## MAINTENANCE

---

Proper care will ensure the longevity and appearance of your Vanity Art cabinet.

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive cleaning tools that can damage the finish.

- **Spills:** Immediately wipe up any water spills or moisture to prevent water damage, as the cabinet is water-resistant but not waterproof.
- **Drawer Glides:** Periodically check drawer glides for smooth operation. If they become stiff, a small amount of silicone-based lubricant can be applied.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
