## SETUP AND ASSEMBLY

---

The CALOWI wardrobe requires self-assembly. Please follow the detailed instructions provided in the packaging. Ensure all components are present before beginning assembly. It is recommended to assemble the wardrobe on a soft, clean surface to prevent scratches.

- Unpack and Verify:** Carefully unpack all boxes and verify that all parts listed in the assembly guide are present and undamaged. Refer to the parts list in your physical manual.
- Prepare the Area:** Choose a spacious, level area for assembly. Lay down a blanket or cardboard to protect the floor and furniture components.
- Assemble the Frame:** Begin by assembling the main frame of the wardrobe according to the step-by-step diagrams. Ensure all connections are secure.
- Install Shelves and Rails:** Insert the linen shelves and hanging rails into their designated positions. Note that the direction of the doors can be modified during assembly.
- Attach Sliding Door Mechanism:** Install the tracks and rollers for the sliding doors as per the instructions. Ensure smooth operation.
- Mount Doors:** Carefully lift and mount the sliding doors onto the tracks. Adjust as necessary for proper alignment and smooth gliding.
- Secure to Wall (Recommended):** For safety and stability, it is highly recommended to fix the wardrobe to the wall using the provided anti-tip hardware. This prevents accidental tipping.

**Important:** During delivery, it is advised to check that the correct number of packages has been delivered. The wardrobe comes in multiple packages (e.g., Package 1: L218 cm, W73 cm, H7 cm, Weight 54 kg; Package 2: L223 cm, W67 cm, H7 cm, Weight 51 kg; Package 3: L214 cm, W11 cm, H4 cm, Weight 42 kg; Package 4: L214 cm, W11 cm, H4 cm, Weight 35 kg).

## OPERATING INSTRUCTIONS

---

### Sliding Doors

The CALOWI wardrobe features two sliding doors. To open or close a door, gently grasp the integrated handle (prise de main) and slide it horizontally along the track. Ensure the path is clear of obstructions. Avoid forcing the doors if they encounter resistance.

## Storage Utilization

- **Linen Shelves:** Use the multiple shelves for folded clothing, linens, or accessories. Distribute weight evenly and do not exceed the maximum load capacity of 10 kg per shelf.
- **Hanging Rails:** Utilize the two hanging rails for garments that require hanging, such as shirts, dresses, or coats. Do not exceed the maximum load capacity of 10 kg per rail.
- **Mirror:** The integrated mirror provides convenience for dressing and can also help make your room appear larger.

## MAINTENANCE

---

Proper care will extend the life and appearance of your CALOWI wardrobe.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the finish. For the mirror, use a standard glass cleaner and a lint-free cloth.
- **Dusting:** Regularly dust all surfaces to prevent build-up.
- **Sliding Mechanism:** Periodically check the sliding tracks for any debris or dust that might hinder smooth operation. Clean the tracks with a dry cloth or a soft brush. Do not apply oil or grease to the tracks unless specifically instructed by the manufacturer.
- **Hardware:** Occasionally check all screws and fittings to ensure they remain tight. Retighten if necessary.
- **Avoid Overloading:** Do not exceed the specified weight limits for shelves and hanging rails to prevent damage or warping.

## TROUBLESHOOTING

---

If you encounter any issues with your CALOWI wardrobe, refer to the following common problems and solutions:

- **Doors are difficult to slide or get stuck:**
  - Check the sliding tracks for any obstructions (dust, small objects). Clean the tracks thoroughly.
  - Ensure the wardrobe is on a level surface. Uneven flooring can cause misalignment.
  - Verify that the door rollers are properly seated in the tracks and are not damaged.
  - Check if the wardrobe frame is square and stable. Re-tighten assembly screws if loose.
- **Wardrobe feels wobbly or unstable:**
  - Ensure all assembly screws are fully tightened.
  - Verify that the wardrobe is placed on a flat, level surface. Use shims if necessary to level it.
  - Confirm that the wardrobe is securely fixed to the wall using the anti-tip hardware. This is crucial for stability.
- **Mirror appears distorted or damaged:**
  - Inspect the mirror for cracks or chips. If damaged, contact customer support for replacement options.
  - Ensure the mirror is clean. Use a proper glass cleaner.

If the problem persists after attempting these solutions, please contact Vente-unique customer support.
