## PAWZ Road 51-Inch Wooden Cat Tower and Cat Tunnel Bed Instruction Manual

Model: B0CTFCTCWK

### 1. INTRODUCTION

Thank you for choosing the PAWZ Road 51-Inch Wooden Cat Tower Bundle with Cat Tunnel Bed. This product is designed to provide a multi-level activity center for your cats, featuring scratching posts, perches, condos, and a versatile tunnel bed. This manual provides essential information for assembly, operation, maintenance, and troubleshooting to ensure safe and proper use of your product.

## 2. SAFETY INFORMATION

---

- Ensure all components are securely fastened during assembly to prevent instability.
- Place the cat tower on a flat, stable surface to minimize the risk of tipping.
- Regularly inspect the cat tower for loose parts, wear, or damage. Tighten screws and replace damaged components as needed.
- Keep small children away from the assembly area and supervise them when near the assembled product.
- This product is intended for indoor use by cats only.

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all parts listed below are present and undamaged. Refer to the included assembly diagram for specific component identification.

- Wooden Cat Tower components (platforms, condos, scratching posts, hardware)
- Cat Tunnel Bed (two semicircular tunnels, one round soft mat)
- Assembly instructions and tools (if provided)

## 4. SETUP AND ASSEMBLY INSTRUCTIONS

---

### 4.1 Cat Tower Assembly

Follow the step-by-step instructions provided in the separate assembly guide included with your product. Ensure all screws are tightened securely. The cat tower features a 6-level structure with double cat condos, a jumping platform, a napping pouch, and a lounging perch.

## Key Features for Assembly:

- **Large Square Condos:** Two condos, each measuring approximately 13.4"x13.4" (34cm x 34cm), provide enclosed spaces.
- **Extra Large Perch:** A top perch measuring approximately 17"x12" (43cm x 30cm) with raised rims for security.
- **Sisal Scratching Posts:** Multiple posts fully wrapped in sisal for claw maintenance.

### 4.2 Cat Tunnel Bed Setup

The cat tunnel bed consists of two semicircular tunnels and a round soft mat. These components can be combined in various ways or used separately.

1. **Circular Shape:** Connect the two semicircular tunnels to form a full circle. Place the round soft mat inside the circle for a cozy bed.
2. **S-Shape:** Connect the two semicircular tunnels in an S-shape for an extended play area. The mat can be placed at one end or used separately.
3. **Separate Use:** Each semicircular tunnel can be used individually, and the round soft mat can serve as a standalone bed.

## 5. OPERATING INSTRUCTIONS

Once assembled, place the cat tower in a suitable location within your home. Consider areas where your cat enjoys resting, playing, or observing its surroundings. The cat tunnel bed can be placed near the tower or in a separate area.

- Encourage your cat to explore the tower by placing treats or toys on different levels.
- The sisal posts are designed for scratching; redirect your cat to these posts if it scratches furniture.
- The condos and perch offer secure resting spots. The hammock provides a comfortable, elevated napping area.
- The tunnel bed offers a space for play, hiding, and rest. Its two peep holes allow for interactive play.

## 6. MAINTENANCE AND CARE

### 6.1 Cat Tower

- **Cleaning:** The high-quality veneer surfaces can be wiped clean with a damp cloth. The plush mats on the perches and inside the condos are removable and washable. Hand wash is recommended for these plush components.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten any loose fasteners to maintain stability.
- **Sisal Posts:** The sisal scratching posts are designed to withstand scratching. Replace if excessively worn.

### 6.2 Cat Tunnel Bed

- **Cleaning:** The long plush fabric of the tunnel bed and the central mat are soft and durable. Hand wash is recommended for cleaning.
- **Storage:** The tunnel bed is collapsible for easy storage when not in use.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cat Tower is wobbly.	Loose screws or uneven placement.	Ensure all screws are tightened. Place the tower on a flat, level surface.
Cat is not using the scratching posts.	Preference for other surfaces or unfamiliarity.	Encourage use by rubbing catnip on the posts or gently guiding your cat's paws to the sisal.
Cat is not using the condos/perches.	Unfamiliarity or preference for other resting spots.	Place treats, favorite toys, or a familiar blanket inside the condos or on perches to encourage exploration.
