Faweio IDW26

Faweio Smart Watch User Manual

Model: IDW26

1. INTRODUCTION

The Faweio Smart Watch (Model IDW26) is a versatile wearable device designed to enhance your daily life with smart features and comprehensive health monitoring. It offers Bluetooth calling, Alexa voice assistant integration, a wide range of sports modes, and robust IP68 waterproofing. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal use of your new smartwatch.

2. WHAT'S IN THE BOX

Your Faweio Smart Watch package includes the following items:

- Faweio Smart Watch (Model IDW26)
- USB Magnetic Charging Cable
- User Manual

Included in the Box & Dimensions

Image: Contents of the Faweio Smart Watch retail box.

3. SETUP

3.1. Initial Charging

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a compatible power source (e.g., USB wall adapter, computer USB port). A full charge typically takes about 2 hours.

300mAh Long Life Watch Battery

3.2. App Download and Pairing

To unlock all features and sync data, download the 'Veryfit' app on your smartphone.

1. Turn on Bluetooth on your phone.
2. Open Google Play Store (Android) or App Store (iOS).
3. Search for and download 'Veryfit'.
4. Open the 'Veryfit' app, tap 'Add A Device', find 'IDW26', and bind it.

3.3. Band Attachment

The watch comes with a comfortable silicone band. To attach, align the pins on the band with the holes on the watch body and slide them into place until they click securely. Ensure both sides are firmly attached before wearing.

4. OPERATING YOUR SMART WATCH

4.1. Basic Navigation

The 1.83" HD touch screen allows for intuitive navigation. Swipe left/right or up/down to access different functions and menus. The side button typically serves as a power/wake button and a back button to return to the main watch face.

4.2. Bluetooth Call and Smart Notifications

Once paired with the 'Veryfit' app, you can manage calls and receive notifications directly on your wrist.

- **Answering/Making Calls:** Use the built-in microphone and speaker. You can store contacts and view call records.

- **Notifications:** Receive alerts for messages from Facebook, Messenger, Instagram, Gmail, WhatsApp, Twitter, and more. Read messages directly on the watch screen.

Bluetooth Call Smart Watch

4.3. Alexa Built-in

Your smartwatch features built-in Alexa for convenient voice commands.

- Tap the Alexa icon on your watch or use the designated voice command to activate.
- Ask Alexa to check news, weather, set alarms, or control smart home devices.

Alexa Voice Control

4.4. Health Monitoring

The IDW26 continuously monitors your health metrics:

- **Heart Rate:** 24/7 monitoring to track your heart rate trends.
- **SpO2 Monitor:** Measures your blood oxygen saturation levels.
- **Sleep Monitor:** Tracks your sleep patterns and quality.
- **Stress Tester & Breathe Coach:** Tools to help manage stress and improve breathing.
- **Cycle Tracking:** Female-friendly function for menstrual cycle tracking.

4.5. Sports Modes and Activity Tracking

With over 100 sports modes, your smartwatch is a comprehensive fitness companion.

- Select your activity (e.g., walking, running, cycling, swimming, yoga) to track calories burned, steps, distance, and workout time.
- Generate detailed reports in the 'Veryfit' app after your exercise sessions.

100+ Sport Modes

Covering Both Internal & External Places of Exercise
Track Your Exercise Data & Cater for Diverse Activity Needs

