KEY FEATURES

Quick-Set Magnetic Stand

The case features ultra-strong magnets that seamlessly combine the case and tablet, allowing you to easily open the floating cantilever stand to the perfect angle for typing or browsing. This design ensures stability and ease of use.

Versatile Detachable Back Case

Stay protected with or without the keyboard

Figure 2: Quick-set magnetic stand for optimal viewing and typing angles.

Versatile Detachable Back Case & Multiple View Modes

The back case detaches from the keyboard, providing instant hands-on access with full-body protection. This allows for flexible usage, including a raised screen view for better posture during use, and a portrait mode for activities like FaceTime or reading documents.

Extended Battery Life

The keyboard features an independent power source, allowing for extended usage without draining your iPad's battery. Enjoy up to 1 year of standby time, 3 months of day use (2 hours/day with backlight off), or 1 week of night use (2 hours/day with backlight on) on a single charge.

Secure Magnetic Lock

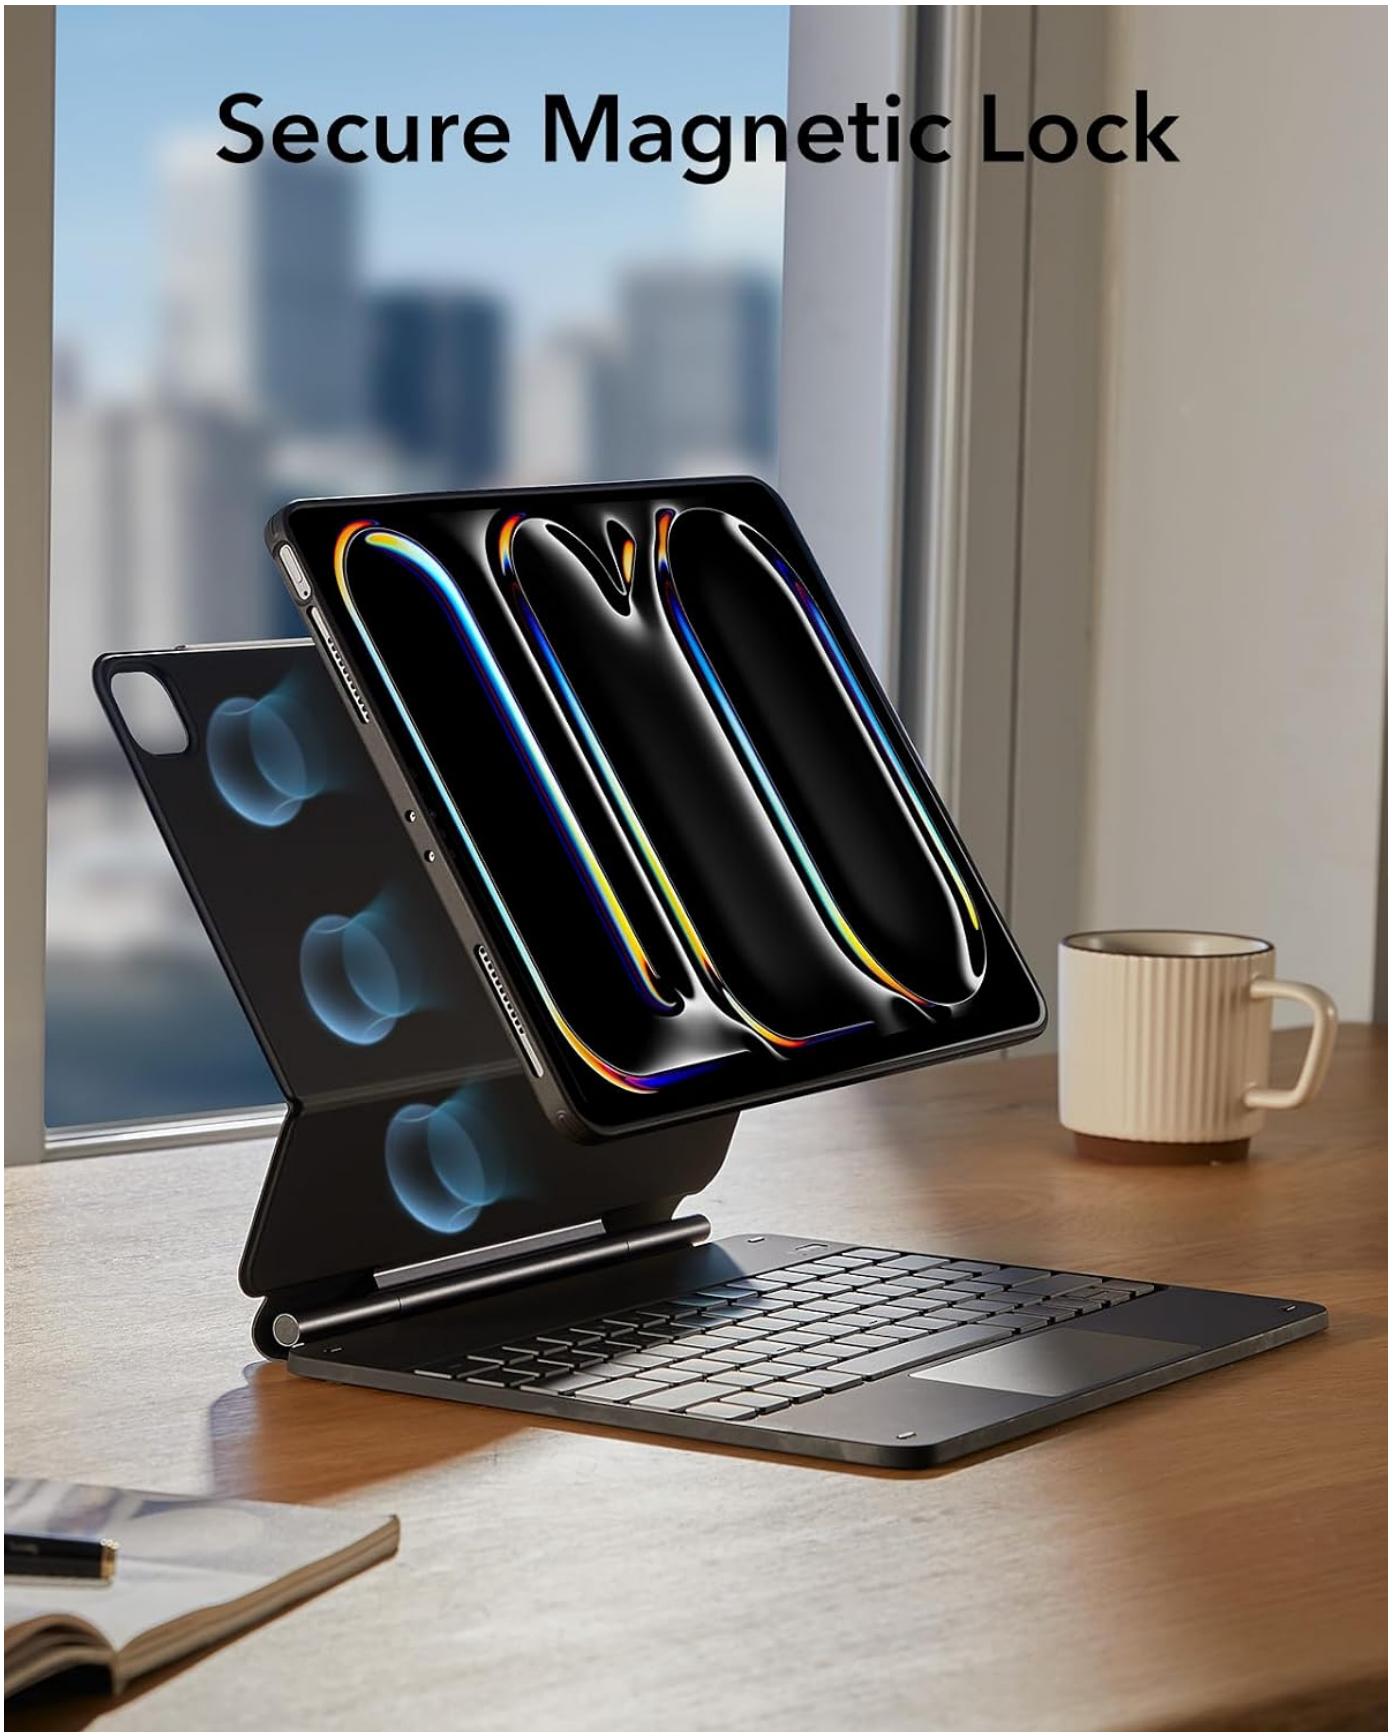

Figure 5: Impressive battery performance for prolonged use.

Secure Pencil Storage

A secure magnetic clasp keeps your case closed and your Apple Pencil securely stored and charged. This ensures your pencil is always ready when you need it and protected when not in use.

Do More, Charge Less

Standby 1 year

Day use¹ 3 months

Night use² 1 weeks

¹2 hours a day with backlit keys off ²2 hours a day with backlit keys on

SETUP GUIDE

