4. FEATURES

The HOU Magnetic Keyboard Case MF-10 offers several features to enhance your iPad experience:

- **Strong Magnetic Stand with 135° Adjustability:** Equipped with 37 powerful magnets, the case provides a secure hold for your iPad. The adjustable hinge allows for smooth viewing angle adjustments up to 135°, suitable for various tasks like typing, watching, or browsing.

- **1.3mm Key Travel & 12 Shortcut Keys:** Experience comfortable and responsive typing with scissors-switch keys featuring a 1.3mm key travel. Twelve dedicated shortcut keys are integrated to boost productivity and streamline your workflow.
- **7-Color Backlit Keyboard:** The keyboard features a customizable 7-color backlight with adjustable brightness levels, allowing for comfortable typing in low-light environments and adding a personalized touch.
- **AG Glass Precision Trackpad:** The etched AG-Glass surface provides smooth and accurate cursor control. It is highly responsive and designed to resist fingerprints, offering a precise navigation experience.
- **Patented Hinge with Silent-Closing Mechanism:** The hinge has undergone extensive testing (over 10,000 cycles) to ensure smooth, resistance-free operation. It closes gently and quietly, providing protection for your iPad's screen.
- **Premium Silicone Leather Case:** Constructed from soft yet durable organic silicone leather, the case resists stains and scratches, offering a comfortable and skin-friendly tactile feel.

5. SETUP

5.1 Attaching the iPad

1. Align your compatible iPad with the magnetic back panel of the keyboard case.
2. The magnets will automatically secure the iPad in place. Ensure it is firmly attached.
3. Gently open the case, adjusting the iPad to your desired viewing angle (up to 135°).

5.2 Bluetooth Pairing

1. Turn on the keyboard by sliding the power switch located on the side of the keyboard. The Bluetooth indicator light will flash.
2. On your iPad, go to **Settings > Bluetooth**.
3. Ensure Bluetooth is turned **On**.
4. Look for "HOU Keyboard" or a similar name in the list of available devices and tap to connect.
5. Once connected, the Bluetooth indicator light on the keyboard will stop flashing and remain solid, or turn off, depending on the model.

5.3 Charging the Keyboard

1. Connect the provided USB charging cable to the charging port on the keyboard.
2. Connect the other end of the USB cable to a USB power adapter (not included) or a computer's USB port.
3. The charging indicator light will illuminate during charging and turn off when fully charged.

6.2 Using the Keyboard

The keyboard features responsive scissors-switch keys with 1.3mm key travel for a comfortable and efficient typing experience. Simply begin typing after successful Bluetooth pairing.

6.3 Shortcut Keys

The keyboard includes 12 shortcut key combinations to enhance productivity. Refer to the key legends for specific functions such

as media control, volume adjustment, and screen brightness.

6.4 Backlight Control

To control the 7-color backlight:

- Press the **Light Bulb** key to turn the backlight on/off.
- Press **Fn + Light Bulb** key to cycle through the 7 available colors.
- Press **Fn + Up Arrow** or **Fn + Down Arrow** to adjust backlight brightness levels.

6.5 Trackpad Gestures

The AG-Glass trackpad supports various multi-touch gestures for intuitive navigation. Common gestures include:

- **Single-finger tap:** Click/Select
- **Two-finger scroll:** Scroll up/down/left/right
- **Two-finger pinch:** Zoom in/out
- **Three-finger swipe up:** Open App Switcher
- **Three-finger swipe left/right:** Switch between open apps
- **Four-finger swipe up:** Go to Home Screen

7. MAINTENANCE

7.1 Cleaning the Case and Keyboard

- Use a soft, damp cloth to wipe the exterior of the silicone leather case. Avoid harsh chemicals.
- For the keyboard and trackpad, use a dry, lint-free cloth. A small brush or compressed air can be used to remove debris from between the keys.
- Ensure no liquid enters the keyboard or charging port.

7.2 Battery Care

- Charge the keyboard regularly to maintain battery health.
- Avoid fully discharging the battery frequently.
- If storing the keyboard for an extended period, charge it to about 50% and store in a cool, dry place.

8. TROUBLESHOOTING

8.1 Keyboard Not Connecting via Bluetooth

- Ensure the keyboard is powered on and fully charged.
- Turn off and then turn on Bluetooth on your iPad.
- Forget the device in your iPad's Bluetooth settings and attempt to re-pair.
- Restart your iPad and the keyboard.

8.2 Backlight Not Working

- Ensure the keyboard has sufficient battery charge.
- Press the **Light Bulb** key to toggle the backlight.
- Adjust brightness using **Fn + Up/Down Arrow** keys.

8.3 Trackpad Issues

- Ensure the keyboard is connected via Bluetooth.
- Clean the trackpad surface with a lint-free cloth.
- Check iPad settings for trackpad sensitivity and gesture options.

8.4 Battery Not Charging

- Verify the USB charging cable is securely connected to both the keyboard and the power source.
- Try a different USB cable or power adapter.
- Ensure the power source is functional.
