

## VEVOR D10

# VEVOR D10 8-inch Rechargeable Camping Fan with LED Light User Manual

Model: D10

## INTRODUCTION

Thank you for choosing the VEVOR D10 8-inch Rechargeable Camping Fan with LED Light. This versatile device combines ventilation, lighting, and charging capabilities, making it an ideal companion for various indoor and outdoor activities. This manual provides essential information for safe and efficient operation, maintenance, and troubleshooting.

## SAFETY INSTRUCTIONS

- Read all instructions before use and retain for future reference.
- Do not insert fingers or any objects into the fan grille when the fan is operating.
- Keep the fan away from water or other liquids to prevent electric shock.
- Do not attempt to disassemble or repair the fan yourself. Contact qualified service personnel.
- Ensure the fan is placed on a stable, flat surface or securely hung to prevent tipping.
- Keep out of reach of children.
- Use only the provided charging cable or a compatible USB-C cable for charging.

## PACKAGE CONTENTS

---

- 1 x VEVOR D10 Camping Fan
- 1 x User Manual
- 1 x Charging Cable (USB-C)

## PRODUCT FEATURES

---

- **Three-in-One Design:** Combines ventilation, lighting, and charging functions for versatile use.
- **Powerful Performance:** Features a brushless motor and dual fan blade design for increased airflow. Offers 4 adjustable fan speeds.
- **High-Capacity Battery:** Equipped with a 20,000mAh rechargeable battery, providing up to 72 hours of runtime at the lowest fan speed. Full charge time is approximately 9-10 hours.
- **Integrated LED Lights:** Includes 16 LED lights with 3 brightness levels and a night mode for comfortable sleep.
- **Adjustable Rotation:** Manual rotation up to 270 degrees vertically and 360 degrees horizontally for optimal airflow direction.
- **User-Friendly Design:** Stable base for secure placement and a hidden hook for convenient hanging.
- **Portable:** Compact and lightweight design, suitable for various indoor and outdoor activities.

# 3-IN-1 DESIGN

Easily Meet Various Usage Needs

Ventilation

Lighting

Charging

## SETUP

### Initial Charging

1. Before first use, fully charge the fan. Connect the provided USB-C charging cable to the fan's charging port (USB-C input) and to a suitable USB power adapter (not included).
2. The battery indicator lights on the control panel will illuminate to show the charging progress. All lights will be solid when fully charged.
3. A full charge typically takes 9-10 hours.

### Placement

- Place the fan on a stable, flat surface for desktop use.
- Utilize the hidden hook on the base to hang the fan from a tent, canopy, or other suitable structure.

## OPERATING INSTRUCTIONS

## Fan Operation

1. Press the **Fan Speed Button** (usually indicated by a fan icon) to turn the fan on.
2. Each subsequent press will cycle through the 4 available fan speeds (1st, 2nd, 3rd, 4th).
3. Pressing the button after the 4th speed will turn the fan off.

## LED Light Operation

1. Press the **Light Button** (usually indicated by a sun icon) to turn the LED lights on.
2. Each subsequent press will cycle through the 3 brightness levels.
3. To activate **Night Mode**, press the **Moon Icon Button**. This will dim the control panel lights for undisturbed sleep.

## Oscillation Function

1. Press the **Oscillation Button** (usually indicated by a curved arrow icon) to activate the oscillation feature.
2. The fan can manually rotate up to 270 degrees vertically and 360 degrees horizontally.

## Timer Function

1. Press the **Timer Button** (usually indicated by a clock icon) to set an automatic shut-off time.
2. Each press will cycle through available timer settings (e.g., 1 hour, 2 hours, 4 hours, 8 hours). The corresponding indicator light will illuminate.
3. The fan will automatically turn off after the selected time duration.

### Remote Control (if included)

If your model includes a remote control, it can be used to operate all functions of the fan from a distance, including power, fan speed, light settings, oscillation, and timer. The remote can be stored in a designated slot on the fan's base when not in use.

### CHARGING EXTERNAL DEVICES

The VEVOR D10 fan can also function as a power bank to charge your mobile devices.

1. Locate the USB-A output port on the fan's control panel.
2. Connect your device's charging cable to the USB-A output port.
3. The fan's internal 20,000mAh battery will begin charging your device.

## BUILT-IN 20000MAH CAPACITY BATTERY

Operates at Lowest  
Fan Speed for 72 Hours

 +   
**9 hours**

### MAINTENANCE

- **Cleaning:** Disconnect the fan from power before cleaning. Use a soft, damp cloth to wipe the exterior surfaces. Do not use abrasive cleaners or immerse the fan in water.
- **Storage:** Store the fan in a cool, dry place when not in use. Ensure the battery is partially charged (around 50%) before long-term storage to prolong battery life.

### TROUBLESHOOTING

- **Fan not turning on:** Check battery level. Recharge if necessary. Ensure the power button is pressed correctly.
- **Lights not working:** Check battery level. Cycle through light modes to ensure it's not in night mode or off.
- **Device not charging from fan:** Ensure the fan has sufficient battery charge. Check the connection of the charging cable to both the fan and the device.
- **Reduced fan performance:** Clean any dust or debris from the fan blades and grille.

SPECIFICATIONS

Specification	Detail
Model	D10
Wind Speeds (m/s)	1st: 2.0 / 2nd: 2.5 / 3rd: 2.9 / 4th: 3.4
Maximum Airflow	138 CMF
Battery Capacity	20,000mAh
Full Charge Time	9-10 hours
Main Material	ABS
Product Weight	2.76 lbs (1.25 kg)
Product Dimensions	8.62"D x 3.86"W x 10.16"H (219 x 98 x 258 mm)