1. **Charging the Keyboard:** Connect the provided USB cable to the keyboard's charging port and a power source. The keyboard has its own battery and needs to be charged separately.
2. **Inserting the iPad:** Gently place your iPad Pro 13-inch (2024) into the detachable back case. Ensure it snaps securely into place, providing full-body protection.

3. **Attaching to Keyboard:** Align the iPad in its detachable case with the magnetic hinge of the keyboard. The strong magnets will automatically secure the iPad to the keyboard.
4. **Bluetooth Pairing:**
 - Turn on the keyboard by pressing the power button.
 - On your iPad, go to Settings > Bluetooth and ensure Bluetooth is enabled.
 - Select "ESR Keyboard" from the list of available devices to pair.
 - Once paired, the keyboard's backlight will activate, indicating a successful connection.
5. **Apple Pencil Storage:** Place your Apple Pencil in the designated groove on the side of the detachable case. The magnetic clasp will secure it and allow for charging.

OPERATING INSTRUCTIONS

Viewing Modes:

- **Typing Mode:** Open the case and adjust the magnetic stand to your preferred angle for comfortable typing.
- **Viewing Mode:** Detach the iPad in its protective case from the keyboard. Use the built-in stand on the back case to prop up the iPad for media consumption or presentations.
- **Portrait Mode:** The detachable back case allows you to rotate the iPad to a vertical (portrait) orientation while still being supported by the magnetic stand, ideal for video calls or reading.

Keyboard and Trackpad Usage:

