RL LIVE YOUR LIGHT R62101131

RL LIVE YOUR LIGHT Meo LED Ceiling Light

Model: R62101131

INTRODUCTION

Thank you for choosing the RL LIVE YOUR LIGHT Meo LED Ceiling Light. This modern lighting fixture is designed to enhance your living space with its unique curved design and efficient LED technology. This user manual provides important information regarding the installation, operation, maintenance, and troubleshooting of your new ceiling light. Please read this manual carefully before installation and keep it for future reference.

The MEO series ceiling lights impress with their unique curved design. The continuous light element makes this lamp a central eye-catcher in your living room and is convincing even when switched off, as a refined decorative object. The matte white finish perfectly complements modern interior concepts and gives your room a contemporary elegance. In addition, the lamp features modern LED technology characterized by high light quality and energy efficiency. Compared to traditional halogen bulbs, you can save up to 80% on energy costs. Furthermore, LED bulbs benefit from a long lifespan, low heat generation while preserving the environment.

SAFETY INSTRUCTIONS

To ensure safe operation and prevent damage, please observe the following safety precautions:

- Always disconnect the power supply before installation, maintenance, or cleaning.
- Installation should be performed by a qualified electrician in accordance with local electrical codes.
- Do not modify the product in any way. Unauthorized modifications may lead to electric shock, fire, or injury.
- This product is designed for indoor use only. Do not expose it to water or high humidity.
- Ensure the mounting surface can support the weight of the fixture.
- Do not look directly into the LED light source when illuminated.
- Keep packaging materials out of reach of children.

PACKAGE CONTENTS

Please check that all components are present and undamaged:

