

Poco Test001

Poco C65 User Manual

Model: Test001

1. INTRODUCTION

Welcome to the user manual for your new Poco C65 smartphone. This manual provides essential information on setting up, operating, and maintaining your device. Please read it thoroughly to ensure optimal performance and longevity of your Poco C65.

The Poco C65 features a powerful MediaTek Helio G85 processor, a versatile 50MP AI triple camera system, and a massive 5000mAh battery. Its immersive 6.74-inch HD+ display with a 90Hz refresh rate offers a smooth visual experience, protected by Corning® Gorilla® Glass. Advanced eye protection features, including TÜV Low Blue Light and Flicker-Free certifications, ensure comfortable viewing.

2. SAFETY INFORMATION

Always follow basic safety precautions when using your device to reduce the risk of injury, fire, or damage to the product. Keep the device away from extreme temperatures, direct sunlight, and water. Do not attempt to disassemble or repair the device yourself. Use only approved chargers and accessories.

For detailed certification information, refer to the image below:

Figure 2.1: Poco C65 Certification Details. This image displays various certifications for the Poco C65, including FCC ID: 2AFZZCA4G, CE mark, and compliance with IMDA standards, indicating its adherence to regional regulatory requirements for electronic devices.

3. WHAT'S IN THE BOX

Upon unboxing your Poco C65, please verify that all the following items are included:

- Poco C65 Smartphone
- Fast 33W Car Charger

- SIM Tray Ejector
- Phone Case
- USB Cable

Figure 3.1: Poco C65 Smartphone. This image shows the Poco C65 smartphone in purple, highlighting its sleek design, triple camera setup on the rear, and the front display.

4. SETUP

4.1. SIM Card and Micro SD Card Installation

1. Locate the SIM tray on the side of your Poco C65.
2. Insert the provided **SIM tray ejector** tool into the small hole next to the tray and press firmly until the tray pops out.
3. Place your **Nano-SIM card(s)** and/or **Micro SD card** into the designated slots on the tray. Ensure the gold contacts are facing down. The Poco C65 supports dual SIM cards and a Micro SD card simultaneously.
4. Carefully reinsert the SIM tray back into the phone until it clicks into place.

4.2. Initial Power On and Charging

1. To power on your device, press and hold the **Power button** (located on the side) until the Poco logo appears on the screen.
2. For initial setup, ensure your device has sufficient charge. Connect the provided **USB cable** to the phone's charging port and the other end to the **Fast 33W Car Charger** or a compatible power adapter.

3. The Poco C65 supports **18W fast charging**. A 5-minute charge can provide up to 5 hours of music playback.
4. Follow the on-screen prompts to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

5. OPERATING YOUR POCO C65

5.1. Display Features

- **6.74-inch HD+ Display:** Enjoy an immersive visual experience with a large screen size.
- **90Hz High Refresh Rate:** Provides a smooth and fluid visual experience, especially during scrolling and gaming. The refresh rate can be adjusted for supported applications.
- **Corning® Gorilla® Glass:** Offers enhanced protection against scratches and drops.
- **Eye Protection:** Features TÜV Low Blue Light certification (software solution) and TÜV Flicker-Free certification to reduce eye strain during prolonged use.
- **Reading Mode & DC Dimming:** Further enhance visual comfort in various lighting conditions.

5.2. Camera System

The Poco C65 is equipped with a versatile triple camera system to capture your moments.

- **50MP Main Camera:** High-resolution sensor for detailed photos.
- **2MP Macro Camera:** For close-up shots of small objects.
- **Auxiliary Lens:** Enhances depth and other photographic effects.
- **Front 8MP Camera:** Features an upgraded **soft-light ring** for dazzling selfies even in low-light environments.

Camera Modes:

- **Film Camera:** Apply fun new filter styles to your photos.
- **HDR Mode:** Improves dynamic range in challenging lighting.
- **Night Mode:** Optimizes photos taken in low-light conditions.
- **Portrait Mode:** Creates a depth-of-field effect for professional-looking portraits.
- **50MP Mode:** Utilizes the full resolution of the main camera.
- **Time-lapse:** Capture sequences of events over time.

Video Recording: Supports 1080P at 30fps and 720P at 30fps.

5.3. Security Features

- **Side Fingerprint Sensor:** Conveniently unlock your device with your fingerprint.
- **AI Face Unlock:** Securely unlock your phone using facial recognition.

5.4. Connectivity

- **Wi-Fi:** Supports 2.4GHz and 5GHz for fast internet access.
- **Bluetooth 5.3:** For connecting wireless accessories and data transfer. Supports AAC / SBC codecs.
- **GPS:** Integrated GPS, Glonass, Galileo, and Beidou for accurate location services.
- **FM Radio:** Listen to FM radio stations (requires headphones connected to the 3.5mm jack).
- **3.5mm Headphone Jack:** For wired audio connections.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Poco C65, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials.
- **Software Updates:** Regularly check for and install system updates to ensure your device has the latest features and security patches.
- **Battery Care:** Avoid fully discharging the battery frequently. For best battery health, keep the charge between 20% and 80%.
- **Storage:** Periodically clear unnecessary files and apps to maintain sufficient storage space and device performance.
- **Protection:** Use the provided phone case to protect your device from physical damage.

7. TROUBLESHOOTING

If you encounter issues with your Poco C65, refer to the following common troubleshooting steps:

- **Device Not Turning On:** Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, try a forced restart by holding the Power button for an extended period (e.g., 10-15 seconds).
- **Poor Battery Life:** Reduce screen brightness, disable unnecessary background apps, turn off Wi-Fi/Bluetooth when not in use, and limit location services.
- **Network Connectivity Issues:** Check if your SIM card is properly inserted. Toggle Airplane Mode on and off. Restart the device. Verify your carrier's network status.
- **Apps Crashing/Freezing:** Close and reopen the app. Clear the app's cache and data in Settings. Ensure the app is updated to its latest version.
- **Display Issues:** If the screen is unresponsive, try restarting the device. Ensure the screen is clean and free of moisture.

If problems persist, consider performing a factory reset (back up your data first) or contact customer support.

8. SPECIFICATIONS

Feature	Specification
Model Number	Test001
Operating System	MIUI 14 for POCO, based on Android 12
Processor	MediaTek Helio G85 (Octa-core, Arm Cortex-A75 @ 2.0GHz, Arm Cortex-A55 @ 1.8GHz)
