# Giantex 4-Tier Metal Plant Stand Instruction Manual

Model: B0CTQF8F5Z | Brand: Giantex

## 1. INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Giantex 4-Tier Metal Plant Stand. Designed to efficiently display multiple potted plants, this stand features a compact, tiered design that maximizes sunlight exposure for your plants while occupying minimal floor space. Its versatile design also allows it to function as a decorative display for various items.

## 2. SAFETY INSTRUCTIONS

---

- Ensure all connections are securely tightened before placing items on the stand.
- Do not exceed the maximum weight capacity of 11 lbs (5 kg) per tier.
- Place the plant stand on a flat, stable surface to prevent tipping.
- Keep small children and pets away from the stand during assembly and when loaded with plants to prevent accidents.
- Avoid climbing or leaning heavily on the stand.

## 3. PACKAGE CONTENTS

---

Verify that all components listed below are present in your package before beginning assembly.

## Easy Assembly with Complete Accessories

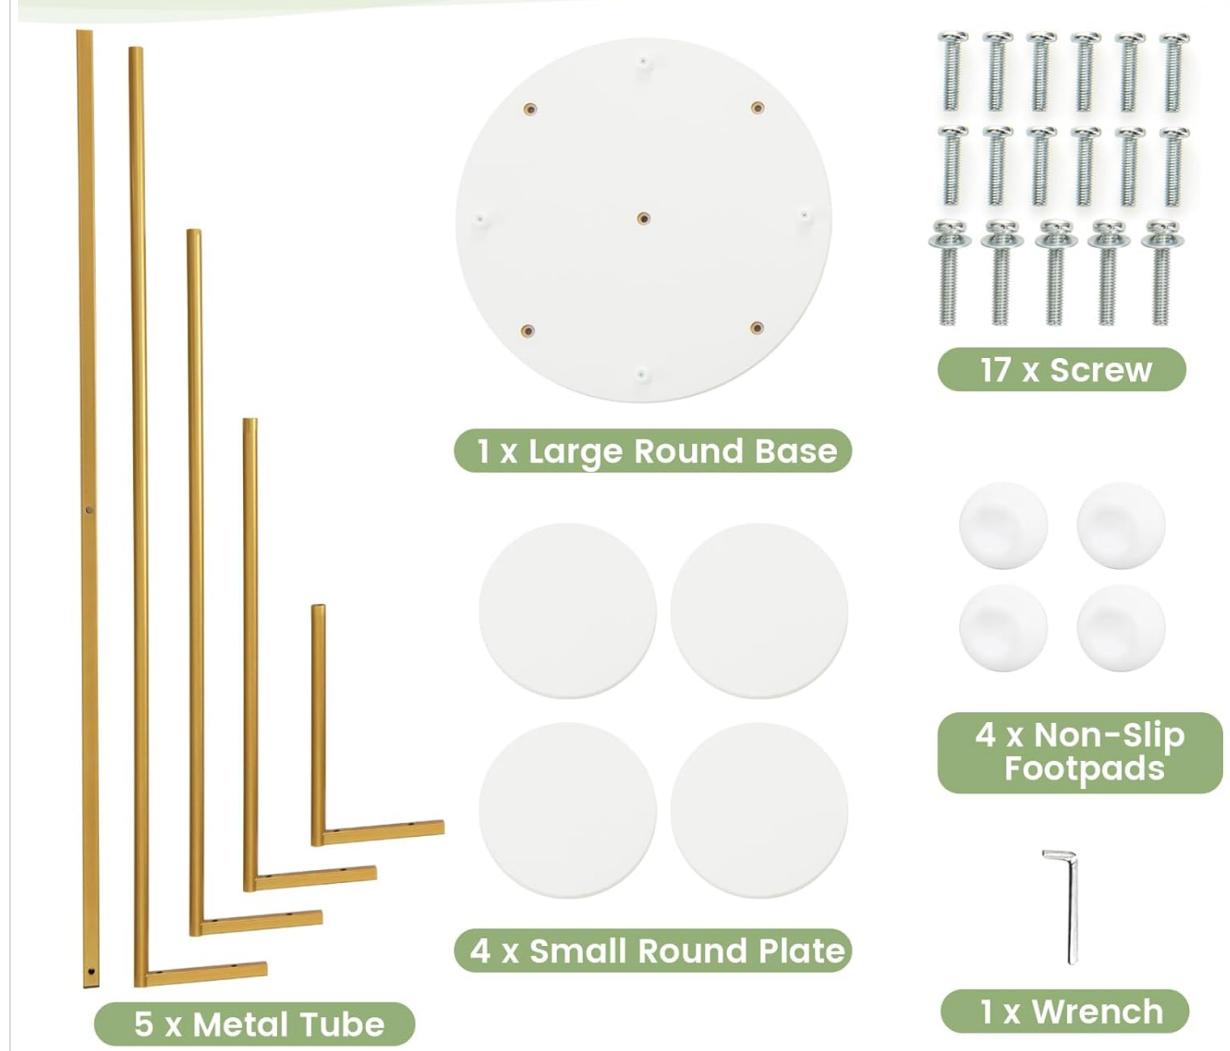

Figure 2: All components included for assembly of the plant stand.

- 1 x Large Round Base
- 5 x Metal Tubes (various lengths for structure)
- 4 x Small Round Plates (shelves)
- 4 x Non-Slip Footpads
- 17 x Screws
- 1 x Wrench (Allen key)

### 4. SETUP AND ASSEMBLY

Follow these steps to assemble your Giantex 4-Tier Metal Plant Stand. It is recommended to assemble on a soft, clean surface to prevent scratches.

1. Attach the metal tubes to the large round base using the provided screws and wrench. Ensure they are securely fastened.
2. Connect the remaining metal tubes to form the vertical structure, following the diagram in the included instructions.
3. Screw the small round plates (shelves) onto the designated points on the metal frame. Tighten them firmly but do not overtighten.

4. Attach the non-slip footpads to the bottom of the large round base to enhance stability and protect your floor.