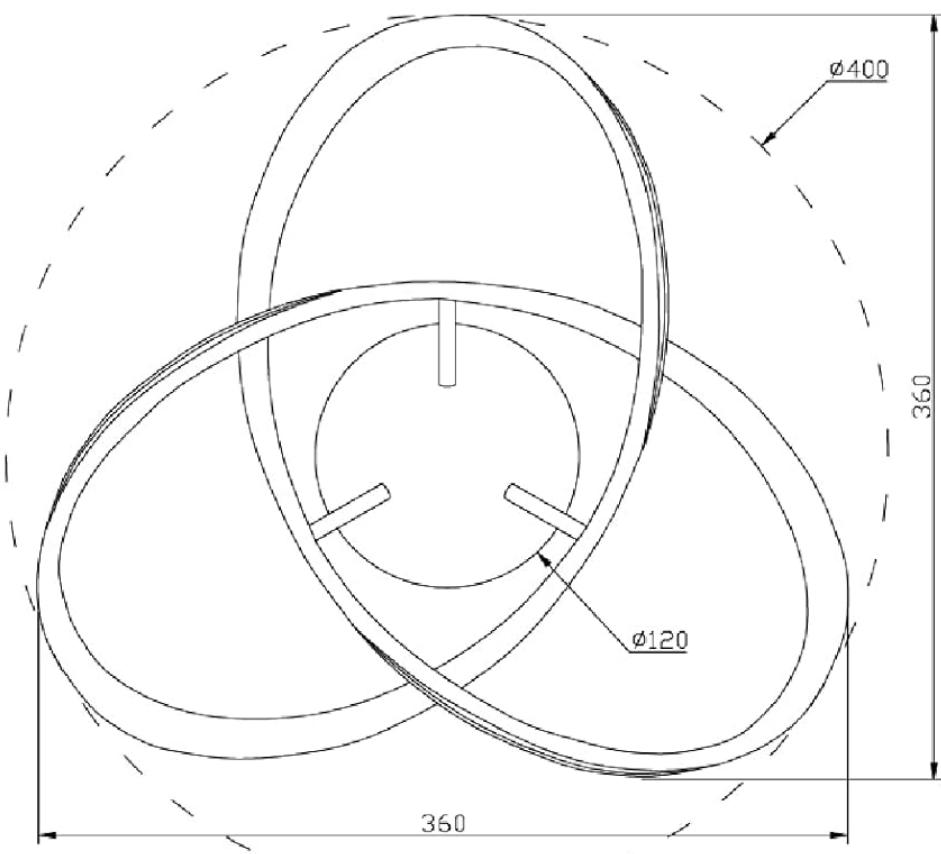

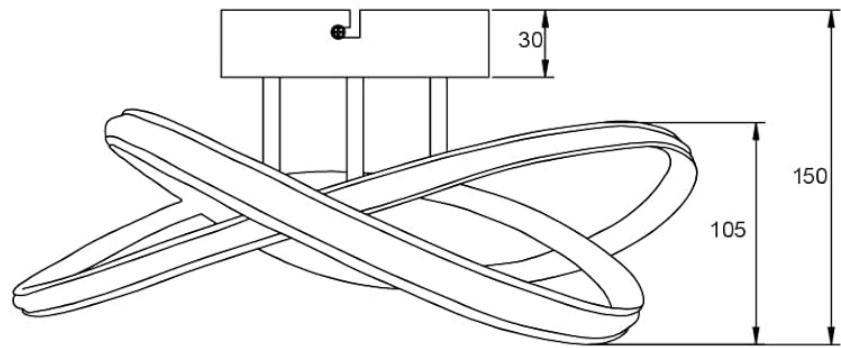

- 1 x Meo LED Ceiling Light Unit

- 1 x Mounting Hardware Kit (screws, wall anchors)
- 1 x User Manual

SETUP AND INSTALLATION

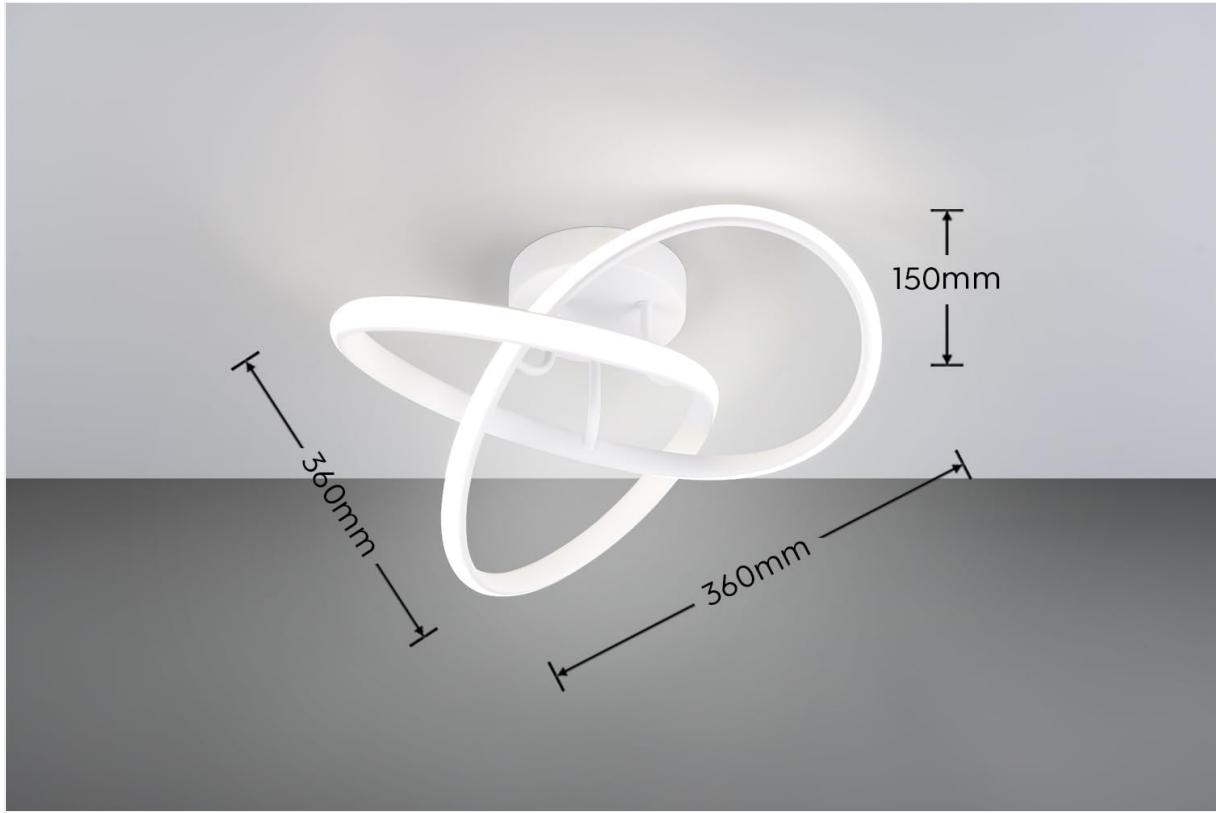

Follow these steps for proper installation:

1. **Turn off Power:** Before starting, ensure the main power supply to the installation area is turned off at the circuit breaker.
2. **Mark Drilling Points:** Use the mounting bracket as a template to mark the drilling points on the ceiling.
3. **Drill Holes:** Drill holes at the marked points using an appropriate drill bit for your ceiling material.
4. **Insert Wall Anchors:** Insert the provided wall anchors into the drilled holes.
5. **Connect Wiring:** Connect the electrical wires from the ceiling to the fixture's terminals. Ensure correct connection of Live (L), Neutral (N), and Ground (⏚) wires. If unsure, consult a qualified electrician.
6. **Mount Fixture:** Secure the fixture to the ceiling using the provided screws, ensuring it is firmly attached.
7. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

Detailed technical drawing showing mounting points and electrical connections for installation.

This diagram illustrates the key dimensions of the Meo LED Ceiling Light: 360mm width, 360mm depth, and 150mm height.

OPERATING INSTRUCTIONS

The Meo LED Ceiling Light is designed for simple operation:

- **Turning On/Off:** Control the light using a standard wall switch connected to the fixture's power supply.
- **Light Output:** The integrated LED provides a neutral white light at 4000 Kelvin, offering bright and consistent illumination for your space.

