

labebe White Easy Edition

Labebe 3-in-1 Multifunctional Montessori Learning Tower

Model: White Easy Edition

INTRODUCTION

Thank you for choosing the Labebe 3-in-1 Multifunctional Montessori Learning Tower. This product is designed to support your child's development and independence by providing a safe and versatile platform for various activities. Please read this manual carefully before assembly and use to ensure proper function and safety.

SAFETY INFORMATION

Your child's safety is our top priority. Please adhere to the following safety guidelines:

- **Maximum Weight Capacity:** The learning tower is designed to support children up to 50 kg (110 lbs).
- **Age Recommendation:** Suitable for children from 18 months and older.
- **Supervision:** Always supervise your child when they are using the learning tower.
- **Stable Placement:** Ensure the tower is placed on a flat, stable surface. The triangular design enhances stability, but proper placement is crucial.
- **Safety Rails:** The tower features safety rails to prevent falls. Always ensure these are properly engaged when in use as a learning tower.
- **Rounded Corners:** The design includes rounded corners to minimize the risk of injury from bumps.
- **Footrests:** Two stable footrests provide secure footing for children, especially on potentially wet kitchen or bathroom floors.
- **Regular Checks:** Periodically check all screws and connections to ensure they are tight and secure.
- **Avoid Overloading:** Do not place excessive weight on the tower or allow multiple children to use it simultaneously if it exceeds the weight limit.

