

## Govee H607C

# Govee Floor Lamp 2 (H607C) RGBICWW LED Smart Floor Lamp Instruction Manual

Brand: Govee | Model: H607C

## 1. IMPORTANT SAFETY INSTRUCTIONS

Please read and follow all safety instructions carefully before using this product. Keep this manual for future reference.

- This product is intended for indoor use only. Do not expose to water or moisture.
- Ensure the power adapter is compatible with your local power supply before use.
- Do not disassemble or modify the lamp. This may cause damage and void the warranty.
- Keep the lamp away from heat sources, direct sunlight, and flammable materials.
- Clean the lamp with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- If the lamp is damaged or malfunctions, discontinue use immediately and contact customer support.

## 2. WHAT'S IN THE BOX

Verify that all components are present in the package:

- Floor Lamp (Lamp Base, Lamp Pole, Silicone Strip Light, Connecting Parts, Screws)
- Adapter
- Remote Controller and the Controller Holder
- User Manual

- Service Card

### 3. PRODUCT OVERVIEW

The Govee Floor Lamp 2 is a 60-inch smart LED floor lamp featuring RGBICWW technology, offering multi-color displays and adjustable warm/cool whites (2200K to 6500K) with a brightness of 1725 lumens. It supports Matter for broad smart home compatibility, including Alexa, Google Assistant, and HomeKit. The lamp includes a modern design with separate lighting control for the main body and the base, and offers various scene modes and music synchronization via the Govee Home App.

## 4. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Govee Floor Lamp 2:

1. Carefully unpack all components from the box.
2. Connect the lamp pole sections using the provided connecting parts and screws. Ensure they are securely fastened.
3. Insert the silicone strip light into the designated groove along the lamp pole.
4. Attach the assembled lamp pole to the lamp base, ensuring a stable connection.
5. Connect the power adapter to the lamp and then plug it into a power outlet.

## 6. CONNECTING TO THE GOVEE HOME APP

To unlock the full potential of your Govee Floor Lamp 2, download the Govee Home App from your device's app store. The app allows for extensive customization and control.

1. Download the Govee Home App.
2. Register or log in to your Govee account.

3. Turn on the lamp and enable Bluetooth on your smartphone.
4. In the app, tap the '+' icon in the top right corner and search for 'H607C' or 'Floor Lamp 2'.
5. Follow the on-screen instructions to pair the lamp with your app. Ensure your phone is connected to a 2.4GHz Wi-Fi network during setup.

## 7. SMART CONTROL INTEGRATION (MATTER, ALEXA, GOOGLE ASSISTANT)

The Govee Floor Lamp 2 supports Matter, allowing seamless integration with various smart home ecosystems. This enables voice control and advanced automation.

### Matter Setup Requirements:

- Matter-compatible Govee products.
- A phone or tablet connected to a 2.4GHz network.
- A Matter-certified hub or controller such as Apple HomeKit (requires IPv6 network), Alexa, or Google Assistant.

# Breaking Platform Barriers with Matter

No longer limited to specific platforms and works with nearly all certified platforms

## Voice Control:

Once integrated with your preferred smart home assistant, you can use voice commands to control your lamp. For example:

- "Alexa, turn on the floor lamp."
- "Hey Google, set the floor lamp to blue."
- "Hey Siri, dim the floor lamp to 50%."

# Hands-Free Voice Control

## 8. OPERATING THE LAMP

### 8.1 Remote Control Functions

The included remote control provides convenient access to basic functions:

- **Power Button:** Turns the lamp on or off.
- **Dim +/-:** Adjusts the brightness level.

- **Warm/Cool:** Cycles through warm and cool white light temperatures.
- **Color:** Cycles through various preset colors.