- **Backlit Keys:** The keyboard features backlit keys for use in low-light conditions. Adjust brightness and color settings as desired (refer to keyboard shortcuts for specific controls).
- **Trackpad Gestures:** The multi-touch trackpad supports standard iPadOS gestures for navigation, including tapping to click, two-finger scrolling, pinch-to-zoom, and three-finger swipes for multitasking.
- **Function Keys:** Utilize the dedicated function keys for quick access to iPadOS features such as media control, volume adjustment, and screen lock.

MAINTENANCE

- **Cleaning:** Use a soft, damp cloth to wipe down the exterior of the case and keyboard. Avoid harsh chemicals or abrasive materials.
- **Storage:** When not in use, ensure the iPad is securely closed within the case to protect both the screen and keyboard. Store in a cool, dry place.
- **Battery Care:** For optimal battery longevity, avoid fully discharging the keyboard battery frequently. Charge it regularly, especially if storing for extended periods.

TROUBLESHOOTING

- **Keyboard Not Connecting:**
 - Ensure the keyboard is charged and powered on.
 - Check iPad Bluetooth settings to confirm it's enabled and "ESR Keyboard" is selected.
 - Forget the device in Bluetooth settings and re-pair.
 - Restart both the iPad and the keyboard.
- **Trackpad Not Responding:**

- Ensure the keyboard is connected via Bluetooth.
- Check iPad Accessibility settings for Pointer Control and ensure it's enabled.
- Clean the trackpad surface for any debris.

- **Keys Not Functioning:**

- Verify Bluetooth connection.
- Ensure the keyboard battery is not critically low.
