

Estink Estinkfqarkcsdgz-01

# Estink Retro Alarm Clock User Manual

Model: Estinkfqarkcsdgz-01

## 1. PRODUCT OVERVIEW

The Estink Retro Alarm Clock is a stylish and functional desktop clock designed for home, office, bedroom, living room, and study room use. It features a classic round design with a twin bell alarm, a night light function, and quiet pointer movement for a peaceful environment.

*Figure 1: Front view of the Estink Retro Alarm Clock. This image shows the classic round design with large, easy-to-read numbers and the twin bells at the top.*

### **Key Features:**

- **Noctilucent Switch:** Energy-saving night light activated by a single press.
- **Stylish Design:** Charming retro cartoon modeling adds a decorative touch.
- **Adjustable Alarm:** Easily set the alarm time to your specific needs.

- **Silent Pointer Movement:** Ensures quiet operation for undisturbed sleep.
- **Stable Placement:** Fine craftsmanship allows for smooth placement on any flat surface.

## 2. SETUP

---

### 2.1 Battery Installation

The Estink Retro Alarm Clock requires **two (2) AA batteries** (not included) for operation.

1. Locate the battery compartment on the back of the clock.
2. Open the battery compartment cover.
3. Insert two AA batteries, ensuring the correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery compartment cover securely.

## 3. OPERATING INSTRUCTIONS

---

### 3.1 Setting the Time

To set the current time:

- Locate the time adjustment knob on the back of the clock (usually labeled "TIME SET" or similar).

- Rotate the knob clockwise or counter-clockwise until the hour and minute hands indicate the correct time.

### 3.2 Setting the Alarm

To set the alarm time:

- Locate the alarm adjustment knob on the back of the clock (usually labeled "ALARM SET" or similar).
- Rotate the knob to set the desired alarm time. The alarm hand will move independently.
- To activate the alarm, ensure the alarm ON/OFF switch (if present) is in the "ON" position.

### 3.3 Using the Night Light

The clock features a noctilucent function for easy viewing in the dark.

- Press the night light button (often located on the back or top of the clock) to activate the soft illumination.
- The light will turn off automatically after a short period, conserving battery life.

*Figure 3: The alarm clock demonstrating its night light function, providing soft illumination for visibility in low light conditions.*

## 4. MAINTENANCE

To ensure the longevity and optimal performance of your Estink Retro Alarm Clock, follow these maintenance guidelines:

- **Cleaning:** Wipe the clock surface with a soft, dry cloth. Avoid using abrasive cleaners or solvents, as they may damage the finish.
- **Battery Replacement:** Replace batteries promptly when the clock starts to lose time or the alarm weakens. Remove batteries if the clock will not be used for an extended period to prevent leakage.
- **Placement:** Place the clock on a stable, flat surface away from direct sunlight, extreme temperatures, and high humidity.

## 5. TROUBLESHOOTING

### 5.1 Clock Not Keeping Accurate Time

- **Check Batteries:** Ensure batteries are fresh and inserted with correct polarity. Weak batteries can affect timekeeping accuracy.
- **Adjust Pin:** If the time is consistently too fast or too slow, locate the small adjustment pin behind the clock (often near the time setting knob). Shift it slightly towards the (-) mark if the time is fast, or towards the (+) mark if the time is slow. Make small adjustments and observe.

### 5.2 Alarm Not Sounding

- **Alarm ON/OFF Switch:** Verify that the alarm switch on the back of the clock is in the "ON" position.
- **Alarm Time Set Correctly:** Double-check that the alarm hand is set to the desired time.
- **Battery Level:** Ensure batteries have sufficient power to trigger the alarm mechanism.

## 6. SPECIFICATIONS

Feature	Detail
Brand	Estink
Model Number	Estinkfqarkcsdgz-01
Material	Plastic
Color	Black (4 Inches Black variant)
Display Type	Analog
Power Source	Battery Powered (2 x AA batteries, not included)
Product Dimensions	Approx. 16cm (6.3in) Height, 12cm (4.7in) Width (as per description) / 5.12"W x 2.76"H (as per specifications) - <i>Note: Discrepancy in dimensions, using both for clarity.</i>
Item Weight	Approx. 280g (9.9oz) / 274 Grams (9.7 ounces)

Feature	Detail
Special Feature	Alarm, Night Light (Noctilucent Function)
Movement Type	Mechanical (Silent Pointer Movement)
