COMPONENTS INCLUDED

The Erbesi Evolution Complet Défilable Girafe Blanc set includes the following items:

- **Removable Duvet:** Adaptable for both cribs and beds, offering versatile use.
- **Pillowcase:** Included as part of the set.
- **Bumper:** Features breathable fiber padding for enhanced comfort and safety within the crib.

Note: A baby bed sheet is sold separately and is not included in this set.

SETUP AND INSTALLATION

Follow these steps to properly set up your Erbesi bedding set:

1. **Prepare the Crib:** Ensure the crib is clean and assembled according to its manufacturer's instructions.
2. **Install the Bumper:** Place the bumper along the inner perimeter of the crib. Secure it using the attached ties or fasteners to the crib rails. Ensure it is snug and cannot sag, posing a suffocation risk.
3. **Place the Pillowcase:** Insert a suitable baby pillow into the provided pillowcase and place it at the head of the crib.
4. **Position the Duvet:** Lay the removable duvet flat inside the crib. Its design allows it to be used in both cribs and larger beds as needed.

Important Safety Note: Always ensure all bedding components are securely fitted and do not create loose fabric that could pose a hazard to an infant.

OPERATING INSTRUCTIONS (USAGE)

The Erbesi Evolution bedding set is designed for daily use in a baby's sleeping environment. Its key features include:

- **Versatile Duvet:** The duvet can be used in a crib or adapted for a larger child's bed as they grow, providing long-term utility.
- **Breathable Bumper:** The bumper's breathable fiber padding enhances air circulation while providing a soft barrier.
- **Easy Adaptation:** The removable design of the duvet allows for easy adjustment and cleaning.

Always ensure the baby's sleeping area is clear of excessive bedding to prevent overheating or entanglement.

MAINTENANCE AND CARE

Proper care will extend the life of your Erbesi bedding set. Follow these instructions:

- **Washing:** Machine washable on a delicate cycle.
- **Drying:** Tumble dry at a low temperature.
- **Ironing:** Can be steam ironed if necessary.
- **General Care:** Regularly inspect all components for wear and tear. Replace if any damage is observed.

Refer to the care label on each item for specific instructions.

TROUBLESHOOTING

This section addresses common concerns regarding the bedding set:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Bedding appears wrinkled after washing.	High heat drying or improper folding.	Tumble dry at low temperature or steam iron as per care instructions.
Bumper does not stay securely in place.	Ties not fastened properly or damaged ties.	Ensure all ties are securely fastened to the crib rails. If ties are damaged, discontinue use and contact customer support.
Fabric feels rough or stiff after washing.	Hard water or incorrect detergent.	Use a mild detergent. Consider using a fabric softener suitable for baby items.
