## Ardes ARFRYA08LV

# ARDES ARFRYA08LV Infinity Win 8L Air Fryer User Manual

Model: ARFRYA08LV | Brand: ARDES

## 1. IMPORTANT SAFETY INSTRUCTIONS

---

Please read all instructions carefully before using the appliance. Keep this manual for future reference.

- Do not immerse the appliance, cord, or plug in water or other liquids.
- Ensure the voltage indicated on the appliance matches your local mains voltage before connecting.
- Always supervise children when the appliance is in use.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Keep the appliance and its cord out of reach of children.
- Do not let the cord hang over the edge of a table or counter, or touch hot surfaces.
- Do not place the appliance on or near a hot gas or electric burner, or in a heated oven.
- Always unplug the appliance when not in use and before cleaning. Allow it to cool down before handling.
- Do not use the appliance for purposes other than those described in this manual.
- Use only accessories recommended by the manufacturer.
- Hot air is released through the air outlet opening during operation. Keep your hands and face at a safe distance from the air outlet.
- The surfaces may become hot during use. Do not touch hot surfaces directly. Use handles or knobs.

## 2. PRODUCT OVERVIEW

---

The ARDES ARFRYA08LV Infinity Win Air Fryer utilizes Rapid Air Fryer technology to cook food with little to no oil, offering a healthier alternative to traditional frying. It features an extra-deep basket, a touch screen control panel, a viewing window, and an interior light for convenient monitoring.

Figure 2.1: Front view of the ARDES ARFRYA08LV Infinity Win 8L Air Fryer, showing the digital touch display and the transparent viewing window.

### Key Features:

- **Rapid Air Fryer Technology:** Ensures fast and even cooking with hot air circulation.
- **8-Liter Capacity:** Generous capacity suitable for family meals.
- **Extra-Deep Basket:** Designed to accommodate longer food items like fish, chicken pieces, or skewers.
- **Touch Screen Control Panel:** Intuitive digital interface for setting temperature and time, and selecting pre-set programs.
- **Viewing Window & Interior Light:** Allows monitoring of cooking progress without opening the basket.
- **Adjustable Temperature:** Range from 60°C to 200°C.
- **60-Minute Timer:** With automatic shut-off.

- **Non-Stick Grid and Container:** For easy cleaning.

### 3. SETUP AND FIRST USE

#### 3.1 Unboxing and Initial Inspection

1. Carefully remove the air fryer and all accessories from the packaging.
2. Check for any signs of damage. If the appliance is damaged, do not use it and contact customer support.
3. Remove all packaging materials, stickers, and labels.

#### 3.2 Placement Considerations

Place the air fryer on a stable, heat-resistant, and level surface. Ensure there is adequate space around the appliance for proper ventilation, especially at the rear air outlet.

26,5 cm

Figure 3.2: The slim design of the ARDES ARFRYA08LV Air Fryer, highlighting its compact width of 26.5 cm, making it suitable for smaller kitchen spaces.

### 3.3 Initial Cleaning

Before first use, clean the basket and grid with warm water, a mild dishwashing liquid, and a non-abrasive sponge. Wipe the interior and exterior of the appliance with a damp cloth. Ensure all parts are completely dry before use.

## 4. OPERATING INSTRUCTIONS

### 4.1 Control Panel Overview

The air fryer is equipped with a digital touch screen for easy operation. The display shows temperature, time, and various cooking icons for pre-set programs.

# DISPLAY TOUCH

Figure 4.1: Close-up of the ARDES ARFRYA08LV Air Fryer's touch display, showing temperature controls, pre-set program icons, and the power button. The display indicates a temperature range of 60°C to 200°C and 10 automatic programs.

