Sony S100F, MDR7506

Sony S100F 2.0ch Soundbar & MDR7506 Professional Headphone Instruction Manual

Model: S100F (Soundbar), MDR7506 (Headphone)

INTRODUCTION

This manual provides essential instructions for the setup, operation, and maintenance of your Sony S100F 2.0ch Soundbar and Sony MDR7506 Professional Large Diaphragm Headphone. Please read this manual thoroughly before using the products to ensure proper functionality and to maximize your audio experience.

PRODUCT OVERVIEW

Sony S100F 2.0ch Soundbar

The Sony S100F is a compact 2.0 channel soundbar designed to enhance your television's audio. It features a built-in bass reflex speaker and integrated tweeter for clear, powerful sound, and offers Bluetooth connectivity for wireless audio streaming.

SOUNDBAR FEATURES (MODEL S100F)

- **2.0ch Speaker System:** Delivers clear audio with a built-in tweeter for enhanced high frequencies.
- **Bass Reflex Speaker:** Provides deep, rich bass without requiring a separate subwoofer.
- **Compact and Slim Design:** Ideal for small living spaces, fitting seamlessly under most televisions.
- **Bluetooth Connectivity:** Allows for easy wireless streaming from compatible devices.
- **Voice Enhancement:** Optimizes dialogue clarity, useful for TV content with hushed conversations or conference calls.
- **Easy Setup:** Simple connectivity options, including HDMI ARC, for quick integration with your TV.

HEADPHONE FEATURES (MODEL MDR7506)

- **Neodymium Magnets & 40mm Drivers:** Ensures powerful and detailed sound reproduction.
- **Closed-Ear Design:** Provides comfort during extended use and excellent reduction of external noise.
- **Durable 9.8-foot Coiled Cord:** Features a gold-plated plug and includes a 1/4 inch adapter for versatile connectivity. The cord is not detachable.

- **Foldable Design:** Allows for convenient storage and portability in the provided soft case.

SETUP & CONNECTIVITY (SOUNDBAR S100F)

Connecting to your Television via HDMI ARC

1. Locate the HDMI ARC port on your television. This port is usually labeled "HDMI ARC" or "HDMI IN (ARC)".
2. Connect one end of an HDMI cable (not included) to the HDMI ARC port on your TV.
3. Connect the other end of the HDMI cable to the HDMI OUT (TV ARC) port on the rear of your Sony S100F Soundbar.
4. Ensure your TV's audio output settings are configured to use the HDMI ARC connection. Refer to your TV's manual for specific instructions.

Bluetooth Pairing

1. Press the **Bluetooth** button on the soundbar's top panel or remote control to enter pairing mode. The Bluetooth indicator will flash.
2. On your mobile device (smartphone, tablet, etc.), enable Bluetooth and search for available devices.
3. Select "HT-S100F" from the list of devices.
4. Once connected, the Bluetooth indicator on the soundbar will stop flashing and remain lit.

OPERATION (SOUNDBAR S100F)

Basic Controls

- **Power:** Press the **Power** button on the soundbar or remote to turn the unit on or off.
- **Volume:** Use the **+** and **-** buttons to adjust the volume level.
- **Input Selection:** Press the **Input** button to cycle through available inputs (TV, Bluetooth, USB).

Voice Enhancement

Activate the Voice Enhancement feature via the remote control to make dialogue clearer and easier to understand, especially in content with low-volume speech.

MAINTENANCE & CARE

To ensure the longevity and optimal performance of your Sony products, follow these general care guidelines:

- Keep the devices clean by wiping them with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- Do not expose the soundbar or headphones to extreme temperatures, humidity, or direct sunlight.
- Avoid placing heavy objects on the soundbar.
- Store headphones in their provided soft case when not in use to protect them from dust and damage.

TROUBLESHOOTING (SOUNDBAR S100F)

If you experience issues with the soundbar muting or losing audio after turning your TV off and then back on, especially when connected via HDMI ARC, try the following solution:

- Use the **Voice** option on your soundbar's remote control. Activating this feature can sometimes resolve accidental muting issues related to the HDMI ARC connection, ensuring uninterrupted audio.
