## AYATAHA LT49

# AYATAHA LT49 Kids Smartwatch User Manual

Model: LT49 | Brand: AYATAHA

## 1. INTRODUCTION

---

The AYATAHA LT49 Kids Smartwatch is designed to provide a fun, safe, and educational experience for children aged 4-12. Featuring 4G calling capabilities, an SOS emergency button, a camera, music player, games, and various learning tools, this smartwatch helps children stay connected and engaged. This manual will guide you through the setup, operation, and maintenance of your new smartwatch.

## 2. WHAT'S IN THE BOX

- AYATAHA LT49 Kids Smartwatch
- Four-pin magnetic charging cable
- Smartwatch SIM card (pre-installed)
- User Manual
- Two extra watch frames (black and blue)

### 3. SETUP GUIDE

#### 3.1 Charging the Smartwatch

Before first use, fully charge the smartwatch. Connect the four-pin magnetic charging cable to the charging port on the back of the watch and plug the USB end into a compatible power adapter (not included) or computer USB port. The watch display will indicate charging status.

#### 3.2 SIM Card Installation and Activation

The Smartwatch SIM card is pre-installed in the watch. To activate it, place the SIM card in your smartphone and visit the SpeedTalk Mobile website. Follow their instructions for activation. The included SIM card supports 30 minutes of call use and is valid for 7 days upon activation. After activation, reinsert the SIM card into the smartwatch.

### 3.4 Wearing the Smartwatch

The smartwatch features a comfortable Velcro strap, making it easy to adjust for a secure fit on your child's wrist. Ensure it is snug but not too tight for optimal comfort and sensor accuracy.

## 4. OPERATING THE SMARTWATCH

### 4.1 Basic Navigation

The smartwatch features a touch screen for easy navigation. Swipe left or right to browse through applications and tap on icons to open them. The watch also supports various bright and colorful backgrounds that can be customized.

Figure 3: The smartwatch display showcasing various customizable wallpapers and the HD camera feature with fun magic stickers.

### 4.2 Making Calls and SOS Function

With the activated 4G SIM card, the smartwatch supports two-way conversations. Your child can make and receive calls directly from the watch. For emergencies, the dedicated SOS button can be pressed to quickly dial pre-set

emergency contacts.

### 4.3 Camera and Media

The built-in camera allows your child to capture photos and videos. These can be viewed directly on the watch. The watch also supports various fun magic stickers to enhance photos.

### 4.4 Music Player

The smartwatch includes a music player. You can load music files onto the watch for your child to enjoy. Refer to the watch's internal storage or connectivity options for file transfer.

### 4.5 Games

The watch comes with several built-in games designed to exercise logical thinking, reaction ability, and hand-eye coordination. Parents can set limits on play time to ensure a balanced experience.

Figure 4: The smartwatch features a selection of engaging games and a music player for entertainment.

### 4.6 Pedometer

The integrated pedometer tracks your child's steps, promoting physical activity and healthy habits.

Figure 5: The pedometer feature on the smartwatch, encouraging activity by tracking steps and calories.

#### 4.7 Storytelling and Learning Cards

The smartwatch includes 10 different audio stories and built-in learning cards covering animals, vegetables, and colors. This feature combines fun with learning, offering rich educational resources.
