## Features Elite Ultra Light Cushion Mini Crew Sock

# Features Elite Ultra Light Cushion Mini Crew Sock

Model: Elite Ultra Light Cushion Mini Crew Sock

## PRODUCT OVERVIEW

The Features Elite Ultra Light Cushion Mini Crew Sock is engineered for an enhanced fit and feel, offering superior comfort and support for an active lifestyle. These socks feature targeted compression, an anatomical design for a custom-like fit, and ultra-light cushioning for a lighter, cooler feel. They are designed to minimize the risk of blisters and provide lasting durability.

A pair of Featues Elite Ultra Light Cushion Mini Crew Socks, highlighting their sleek design and comfortable fit.

## KEY FEATURES

- **Ultra-Light Cushion:** Our thinnest cushion option provides a lighter, cooler feel and takes up minimal room inside the shoe, ideal for high-performance activities.
- **Mini Crew Design:** Sits just below the calf, making it versatile for various activities like cycling, trail running, or as a fashion statement.
- **Targeted Compression:** Zone-specific compression provides superior comfort and support where it's needed most, particularly in the arch.

# TARGETED COMPRESSION

Provides superior comfort  
and support in the arch.

Illustration of the targeted compression zones in the Features sock, designed for enhanced arch support.

- **Anatomical Design:** Conforms to the left and right structures of the foot, providing a custom-like fit and significantly reducing the risk of blisters.

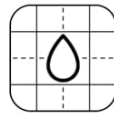

## ANATOMICAL DESIGN

Enhances fit and reduces  
the risk of blisters.

Detail showing the anatomical design of the sock, which is shaped specifically for the left and right foot to prevent rubbing and blisters.

- **iWick Fibers:** Made with moisture-wicking fibers to keep feet cool and dry, ensuring breathability and superior durability.

## iWICK FIBERS

Wicks moisture away, to keep feet cool and dry, while providing superior durability.

- **Seamless Toe:** Eliminates irritating toe seams for enhanced comfort during prolonged wear.

## WEARING INSTRUCTIONS

To ensure optimal performance and comfort from your Features Elite Ultra Light Cushion Mini Crew Socks, please follow these guidelines:

1. **Identify Left and Right:** Each sock is anatomically designed for a specific foot. Look for the 'L' (Left) and 'R' (Right) indicators on the toe of each sock to ensure proper fit.
2. **Smooth Fit:** Gently pull the sock up your foot and leg, ensuring there are no wrinkles or bunching, especially around the arch and heel. The targeted compression should feel snug but not restrictive.
3. **Proper Placement:** Ensure the heel cup of the sock is properly seated around your heel. The mini crew height should sit comfortably just below your mid-calf.
4. **Footwear Compatibility:** These ultra-light socks are designed to take up minimal room, making them suitable for a wide range of athletic and casual footwear.

We believe people were not meant to sit still.  
**THEY WERE MEANT TO MOVE.**

## CARE AND MAINTENANCE

---

Proper care will extend the life and performance of your Feetures socks:

- **Machine Wash:** Wash in cold water with like colors.
- **Tumble Dry:** Tumble dry on low heat.
- **Avoid Bleach and Fabric Softeners:** Do not use bleach or fabric softeners as they can damage the fibers and affect the sock's wicking properties.
- **Do Not Iron or Dry Clean:** These methods are not recommended and can harm the material.

## PRODUCT SPECIFICATIONS

---

Attribute	Detail
Department	Mens (also suitable for Women)
Fabric Type	91% Nylon; 9% Spandex
Weave Type	Ribbed
Origin	Imported
Cushion Level	Ultra Light
Sock Height	Mini Crew

## TROUBLESHOOTING

---

While Feetures socks are designed for high performance, here are some common issues and solutions:

- **Issue: Socks feel too tight or too loose.**

**Solution:** Ensure you have selected the correct size based on your shoe size. Feetures socks are designed to fit snugly. Refer to the size guide if unsure. Also, verify you are wearing the left sock on the left foot and the right sock on the right foot, as they are anatomically shaped.

- **Issue: Blisters or discomfort.**

**Solution:** While Feetures socks are designed to reduce blisters, ensure your footwear is also properly fitted. Check that the sock is smooth against your foot with no wrinkles. If issues persist, ensure the sock is clean and dry before each use.

- **Issue: Sock slipping down.**

**Solution:** This is uncommon due to the targeted compression. Ensure the sock is pulled up fully and the heel is properly seated. If the issue persists, re-check your size.

- **Issue: Premature wear or holes.**

**Solution:** Refer to the 'Care and Maintenance' section to ensure proper washing. If the sock develops a hole or fails to live up to standards, it may be covered under the Feetures Lifetime Guarantee.

## WARRANTY AND SUPPORT

---

Feetures stands behind the quality and durability of its products.

### Feetures Lifetime Guarantee

As a family-owned company, Feetures takes pride in products that are built to last. We are happy to provide a Lifetime Guarantee on all our socks. If any of our socks fail to live up to your standards, we will replace them. Any sock returned to the store will be credited by Feetures.

For more information or to initiate a warranty claim, please visit the official Feetures website or contact their customer support directly.

### **WHAT DOES OUR LIFETIME PROMISE MEAN?**

As a family owned company, we like to stand behind our products. So if any of our socks fail to live up to your standards, we'll replace them. Any sock returned to the store will be credited by Features.
