5. OPERATING INSTRUCTIONS

5.1 Charging Devices

The charging station supports wireless charging for compatible devices. Ensure your device is placed correctly on the designated charging areas.

- **Dual iPhone Charging:** Place two compatible iPhones on the designated wireless charging pads. The station supports up to 7.5W for iPhones.
- **Apple Watch Charging:** Place your Apple Watch (original only) on the magnetic charging module. The station provides 5W for Apple Watch.
- **AirPods Charging:** Place your wireless charging compatible AirPods (AirPods 4/3/2/Pro/Pro 2) on the designated earbud charging area. The station provides 3W for AirPods.

Wireless Dual Charging Station

5.2 Night Light and Display Adjustment

The charging station features an integrated night light and adjustable display brightness.

- **Night Light:** Touch the designated "Night Light Touch Point" to cycle through warm, natural, and cold light settings.
- **Display Brightness:** Touch the "Brightness of Screen Touch Point" to adjust the brightness of the digital time and temperature display from 0% to 100%.

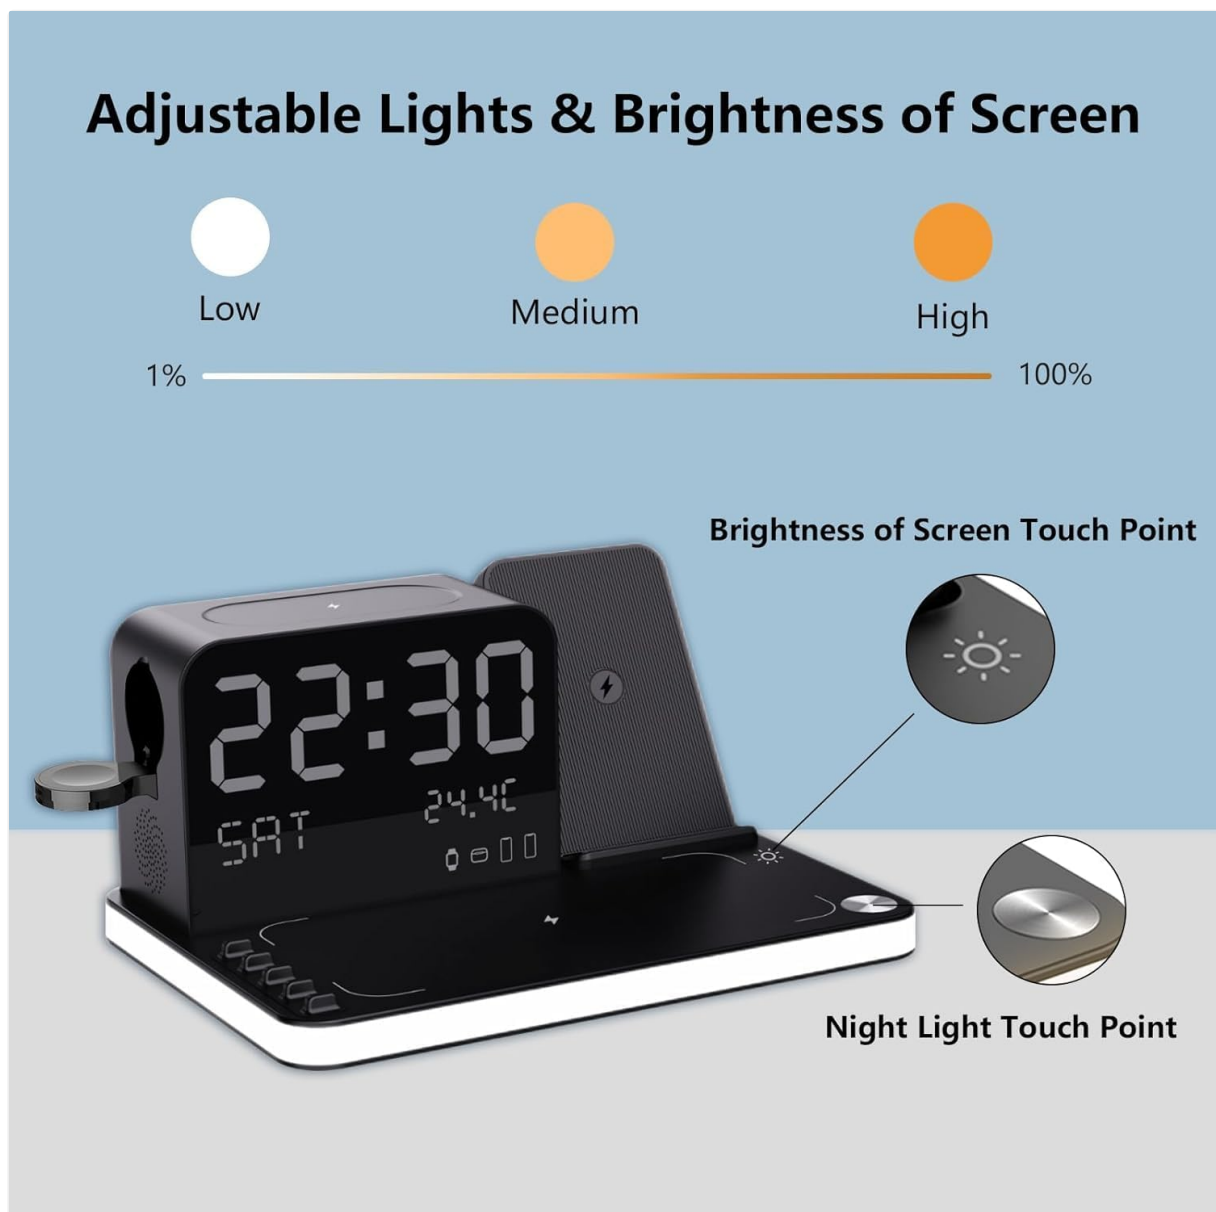

Image: Visual guide indicating the touch points for controlling the night light and adjusting the screen brightness.

