SAFETY INFORMATION

Please read and adhere to all safety warnings and instructions to prevent injury or damage to the product.

- **Caution:** Exercise care during assembly and follow all instructions precisely.
- To prevent damage to your floor, place a mat or protective cover under the bed feet during assembly and when moving the frame.
- Do not exceed a maximum weight of **340 kg (750 lbs)** on the bed frame to avoid overloading and potential safety hazards.
- Ensure all connections are securely tightened before use.

PACKAGE CONTENTS

Your Zinus Justin Bed Frame package includes all necessary components for assembly, conveniently packed in one box. Please verify that all parts are present before beginning assembly.

Typical components include:

- Main frame sections (folded)
- Support legs
- Central support beams
- Fasteners (if applicable, though assembly is largely tool-free)
- Installation Manual

SETUP AND ASSEMBLY

The Zinus Justin Bed Frame is designed for quick and tool-free assembly, featuring a convenient foldable structure.

1. **Unfold Main Frame:** Carefully unfold the main sections of the bed frame. The hinged design allows for easy expansion.
2. **Connect Central Supports:** Position and connect any central support beams or crossbars as indicated in the included manual. These typically slide into place or secure with pre-attached fasteners.
3. **Secure All Connections:** Ensure all frame sections are fully extended and locked into position. Verify

that all legs are properly deployed and stable.

Refer to the detailed visual instructions in the included installation manual for specific guidance on each step.

OPERATING INSTRUCTIONS

Once the bed frame is fully assembled and stable, it is ready for use.

- **Mattress Placement:** Place your mattress directly onto the supportive metal slats. The frame is compatible with various mattress types, including foam, latex, and spring mattresses.
- **Under-Bed Storage:** Utilize the generous 13 inches (approximately 33 cm) of clearance beneath the frame for convenient storage of boxes, bins, or other items.

MAINTENANCE

Proper maintenance ensures the longevity and continued performance of your bed frame.

- **Cleaning:** To clean the metal frame, wipe it with a damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Regular Inspection:** Periodically check all bolts, screws, and connections to ensure they remain tight and secure. Re-tighten any loose fasteners as needed.
- **Floor Protection:** Ensure the plastic caps on the bed legs remain intact to protect your flooring. Replace if damaged.

TROUBLESHOOTING

If you encounter any issues with your Zinus Justin Bed Frame, consider the following common solutions:

- **Squeaking Noises:** If the bed frame makes noise, ensure all bolts and connections are fully tightened. Loose connections are a common cause of squeaking.

- **Instability:** If the frame feels unstable, re-check all assembly steps to confirm that every part is correctly installed and secured. Ensure the frame is on a level surface.
- **Damaged Parts:** If any part is damaged or missing upon arrival, do not proceed with assembly. Contact Zinus customer support for replacement parts.