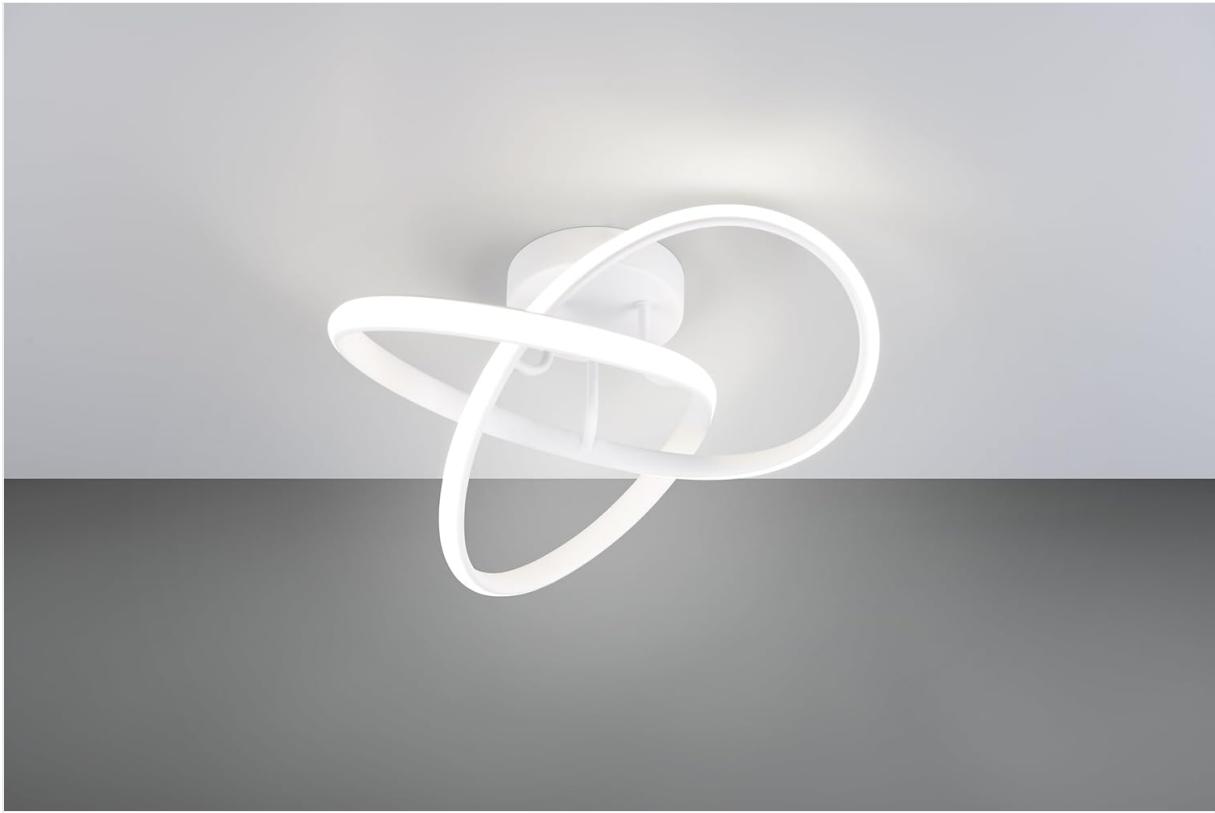

RL

live your light

*neutral***weiß**

The Meo LED Ceiling Light emits a neutral white light at 4000 Kelvin, ideal for a balanced and clear ambiance.

The Meo LED Ceiling Light provides bright, neutral white illumination, enhancing modern interiors.

MAINTENANCE AND CARE

To maintain the appearance and performance of your ceiling light:

- Cleaning:** Ensure the power is off before cleaning. Wipe the fixture with a soft, dry, or slightly damp cloth. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- LEDs:** The LED light source is integrated and not user-replaceable. Do not attempt to disassemble the light unit.
- Inspection:** Periodically check the fixture for any signs of damage or loose connections.

TROUBLESHOOTING

If you encounter issues with your Meo LED Ceiling Light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power supply. Loose wiring connection. Faulty wall switch.	Check circuit breaker and ensure power is on. Verify all wiring connections are secure (ensure power is off first). Test the wall switch or replace if necessary.
Light flickers.	Loose wiring. Incompatible dimmer (if applicable).	Check and secure all wiring connections. Ensure no dimmer is used, or if one is, that it is LED-compatible.
Light is dim.	Incorrect voltage. Dust accumulation.	Verify the voltage supply matches the product specifications. Clean the fixture gently with a soft cloth.

If the problem persists after attempting these solutions, please contact customer support or a qualified electrician.

TECHNICAL SPECIFICATIONS

Feature	Specification
Brand	RL LIVE YOUR LIGHT
Model	R62101131
Dimensions (L x W x H)	40 x 40 x 15 cm
Weight	650 grams
Power Consumption	15 Watts
Luminous Flux	1800 lm
Color Temperature	4000K (Neutral White)
Voltage	230V
Material	Metal
Light Source	Integrated LED
Energy Efficiency Class	E
Number of Light Sources	1
Style	Modern

The Meo LED Ceiling Light has an energy efficiency rating of E, indicating its energy consumption.

WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the terms and conditions provided by your retailer or contact the manufacturer directly. Keep your purchase receipt as proof of purchase.
