Nictemaw N5577-3

Nictemaw N5577-3 Portable Washing Machine Instruction Manual

Model: N5577-3

1. PRODUCT OVERVIEW

The Nictemaw N5577-3 is a full-automatic portable washing machine designed for efficiency and convenience in compact living spaces. With a 20 lbs (2.8 Cu.ft) capacity, it offers 10 washing programs and 8 water levels to cater to various laundry needs. Its compact design, powerful motor, and user-friendly features make it an ideal solution for apartments, RVs, homes, and dormitories.

20LBS LARGER CAPACITY

More laundry space for all types of clothes!

2. SETUP INSTRUCTIONS

Proper setup ensures optimal performance and prevents issues. Follow these steps carefully:

1. **Unpacking:** Carefully remove the washing machine from its packaging. Inspect for any damage during transit.
2. **Positioning:** Place the machine on a flat, stable surface. Use the adjustable leveling legs to ensure the unit is perfectly balanced to prevent severe vibrations during operation.
3. **Water Inlet Connection:** Connect the water inlet hose to a suitable water source (e.g., kitchen faucet, bathroom faucet). Ensure the connection is tight to prevent leaks. The machine supports both manual water filling and direct faucet connection.
4. **Drain Hose Setup:** Attach the extended drain hose securely to the machine's drain outlet. Position the drain hose to

direct wastewater into a sink, bathtub, or other appropriate drainage system. The powerful built-in drain pump allows for drainage to low or high places.

5. **Power Connection:** Plug the power cord into a grounded electrical outlet.

2RD GENERATION UPGRADED MOTOR

Washing cleaner & drainage more thorough!

Silent Laundry

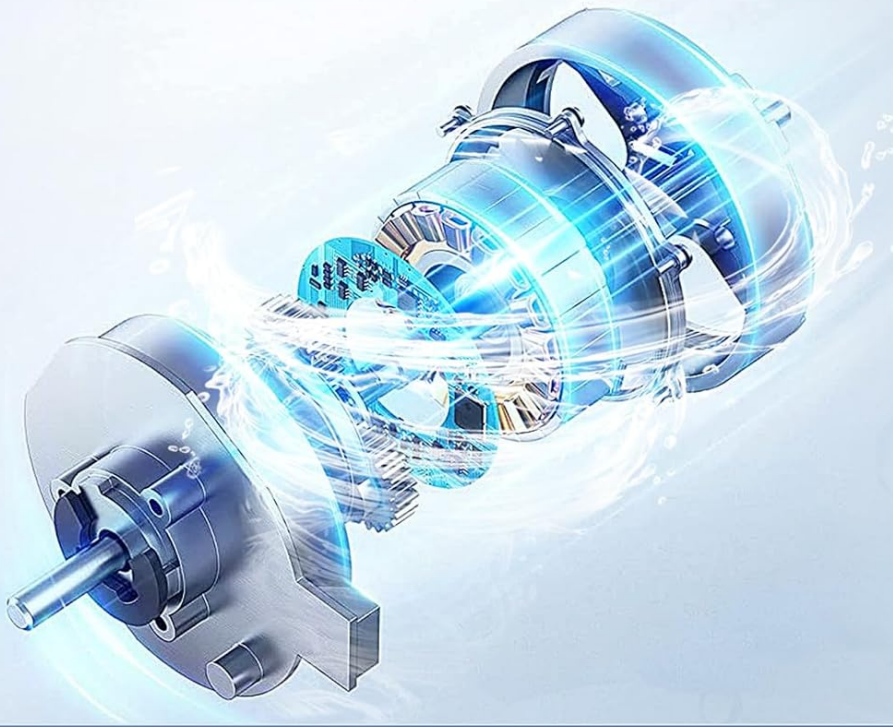

Energy Saving

Strong Power

3. OPERATING INSTRUCTIONS

The Nictemaw N5577-3 features a user-friendly control panel for easy operation:

1. **Power On:** Press the 'Power' button to turn on the machine. The LED display will illuminate.
2. **Load Laundry:** Open the transparent cover and load your clothes into the stainless steel inner tank. Do not overload the machine beyond its 20 lbs capacity.
3. **Add Detergent:** Add the appropriate amount of detergent to the dispenser.
4. **Select Water Level:** Use the 'Water Level' button to choose from 8 available water levels (1-2L, 3-4L, 5-6L, 7-8L) based on your laundry load size.
5. **Choose Program:** Press the 'Program' button repeatedly to select one of the 10 washing programs (Standard, Spin, Quick Wash, Blanket, Air Dry, Soak, Wash, Tub Clean, Water Recycle, Rinse Spin). The LED indicator light will display the selected program.
6. **Delayed Start (Optional):** To set a delayed start, use the 'Delay Start' function. The 24-hour delayed start function allows you to schedule washing cycles at your convenience.
7. **Start Cycle:** Press the 'Start/Pause' button to begin the washing cycle. The LED display will show the remaining washing time.
8. **Child Lock:** Activate the child lock function for added safety by pressing and holding the designated button. This prevents accidental operation by children.

The 3D butterfly flow pulsator ensures thorough cleaning, reduces tangling, and enhances stretchability of clothes. The washing and dehydration functions can be used independently.

10 WASHING PROGRAMS

Improve washing efficiency & enjoy relaxing moments!

4. MAINTENANCE

Regular maintenance ensures the longevity and efficiency of your washing machine:

- **Tub Self-Cleaning:** Utilize the 360° tub self-cleaning function to remove stubborn stains and maintain a healthy laundry environment.
- **Fluff Stain Filter:** Regularly clean the fluff stain filter to effectively remove lint and hair from clothes and prevent blockages.
- **Stainless Steel Inner Tank:** The honeycomb-shaped stainless steel inner tank is designed to protect clothes and reduce wear. Periodically wipe it clean.
- **Air Drying:** The independent air-drying function, achieved through high-speed rotation, helps keep the tub dry and

prevents mildew.

5. TROUBLESHOOTING

If you encounter any issues with your Nictemaw Portable Washing Machine, please refer to the following common troubleshooting tips:

- **Machine Not Starting:** Ensure the power cord is securely plugged in and the power button has been pressed. Check if the lid is properly closed.
- **Water Leakage:** Verify that all water inlet and drain hose connections are tight and correctly installed. Ensure the drain hose is not kinked or blocked.
- **Excessive Vibration/Noise:** Check if the machine is placed on a level surface and adjust the leveling feet if necessary. Ensure laundry is evenly distributed inside the tub. The Automatic Unbalance Detection (AUD) function

helps mitigate severe vibrations.

- **Poor Drainage:** Confirm the drain hose is positioned correctly and not obstructed. Clean the fluff stain filter if it's clogged.
- **Clothes Not Clean:** Ensure the correct washing program and water level are selected for the load size and fabric type. Check detergent levels.

For persistent issues, please contact Nictemaw customer support.