## 4.2 Basic Operation

1. **Prepare Food:** Place the food you wish to cook into the air fryer basket. Do not overfill the basket to ensure even cooking.
2. **Insert Basket:** Slide the basket back into the air fryer until it clicks into place.
3. **Power On:** Plug the appliance into a grounded wall outlet. The display will light up.
4. **Set Temperature and Time:**
  - Use the temperature control buttons (up/down arrows) to set the desired cooking temperature (60°C - 200°C).
  - Use the timer control buttons (up/down arrows) to set the desired cooking time (up to 60 minutes).
5. **Start Cooking:** Press the Start/Pause button to begin the cooking process. The interior light will illuminate, and you can monitor the food through the viewing window.
6. **Shake Basket (Optional):** For some foods, shaking the basket halfway through the cooking time can ensure more even results. Carefully pull out the basket, shake it, and reinsert it. The air fryer will resume cooking automatically.
7. **End of Cooking:** The timer will sound when the cooking time is complete, and the appliance will automatically shut off.

8. **Remove Food:** Carefully pull out the basket and empty the cooked food onto a plate. Use heat-resistant tongs.
9. **Power Off:** Unplug the appliance from the wall outlet.

### 4.3 Using Pre-set Programs

The ARDES ARFRYA08LV features 10 automatic cooking programs for common food items. To use a pre-set program:

1. After powering on, press the Menu/Program button to cycle through the available pre-set icons.
2. Once you select a program, the air fryer will automatically set the optimal temperature and time.
3. Press the Start/Pause button to begin cooking.

*Note: Pre-set times and temperatures can be adjusted manually after selection if desired.*

### 4.4 Cooking Guidelines and Tips

- **Oil Usage:** While the air fryer can cook without oil, a small amount of oil (1 tablespoon) can be added to some foods for a crispier result.
- **Even Cooking:** For best results, arrange food in a single layer in the basket. For larger quantities, cook in batches.
- **Preheating:** For some recipes, preheating the air fryer for 3-5 minutes at the desired temperature can improve cooking results.
- **Monitoring:** Utilize the viewing window and interior light to check on your food without interrupting the cooking cycle.

## **5. CLEANING AND MAINTENANCE**

Regular cleaning ensures optimal performance and extends the lifespan of your air fryer.

### **5.1 Cleaning After Each Use**

1. **Unplug and Cool Down:** Always unplug the air fryer and allow it to cool completely before cleaning.
2. **Clean Basket and Grid:** Remove the basket and grid. Wash them with hot water, a mild dishwashing liquid, and a non-abrasive sponge. The non-stick coating makes cleaning easy. For stubborn residue, soak them in warm soapy water for about 10 minutes.
3. **Clean Interior:** Wipe the interior of the appliance with a damp cloth. Do not use abrasive cleaners or scouring pads.
4. **Clean Exterior:** Wipe the exterior of the air fryer with a damp cloth.
5. **Dry Thoroughly:** Ensure all parts are completely dry before storing or next use.

*Note: The basket and grid are not dishwasher safe. Hand washing is recommended to preserve the non-stick coating.*

## 5.2 Storage

Store the air fryer in a cool, dry place, away from direct sunlight and out of reach of children. Ensure the appliance is clean and dry before storage.

## 6. TROUBLESHOOTING

---

If you encounter issues with your air fryer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Air fryer does not turn on.	Appliance is not plugged in. Power outlet is not working.	Ensure the power cord is securely plugged into a grounded outlet. Test the outlet with another appliance.
Food is not cooked evenly.	Basket is overcrowded. Food not shaken during cooking.	Cook food in smaller batches. Shake the basket halfway through the cooking time.
Food is not crispy.	Not enough oil (for certain foods). Temperature too low or time too short.	Lightly brush or spray food with oil. Increase temperature or cooking time.
White smoke coming from the appliance.	Grease residue from previous use. High fat content food.	Clean the basket and interior thoroughly after each use. For high-fat foods, place a piece of aluminum foil at the bottom of the basket to catch excess oil.
Appliance smells during first use.	Normal for new appliances.	This is normal and will dissipate after a few uses. Ensure good ventilation.

If the problem persists after trying these solutions, please contact customer support.

## 7. PRODUCT SPECIFICATIONS

---

Specification	Detail
Brand	Ardes
Model Number	ARFRYA08LV
Color	Black
Capacity	8 Liters
Power	1700 Watts
Voltage	230 Volts
Material	Aluminum
