PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- 1 x Garden Bed with Trellis
- 1 x User Guide (this manual)
- All necessary hardware for assembly

SETUP AND ASSEMBLY

Assembly of the Giantex Raised Garden Bed is designed to be straightforward. It is recommended to have a second person assist with the assembly process for ease and stability, especially when handling larger components. Please follow the included hardware and instructions carefully.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify all parts against the included parts list.
2. **Assemble Planter Box:** Begin by connecting the side panels and bottom pieces of the planter box using the provided screws. Ensure all connections are secure.

3. **Attach Trellis Panels:** Securely attach the two vertical trellis panels to the designated slots on the planter box.
4. **Install Hanging Roof Structure:** Connect the horizontal beams that form the hanging roof to the top of the trellis panels and the main frame. Ensure the structure is level and stable.
5. **Final Tightening:** Once all components are in place, gently tighten all screws to ensure the entire structure is firm and wobble-free. Avoid over-tightening to prevent damage to the wood.

OPERATING INSTRUCTIONS

The Giantex Raised Garden Bed is designed for versatile planting and easy maintenance.

Planting

- **Soil Preparation:** Fill the planter box with appropriate potting mix or garden soil suitable for your chosen plants. The

roomy planter box allows for healthy root growth.

- **Plant Selection:** The divided design of the planter box allows for categorization of plants. Plant flowers, vegetables, fruits, or herbs in the main planter sections.
- **Trellis Use:** Utilize the two vertical side trellises for climbing plants such as ivy, grape vines, or other vine plants. Gently guide the growing vines onto the trellis structure.
- **Hanging Roof:** The spacious hanging roof provides an ideal spot for basket plants, creeping plants, or decorative items. Ensure hanging items do not exceed the structural capacity.

Watering and Drainage

The garden bed features an advanced drainage system to prevent overwatering. It includes 8 drainage holes (0.8" diameter) and proper bottom gaps.

- **Watering:** Water your plants as needed, allowing excess water to drain through the bottom.
- **Drainage:** The integrated drainage holes and bottom gaps ensure efficient water removal, providing an ideal growing environment and eliminating the worry of root rot due to standing water.

MAINTENANCE

Proper maintenance will extend the lifespan and preserve the appearance of your Giantex Raised Garden Bed.

- **Cleaning:** Regularly wipe down the wooden surfaces with a damp cloth to remove dirt and debris. Avoid harsh chemicals that may damage the wood or its finish.
- **Wood Care:** The garden bed is crafted from natural fir wood with all-weather resistant paint. While durable, periodic inspection for any signs of wear or damage is recommended. Reapply a wood sealant or paint if necessary to maintain its protective coating, especially in harsh weather conditions.
- **Drainage Holes:** Periodically check the drainage holes and bottom gaps to ensure they are clear of soil or root blockages.
- **Structural Integrity:** Occasionally check all screws and connections to ensure they remain tight. Retighten if any looseness is detected.