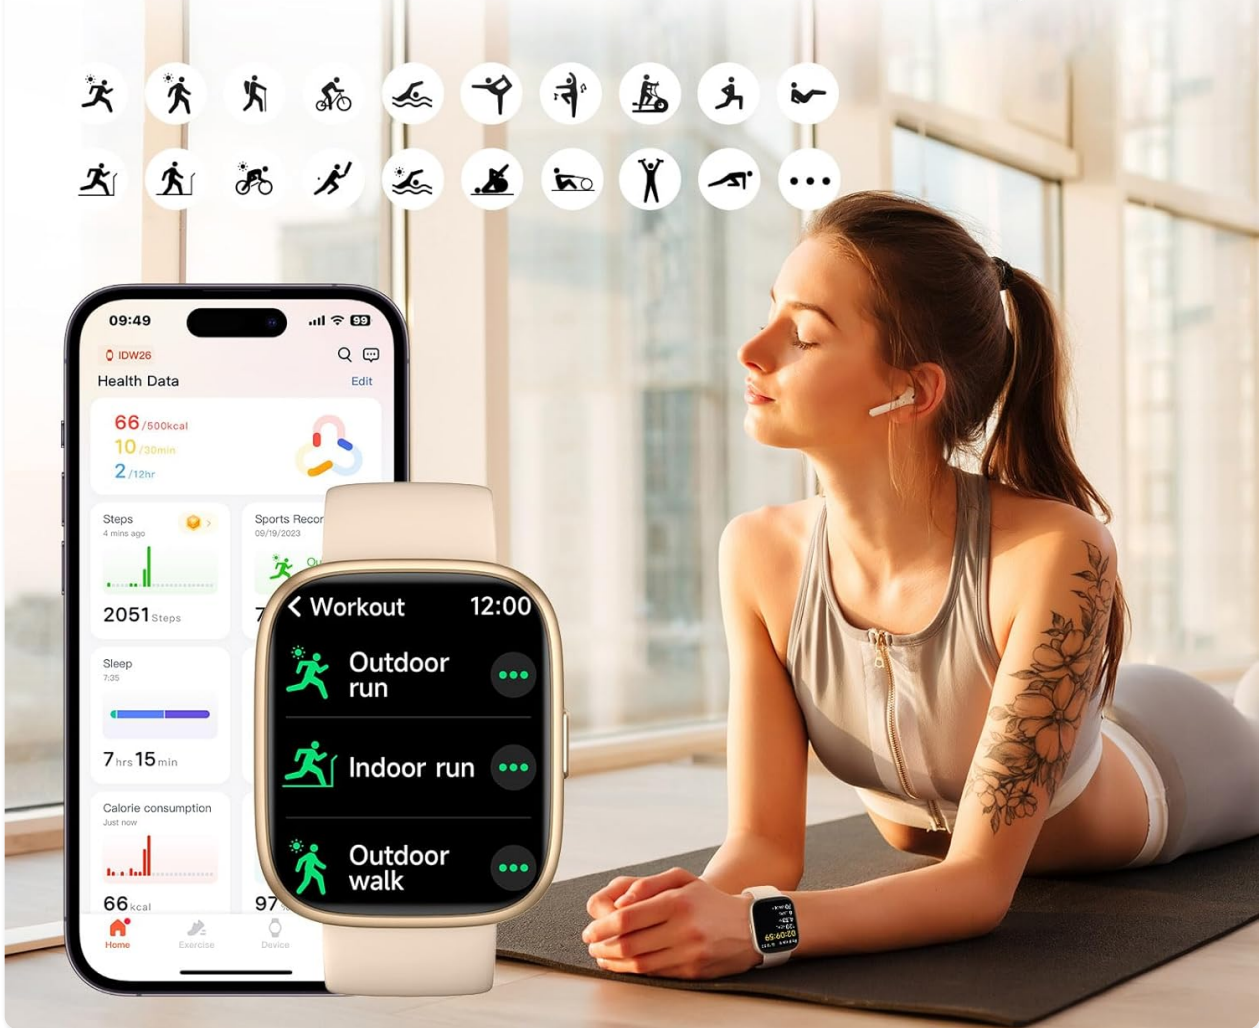

Image: The watch displaying different sports modes and fitness data.

4.6. Other Functions

The IDW26 offers a variety of useful functions:

- Alarm Clock, Stopwatch, Timer
- Music Control & Camera Control (via phone connection)
- Weather Forecast
- Torch (flashlight function)
- Locate Your Phone
- Drink Reminder

5. MAINTENANCE

5.1. Cleaning

Regularly clean your watch and band to prevent skin irritation and maintain performance. Wipe the screen and body with a soft, damp cloth. For the silicone band, use mild soap and water, then rinse thoroughly and dry.

5.2. Water Resistance (IP68)

The Faweio Smart Watch has an IP68 waterproof rating, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for swimming, washing hands, and use in rain. Avoid hot water, steam, or prolonged immersion in deep water.

Image: The watch being used in water, highlighting its IP68 waterproof rating.

5.3. Battery Care

To prolong battery life:

- Charge fully before first use.
- Avoid extreme temperatures.
- Do not leave the watch uncharged for extended periods.
- A full charge provides approximately 7 days of normal use, 20 days in power-saving mode, and 30 days

on standby.

6. TROUBLESHOOTING

Issue	Possible Cause	Solution
Watch not turning on	Low battery	Charge the watch for at least 30 minutes.
Bluetooth disconnection	Out of range, app closed, phone Bluetooth off	Ensure watch is within phone's Bluetooth range, 'Veryfit' app is running, and phone Bluetooth is on. Re-pair if necessary.
Notifications not received	App permissions, phone settings	Check 'Veryfit' app notification permissions and phone's notification settings for the app. Ensure Bluetooth is connected.
Inaccurate health data	Improper fit, movement	Ensure the watch is worn snugly on your wrist, about one finger's width from your wrist bone. Remain still during measurements.
Alexa not responding	No internet connection, app issue	Ensure your phone has an active internet connection and the 'Veryfit' app is running. Check Alexa settings within the app.