5.3 Case Compatibility

For optimal wireless charging performance, ensure your phone case is compatible. Cases thicker than 2mm, or those containing metal or credit cards, may interfere with charging.

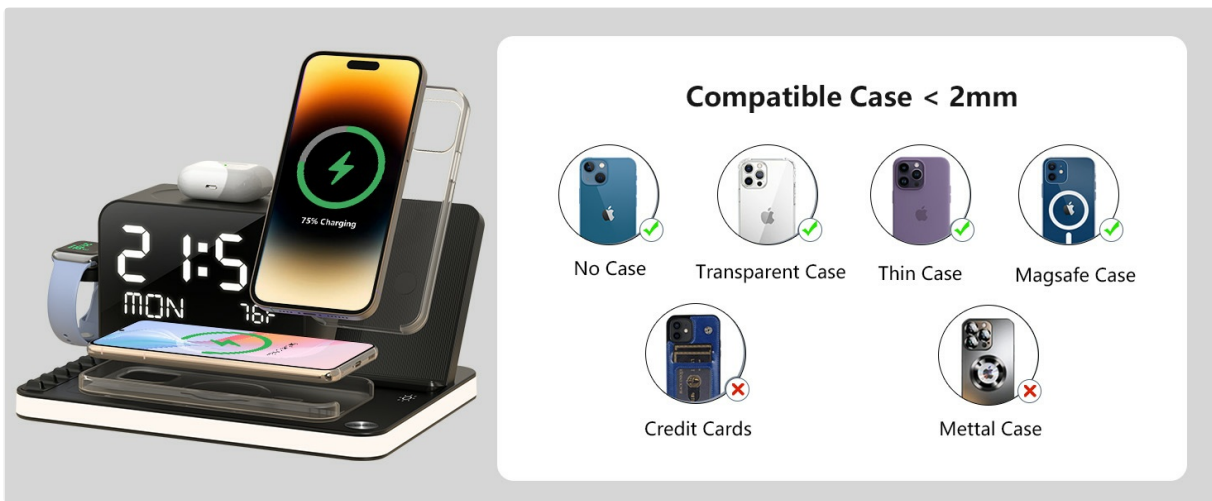

Image: A diagram illustrating which types of phone cases are compatible (e.g., thin, MagSafe) and incompatible (e.g., metal, credit card holders) with the wireless charging function.

6. MAINTENANCE

To ensure the longevity and optimal performance of your charging station, follow these maintenance guidelines:

- **Cleaning:** Disconnect the power before cleaning. Use a soft, dry cloth to wipe the surface. Avoid using abrasive cleaners, solvents, or harsh chemicals.
- **Storage:** Store the device in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Handling:** Avoid dropping or subjecting the device to strong impacts. Do not disassemble the unit.

7. TROUBLESHOOTING

If you encounter issues with your ATEVENSEE Wireless Charging Station, refer to the following common problems and solutions:

Problem	Possible Cause / Solution
Device not charging wirelessly.	<ul style="list-style-type: none"> ◦ Ensure the device is placed correctly on the charging pad. ◦ Check if the phone case is too thick or contains metal/credit cards (refer to Section 5.3). ◦ Verify the power adapter is securely connected and functioning. ◦ Restart the charging station by unplugging and re-plugging the power cable. ◦ Ensure your device supports wireless charging.
Time display is incorrect.	<ul style="list-style-type: none"> ◦ Ensure Bluetooth is enabled on your phone and connected to "010". ◦ If Bluetooth connection fails, try restarting your phone's Bluetooth or the charging station.

Problem	Possible Cause / Solution
Digital display brightness is too high/low.	<ul style="list-style-type: none"> Use the "Brightness of Screen Touch Point" to adjust the display brightness (refer to Section 5.2).
Night light not functioning.	<ul style="list-style-type: none"> Ensure the charging station is powered on. Touch the "Night Light Touch Point" to activate or change light modes (refer to Section 5.2).

8. SPECIFICATIONS

Feature	Detail
Model Number	RYT-010-01
Brand	ATEVENSEE
Package Dimensions	9.65 x 7.17 x 4.45 inches
Item Weight	1.13 pounds
Input Voltage	25 Volts
Wattage	30 watts
Connector Type	2-Pin (for power adapter)
Total USB Ports	1 (Type-C input)
Special Features	Display Temperature & Time & Week, Dual iPhone Charging, Touch Night Light, Bluetooth TimeSync, Wireless Charging
Compatible Devices	iPhone 16/15/14/13/12 all series (supports all wireless charging phones), Apple Watch all series (original only), AirPods 4/3/2/Pro/Pro 2 (supports all wireless charging earbuds)
