## XJD KF-T02

# XJD 5-in-1 Toddler Bike Instruction Manual

Model: KF-T02

Brand: XJD

## PRODUCT OVERVIEW

The XJD 5-in-1 Toddler Bike is a versatile riding toy designed to adapt to your child's developmental stages from 12 months to 3 years old. It seamlessly transitions between multiple modes to support balance, steering, coordination, and confidence.

- **Recommended Ages:** 12 months - 3 years old.
- **Modes:** Three-wheel mode (12-24 months), Two-wheel balance bike mode (2-3 years old).
- **Features:** Adjustable handlebar and seat height, removable pedals, safety carbon steel frame, durable wide silent wheels, soft handle grips and seat.

## SAFETY INFORMATION

---

### Please ride with an adult.

- Always supervise children during use.
- Ensure all parts are securely fastened before each ride.
- Do not use on public roads or near motor vehicles.
- Always wear appropriate safety gear, including a helmet.

## SETUP AND ASSEMBLY

---

The XJD Toddler Bike is designed for easy assembly. You will primarily need to install the handlebar and seat, and convert modes as desired.

### Initial Assembly

1. Unpack all components from the box.
2. Insert the handlebar into the front fork stem. Ensure it clicks securely into place.
3. Insert the seat post into the frame. Adjust to the desired height and secure with the quick-release clamp.

### Converting to Different Modes

The bike offers multiple configurations. To switch between modes (e.g., from tricycle to balance bike), locate the red buttons or levers on the rear wheel assembly. Press these buttons to fold or extend the rear wheels. Pedals can be easily attached or detached from the front wheel.

## OPERATING INSTRUCTIONS

### Adjusting Handlebar and Seat

- The handlebar can be adjusted for angle and height to suit your child's comfort and control.
- The seat height is adjustable from 11.8 inches to 14.2 inches, allowing the bike to grow with your child.

### Mode Usage

- **Three-Wheel Mode (Tricycle/Pedalless Tricycle):** Ideal for younger toddlers (12-24 months) to develop basic motor skills and stability. Pedals can be attached or stored on the frame.
- **Two-Wheel Balance Bike Mode:** Recommended for children aged 2-3 years. This mode helps children learn balance and steering without the distraction of pedals, preparing them for a traditional two-wheel bicycle.

### 5 in 1 Toddler Bike

For 1-3 Year Olds

## MAINTENANCE

- **Cleaning:** Wipe down the bike with a damp cloth and mild soap as needed. Avoid harsh chemicals.
- **Inspection:** Regularly check all bolts, screws, and moving parts to ensure they are tight and functioning correctly.
- **Wheels:** The durable wide silent wheels are designed for various surfaces. Inspect them periodically for wear and tear.
- **Storage:** Store the bike in a dry place away from direct sunlight and extreme temperatures to prolong its lifespan.

Image: A close-up of the bike's frame, emphasizing its sturdy carbon steel construction designed for durability.

## TROUBLESHOOTING

- **Loose Parts:** If any parts feel loose, tighten them using appropriate tools. Do not overtighten.
- **Difficulty Switching Modes:** Ensure the release buttons/levers are fully engaged when attempting to switch modes. Do not force the mechanism.
- **Unstable Ride:** Check that the rear wheels are securely locked in the desired position (wide for tricycle, narrow for balance bike). Ensure the seat and handlebar are adjusted correctly for your child's height.

## SPECIFICATIONS

Feature	Detail
Model Name	KF-T02
Brand	XJD
Color	Black
Material	Carbon Steel
Item Weight	6 Pounds
Item Dimensions (LxWxH)	25.98 x 17.7 x 19 inches