Video 2: Assembly and placement of plants on a tiered plant stand. Note that the stand in this video is a 3-tier model, but the assembly principles are similar.

## 5. OPERATING INSTRUCTIONS

---

Your Giantex 4-Tier Metal Plant Stand is designed for displaying potted plants and decorative items. Its tiered structure allows for optimal light exposure for all plants.

- **Placement:** Position the stand in a location that provides adequate sunlight for your plants. The compact design is ideal for corners, living rooms, balconies, or porches.
- **Planting:** Place potted plants directly onto the round plates. Ensure the pot size is appropriate for the 7-inch diameter of each plate.
- **Weight Distribution:** Distribute the weight evenly across the tiers. Each tier can support up to 11 lbs (5 kg).
- **Versatile Use:** Beyond plants, the stand can be used to display books, ornaments, photo frames, or small decorative items.

## 6. MAINTENANCE

To ensure the longevity and appearance of your plant stand, follow these simple maintenance guidelines:

- **Cleaning:** The engineered wood plates have a smooth, waterproof surface. Wipe clean with a damp cloth and mild detergent as needed. Avoid abrasive cleaners.
- **Metal Frame:** The powder-coated steel frame is rust-resistant. Clean with a soft, damp cloth.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Protection:** While the plates are water-resistant, it is advisable to use saucers under potted plants to catch excess water and prevent prolonged moisture exposure.

## 7. TROUBLESHOOTING

- **Instability:** If the stand feels wobbly, ensure it is placed on a level surface. Check that all screws are

fully tightened.

- **Missing Parts:** If any parts are missing or damaged upon arrival, please contact customer support for assistance.

## 8. SPECIFICATIONS

---

Feature	Detail
Brand	Giantex
Model	B0CTQF8F5Z
Material	Engineered Wood, Metal
Color	White (with Gold frame)
Overall Dimensions	16" x 16" x 49.5" (L x W x H)
Diameter of Each Panel	7"