Kid-Friendly Design

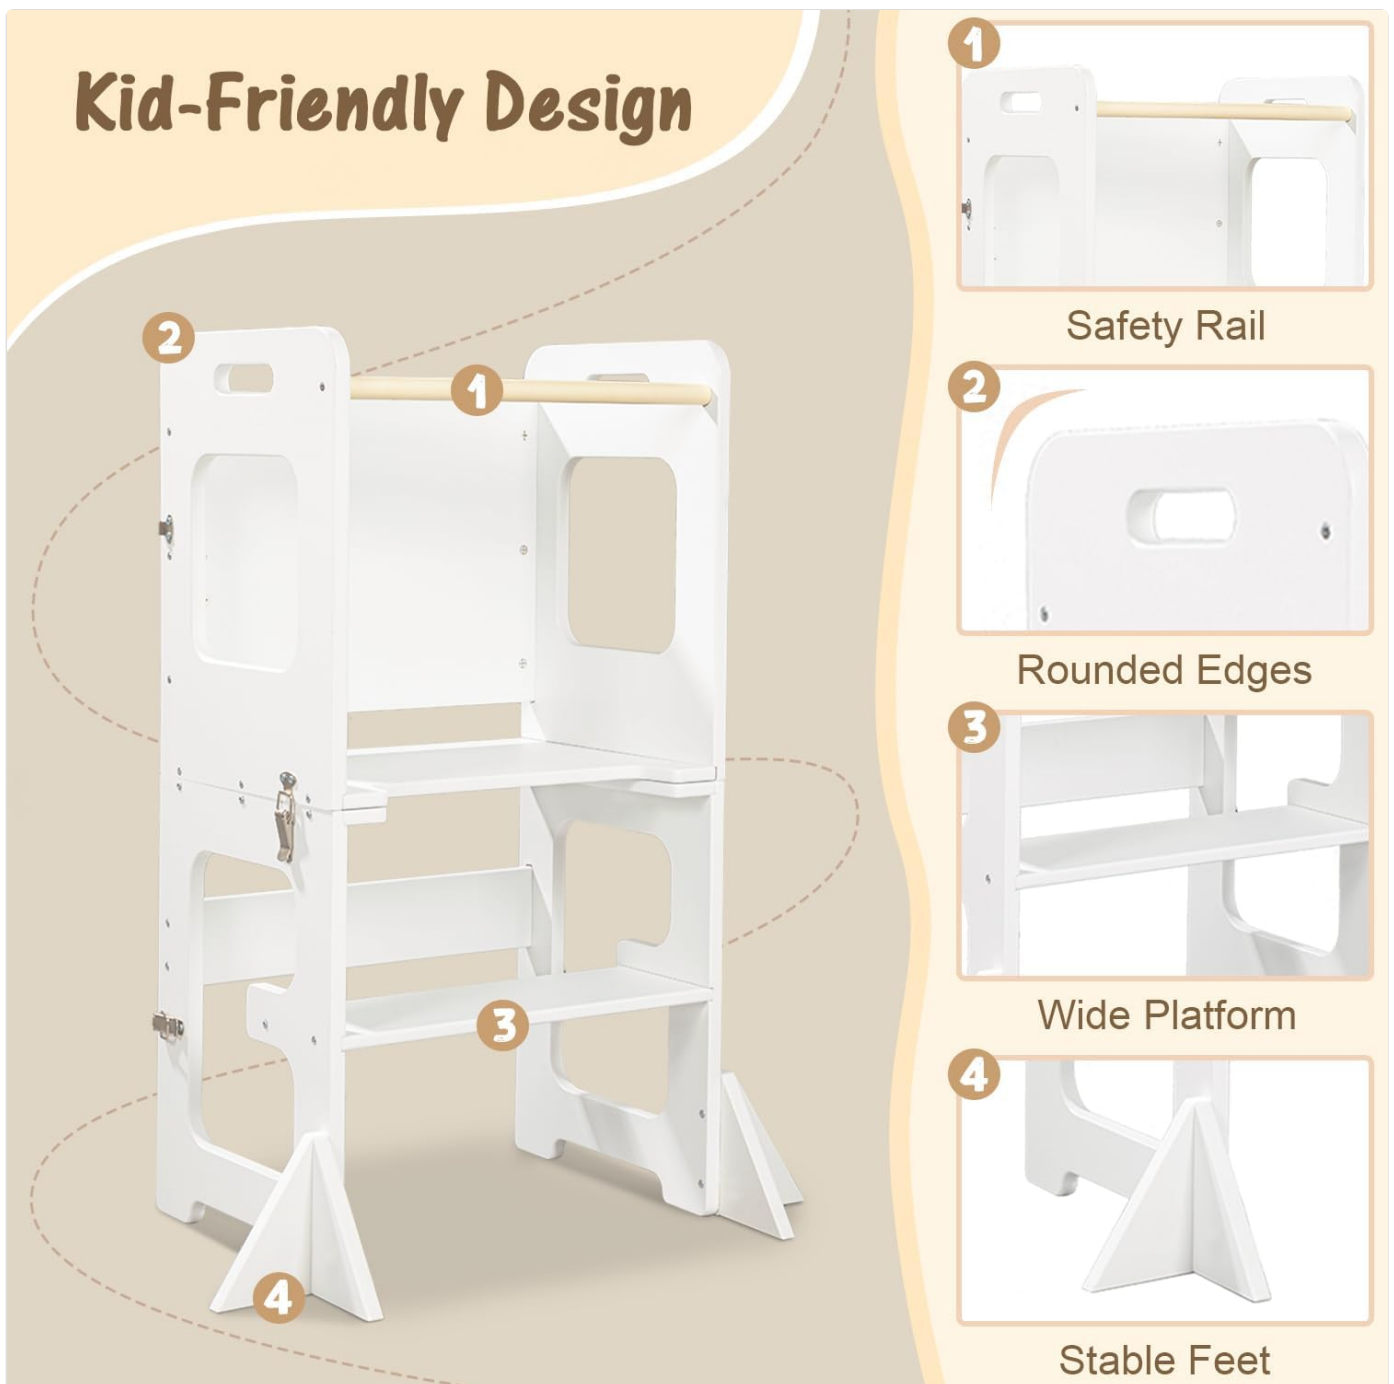

Figure 1: Kid-Friendly Design Features. This image highlights the safety rail, rounded edges, wide platform, and stable feet, all designed to ensure child safety during use.

PACKAGE CONTENTS

Upon opening the package, please verify that all components are present and undamaged. The package should contain:

- Main wooden frame components
- Safety rail
- Chalkboard panel
- Assembly hardware (screws, bolts, etc.)
- Instruction manual (this document)

If any parts are missing or damaged, please contact customer support immediately.

