## VINNOVA 707624-SA-WH-NM

# VINNOVA Palos Bathroom Vanity Instruction Manual

Model: 707624-SA-WH-NM | Brand: VINNOVA

## 1. PRODUCT OVERVIEW

The Vinnova Palos Series Vanity is crafted from solid wood, featuring a minimalist design. It includes ample storage behind grooved cabinet doors and a white drop-in ceramic basin. This manual provides essential information for the installation, operation, and maintenance of your vanity.

### Key Features:

- **Durable Materials:** Constructed from natural, imported solid wood for longevity.
- **Spruce Antique Brown Finish:** Environmentally friendly Sherwin-Williams paint products are used for the finish.
- **Storage:** Two soft-closing doors and an adjustable open shelf provide storage space.
- **Hardware:** Rugged zinc alloy knurled Matte Black or Brushed Gold handles.
- **Modern Top:** 7.5-inch thick, white drop-in ceramic basin with a high-gloss, anti-fouling coating, designed to be scratch-resistant, wear-resistant, and easy to clean.

## 2. SETUP AND INSTALLATION

The Vinnova Palos Bathroom Vanity is designed for floor mounting and comes pre-assembled. No assembly is required for the main cabinet. Installation primarily involves positioning the vanity and connecting it to your plumbing system.

### 2.1 Package Contents:

- 1 x Main Cabinet
- 1 x Ceramic Basin

### 2.2 Pre-Installation Checks:

1. Inspect all components for any damage prior to installation.
2. Ensure all necessary plumbing connections (water supply lines, drain) are accessible at the installation site.
3. Verify the dimensions of the vanity against your bathroom space to ensure proper fit.

## 2.3 Installation Steps:

1. Carefully unpackage the main cabinet and ceramic basin.
2. Position the main cabinet in the desired location, ensuring it is level.
3. Place the ceramic basin onto the main cabinet. Ensure it is properly seated and aligned.
4. Connect the faucet (sold separately) and drain assembly to the ceramic basin according to their respective manufacturer's instructions. The basin has a pre-drilled hole for a single-hole basin faucet.
5. Connect the water supply lines and drain to your home's plumbing system. Ensure all connections are secure and watertight.
6. Test for leaks by running water through the faucet and checking the drain connections.

## 3. OPERATING INSTRUCTIONS

The Vinnova Palos Bathroom Vanity is designed for functional use in a bathroom environment, providing both a washbasin and storage.

### 3.1 Using the Sink:

- The ceramic basin is designed for daily washing and hygiene.
- Ensure the faucet is properly installed and connected to water supply.
- The basin features a standard drain opening.

### 3.2 Storage Compartments:

- The vanity features two soft-closing cabinet doors for concealed storage.
- An adjustable shelf is located inside the cabinet, allowing you to customize storage space for toiletries and other items.

Integral Ceramic Sink has pre-drilled hole for single hole basin faucet.

## 4. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and appearance of your Vinnova Palos Bathroom Vanity.

### 4.1 Cleaning the Ceramic Basin:

- The ceramic basin has a high-gloss, anti-fouling coating for easy cleaning.
- Clean regularly with a soft cloth and mild, non-abrasive cleaner.
- Rinse thoroughly with water after cleaning and wipe dry to prevent water spots.
- **Important:** Avoid using corrosive cleaning products, harsh chemicals, or abrasive scrubbers, as these can damage the ceramic surface and its coating.

### 4.2 Cleaning the Wood Cabinet:

- Wipe the wood surfaces with a soft, damp cloth.
- For deeper cleaning, use a wood-safe cleaner, following the product's instructions.
- Immediately wipe up any spills to prevent water damage or staining.
- Avoid prolonged exposure to excessive moisture.

### 4.3 Hardware Care:

- Clean handles with a soft, dry cloth.
- Avoid using abrasive cleaners or polishes on the metal hardware.

## 5. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your bathroom vanity.

### 5.1 Water Leaks:

- **Issue:** Water leaking from faucet or drain connections.  
**Solution:** Check all plumbing connections for tightness. Ensure Teflon tape or plumber's putty was used correctly during faucet and drain installation. If leaks persist, consult a qualified plumber.

### 5.2 Cabinet Doors Not Closing Properly:

- **Issue:** Cabinet doors are misaligned or do not close smoothly.  
**Solution:** The soft-closing hinges are typically adjustable. Refer to the hinge manufacturer's instructions for adjustment procedures to correct alignment. Ensure no obstructions are preventing the doors from closing.

### 5.3 Slow Drainage:

- **Issue:** Water drains slowly from the basin.  
**Solution:** Check the drain stopper for any debris or hair accumulation. Clean the P-trap if necessary. Ensure the drain assembly is not overtightened, which can restrict water flow.

## 6. SPECIFICATIONS

---

Attribute	Detail
Brand	VINNOVA
