum cleaner, showing it used as a stick vacuum for floors, a handheld vacuum for upholstery, and with a crevice tool for narrow spaces.

Video: A short preview video from the seller demonstrating the vacuum cleaner's ability to vacuum and mop, highlighting its ease of use on various floor types.

5. MAINTENANCE

Emptying the Dustbin

The vacuum cleaner features a one-button dust disposal system. Simply press the release button on the dustbin to empty its contents without direct contact with debris.

KEEP YOUR HANDS CLEAN

Dispose of garbage with one button

Removable & washable

Image: Illustrates the one-button dust disposal feature, showing debris being released from the dustbin into a trash receptacle, and the removable/washable filter components.

Cleaning Filters

The HEPA filter and cyclone components are removable and washable. Regularly clean these filters to maintain optimal suction performance. Ensure filters are completely dry before reinserting them into the vacuum cleaner.

Battery Charging

The detachable battery can be charged directly on the main motor unit or separately using the provided charger. A full charge takes approximately 3.5-4 hours and provides up to 60 minutes of runtime.

6. TROUBLESHOOTING

- **No Power:** Ensure the battery is fully charged and correctly inserted. Check the charger connection if charging.
- **Reduced Suction:** Check if the dustbin is full and empty it. Clean the HEPA filter and cyclone components. Ensure there are no blockages in the nozzle, wand, or brush head.
- **Brush Roll Not Spinning:** Check for hair or debris tangled around the brush roll and remove any obstructions.
- **Unusual Noise:** Turn off the vacuum immediately and check for any foreign objects or blockages in the air path or brush roll.
