

Tailulu D10

Tailulu D10 HEPA Air Purifier User Manual

Model: D10

1. PRODUCT OVERVIEW

The Tailulu D10 HEPA Air Purifier is designed to improve indoor air quality by filtering various airborne pollutants. It features a 3-stage filtration system, multiple operating modes, and user-friendly controls.

Image: Tailulu D10 HEPA Air Purifier, showing its compact design and the aromatherapy feature with an essential oil dropper.

Key Features:

- H13 True HEPA Filter with 3-stage filtration.
- 360° air intake for efficient purification.
- Covers areas up to 1360 sq ft.
- Low noise operation (as low as 15dB in Sleep Mode).
- Smart touch panel with 4 fan speeds, Sleep Mode, Child Lock, Timer, Filter Replacement Reminder, and optional Night Light.
- Integrated aromatherapy sponge.

2. SETUP INSTRUCTIONS

2.1 Unpacking and Placement

1. Carefully remove the air purifier from its packaging.
2. Place the unit on a firm, level surface. Ensure there is at least 15 inches (38 cm) of clear space around the unit for

optimal air circulation, especially due to its 360° air intake design.

3. Keep the air purifier away from walls, curtains, and other objects that could block the air inlets or outlets.

2.2 Filter Installation

The air purifier comes with a pre-installed filter. Before first use, ensure the filter is correctly seated and any protective packaging is removed.

1. Unplug the air purifier from the power outlet.
2. Turn the unit upside down and twist the base counter-clockwise to unlock and remove it.
3. Remove the plastic bag from the H13 HEPA filter.
4. Place the filter back into the unit, ensuring it is seated securely.
5. Replace the base and twist clockwise to lock it into position.

3-Stage Filtration

Traps 99.97% of particles down to 0.3 microns.

Activated Carbon Filter

Smoke, Pet Odor, Cooking Smell, VOCs

H13 HEPA Filter

Pollen, Pet Dander, Dust Particles

Pre-Filter

Pet Fur, Dust, Lint

4. MAINTENANCE

4.1 Filter Replacement

The filter should be replaced every 3-6 months, depending on usage and air quality. A filter replacement reminder light will illuminate on the control panel when replacement is needed.

1. Unplug the air purifier.
2. Remove the base and old filter as described in Section 2.2.
3. Insert a new genuine Tailulu D10 replacement filter (Model: B0CXHG55H2).
4. Replace and lock the base.
5. After replacing the filter, press and hold the **Reset** button for 3 seconds to reset the filter lifetime indicator.

4.2 Cleaning the Unit

- Wipe the exterior of the air purifier with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Clean the aromatherapy sponge as needed or replace it with a new one.

5. TROUBLESHOOTING

If you encounter issues with your Tailulu D10 Air Purifier, please refer to the following common solutions:

Problem	Possible Cause	Solution
Unit does not turn on	Not plugged in; Power outlet malfunction; Filter not installed correctly	Ensure power cord is securely plugged in; Test outlet with another device; Reinstall filter correctly.
Weak airflow	Filter is dirty; Air inlets/outlets blocked	Replace the filter; Clear any obstructions around the unit.
Unusual noise	Foreign object inside; Unit not on a stable surface	Unplug and check for foreign objects; Place on a flat, stable surface.
Filter replacement light remains on after filter change	Filter reset not performed	Press and hold the Reset button for 3 seconds to reset the indicator.

If the problem persists, please contact Tailulu customer support for assistance.