SETUP AND ASSEMBLY

The Labebe Learning Tower is designed for easy assembly. Follow these steps carefully:

1. Unpack all components and lay them out on a clean, flat surface.
2. Identify the main frame pieces.
3. Attach the side panels to the base using the provided hardware. Ensure all connections are secure.
4. Install the adjustable platform at the desired height.
5. Secure the safety rail to the top of the tower.
6. Attach the chalkboard panel.
7. Once assembled, double-check all screws and connections to ensure stability.

Note: While the product description states "Assemblage requis: Non" and "À assembler: Non", the product features and visual instructions indicate that some initial setup or transformation steps are required for its various functionalities. The term "easy to install" suggests a straightforward assembly process.

Figure 2: Transformation Steps. This image demonstrates how to convert the learning tower into a kids' desk by unlocking buckles,

folding the step stool, and locking the sides.

OPERATING INSTRUCTIONS

The Labebe Learning Tower offers three primary modes of use:

1. Toddler Tower Mode

In this mode, the tower allows your child to safely reach counter height, enabling them to participate in kitchen activities, wash hands at the sink, or engage in other elevated tasks. Ensure the safety rail is in place and securely fastened.

Figure 3: Multifunctional Use. This image displays the learning tower configured as a toddler tower, an easel, and a weaning table, demonstrating its versatility.

2. Kids Desk Mode (Weaning Table)

To convert the learning tower into a desk or weaning table:

1. Locate the buckles or locking mechanisms on the sides of the tower (refer to Figure 2).

2. Unlock the buckles.
3. Carefully fold the upper section of the tower downwards to form a table surface and a seat.
4. Lock the sides to secure the desk configuration.

This mode is ideal for drawing, eating, or playing at a comfortable height for your child.

3. Easel Mode (Chalkboard)

The integrated chalkboard panel allows the tower to function as an easel for creative activities. This mode is typically available when the tower is in its upright (Toddler Tower) configuration. Ensure the chalkboard surface is clean before use.

Note: The safety rail can be removed if the tower is used as a step stool for adults or as a decorative shelf, as mentioned in the product features. However, for child use, the safety rail is recommended.

MAINTENANCE

To ensure the longevity and safety of your Labebe Learning Tower, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a damp cloth and mild soap. Avoid abrasive cleaners or harsh chemicals that could damage the wood finish.
- **Drying:** Dry immediately after cleaning to prevent moisture damage to the wood.
- **Hardware Check:** Periodically inspect all screws, bolts, and locking mechanisms. Tighten any loose hardware to maintain structural integrity.
- **Storage:** When not in use, store the tower in a dry place away from direct sunlight or extreme temperature changes to prevent warping or cracking of the wood. The foldable design allows for convenient storage.

TROUBLESHOOTING

If you encounter any issues with your Labebe Learning Tower, please refer to the following common solutions:

Problem	Possible Cause	Solution
Tower feels wobbly or unstable.	Loose hardware or uneven surface.	Ensure all screws and bolts are tightened. Place the tower on a flat, level surface.
Difficulty transforming between modes.	Locking mechanisms not fully disengaged or engaged.	Refer to Figure 2 and ensure all buckles are unlocked before folding, and fully locked after transformation.
Chalkboard not erasing cleanly.	Residue from certain chalk types or improper cleaning.	Use standard dustless chalk. Clean with a damp cloth and dry thoroughly. For stubborn marks, a mild chalkboard cleaner may be used.

If the problem persists, please contact Labebe customer support.

SPECIFICATIONS

Detailed product specifications for the Labebe 3-in-1 Multifunctional Montessori Learning Tower:

- **Model Number:** White Easy Edition

- **Material:** Wood
- **Color:** Pure White
- **Product Dimensions (L x W x H):** 42 x 30 x 80 cm (16.54 x 11.81 x 31.5 inches)
- **Weight:** 7.54 kg (16.62 lbs)
- **Maximum Load Capacity:** 50 kg (110 lbs)