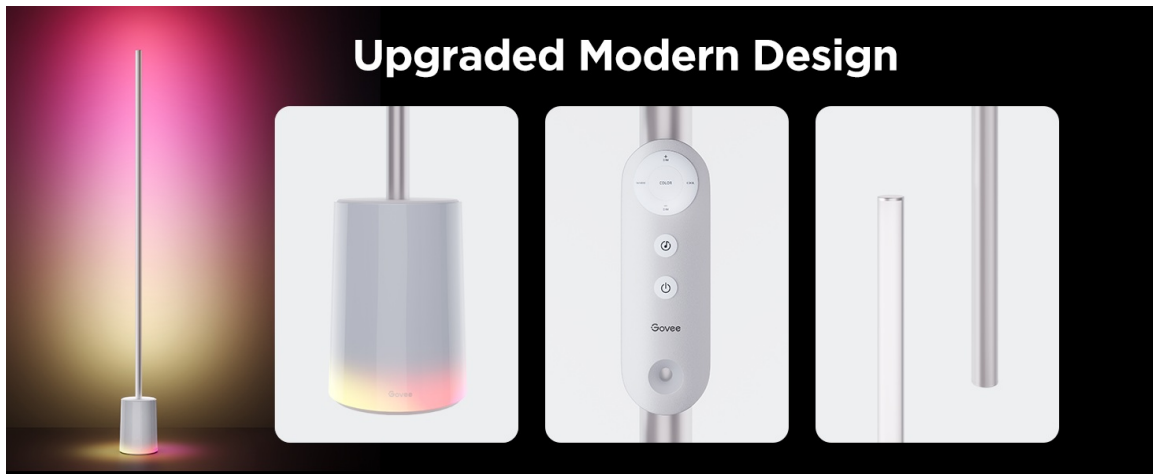

Image: Close-up of the Govee Floor Lamp 2 remote control, showing buttons for power, dimming, warm/cool white, and color selection.

## 8.2 App Control Features

The Govee Home App offers advanced control and customization:

- **Color Selection:** Choose from millions of colors and customize gradients for the lamp body and base separately.
- **Scene Modes:** Access over 80 preset scene modes (e.g., Sunset, Night Light, Rainbow) or create your own DIY modes.
- **Music Sync:** Synchronize lighting effects with music, creating a dynamic visual experience.
- **Timing Settings:** Set schedules for the lamp to turn on/off or change modes automatically.
- **DreamView Syncing:** Connect up to 10 Govee lights within a 30m range to sync music lighting effects.

## 9. LIGHTING OPTIONS AND MODES

The Govee Floor Lamp 2 utilizes RGBICWW technology to provide a wide range of lighting possibilities:

- **RGBICWW Technology:** Enjoy multi-color displays with individual control over different segments of the lamp.
- **Brightness:** With 1725 lumens, the lamp offers ample brightness for various activities.
- **Adjustable White Light:** Seamlessly switch between warm white (2200K) for relaxation and cool white (6500K) for focus or reading.

# Brighter and Adjustable

1725 Lumens Brightness Higher than the Previous

## Sync Your Lights with Music

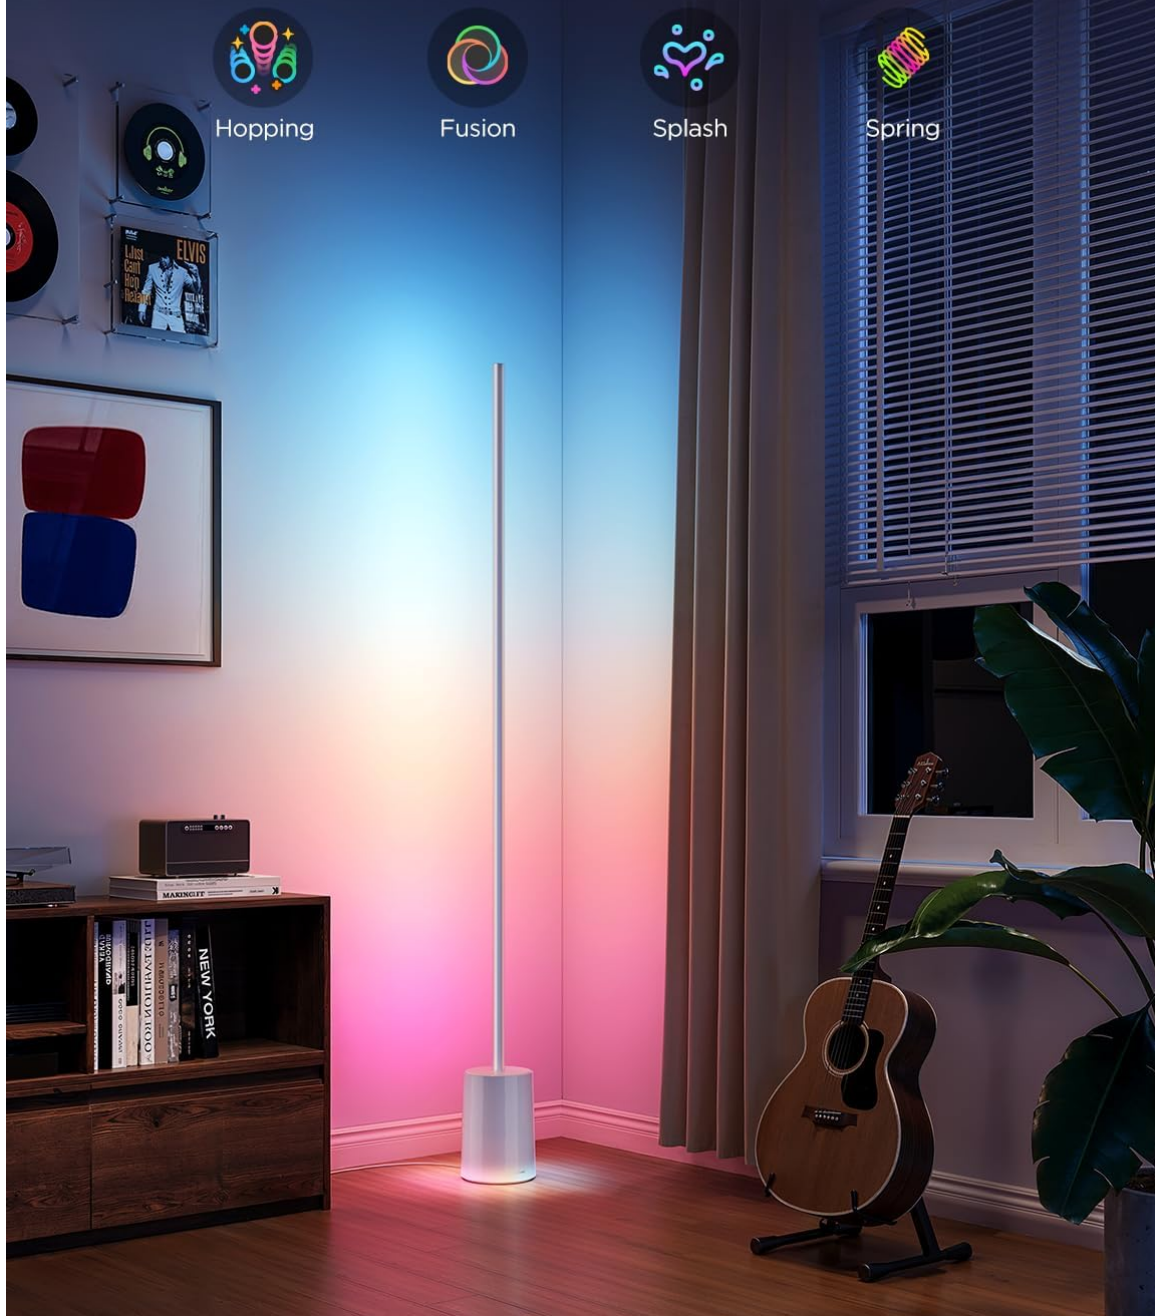

Image: The Govee Floor Lamp 2 displaying various music synchronization effects like Hopping, Fusion, Splash, and Spring, in a room with records and a guitar.

## 10. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your Govee Floor Lamp 2, follow these maintenance guidelines:

- **Cleaning:** Gently wipe the lamp's surface with a soft, dry, lint-free cloth. Avoid using liquid cleaners, aerosols, or abrasive cleaning agents.
- **Handling:** Handle the lamp with care to prevent physical damage. Avoid bending the light strip

excessively.

- **Storage:** If storing the lamp for an extended period, disconnect it from power and store it in a cool, dry place away from direct sunlight.

## 11. TROUBLESHOOTING

If you encounter issues with your Govee Floor Lamp 2, refer to the following common troubleshooting steps:

- **Lamp not turning on:** Ensure the power adapter is securely connected to both the lamp and a working power outlet. Check if the outlet is receiving power.
- **Cannot connect to Govee Home App:** Make sure Bluetooth is enabled on your smartphone and the lamp is within range. Verify your Wi-Fi network is 2.4GHz. Try restarting the lamp and your phone.
- **Remote control not working:** Check the battery in the remote control. Ensure there are no obstructions between the remote and the lamp.
- **Matter/Voice control issues:** Confirm your Matter hub/controller is properly set up and connected to the internet. Ensure the lamp is successfully added to your smart home ecosystem.
- **Inconsistent lighting effects:** If using music sync, ensure the built-in microphone is not obstructed. For scene modes, try selecting a different mode in the app.

## 12. SPECIFICATIONS

Feature	Specification
Model Number	H607C
Product Dimensions	5.4"D x 5.4"W x 55"H
Light Source Type	LED
Brightness	1725 lm
Color Temperature	2200K to 6500K (Warm/Cool White)
Wattage	48 watts
Voltage	24 Volts (DC)
Connectivity Technology	Bluetooth, Wi-Fi (2.4GHz), Matter
Control Method	App, Remote Control, Amazon Alexa, Apple HomeKit, Google Assistant
