Merax Full Size Upholstered Daybed with Drawers

Instruction Manual - Model: B0CTQJ54LW

INTRODUCTION

Thank you for purchasing the Merax Full Size Upholstered Daybed with Drawers. This manual provides essential information for the safe assembly, operation, and maintenance of your new daybed. Please read these instructions carefully before beginning assembly and retain them for future reference.

This image presents the Merax Full Size Upholstered Daybed in its complete form, featuring a pink linen fabric, a mattress, and decorative pillows. It illustrates the daybed's function as both a comfortable sleeping area and a stylish seating option, with the integrated drawers providing discreet storage.

SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in injury or damage to the product.

- Do not exceed the maximum weight limit of 400 pounds.
- Keep drawers closed when not in use to prevent injury from heavy objects falling out.
- Keep the daybed away from heat sources to prevent fire hazards.
- Always supervise children when using the daybed to prevent entrapment or injury.
- Ensure all connections are securely tightened before use and periodically check for loose hardware.

PACKAGE CONTENTS

Before beginning assembly, please ensure all parts are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

This image displays the primary components included with your Merax Full Size Daybed. It features the upholstered bed frame, the wooden slat support system, and two individual drawers designed for under-bed storage. Ensure all parts are present before beginning assembly.

Your package should include:

- Upholstered Daybed Frame (various panels)
- Wooden Slat Support System
- Two (2) Storage Drawers with wheels
- Assembly Hardware (screws, bolts, nuts, Allen wrench)
- Instruction Manual

ASSEMBLY INSTRUCTIONS (SETUP)

Assembly is required for this daybed. Clear and detailed instructions, along with all necessary tools, are provided in the included assembly guide. Please follow the steps carefully.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and hardware. It is recommended to assemble on a soft surface (e.g., carpet) to prevent scratching.

2. **Assemble the Main Frame:** Connect the side rails and end panels of the daybed frame using the provided hardware. Ensure all connections are finger-tightened initially.
3. **Install Support Legs:** Attach any central support legs to the frame as indicated in the detailed guide.
4. **Secure the Slats:** Place and secure the wooden slats onto the designated supports on the bed frame. Ensure even spacing and secure attachment for proper mattress support.
5. **Assemble Drawers:** Follow the specific instructions to assemble the two storage drawers. Attach the wheels to the bottom of each drawer.
6. **Insert Drawers:** Slide the assembled drawers into place under the daybed frame.
7. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts using the provided Allen wrench. Do not overtighten.

This view illustrates the daybed frame with the wooden slats securely in place, forming the mattress support. The two storage drawers are shown partially inserted beneath the frame, demonstrating their placement and functionality.

Here, the daybed is shown with the wooden slats and both storage drawers fully integrated into the frame. This configuration highlights the compact and organized appearance of the daybed with its storage solution.

OPERATING INSTRUCTIONS

The Merax Full Size Upholstered Daybed is designed for versatile use as both a bed and a sofa. Its integrated drawers provide convenient storage.

- **Sleeping:** Place a full-size mattress (not included) directly onto the wooden slats. No box spring is required.
- **Seating:** Arrange pillows against the upholstered backrest and side panels to convert the daybed into a comfortable sofa for lounging or seating.
- **Storage Drawers:** The two large drawers can be easily pulled out and pushed in on their wheels to access or store items. These are ideal for organizing clothes, linens, toys, or other household items. Ensure drawers are fully closed when not in use to maintain a tidy appearance and prevent tripping hazards.

This image provides a side perspective of the Merax Full Size Daybed, emphasizing the upholstered finish and the seamless integration of the two storage drawers beneath the bed. The design offers both comfort and practical storage.

MAINTENANCE

Proper care will extend the life and appearance of your daybed.

- **Cleaning:** Wipe the upholstered linen fabric with a dry cloth to remove dust and light dirt. For spills, blot immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.
- **Drawers:** Keep the drawer tracks clear of debris to ensure smooth operation.
- **Environment:** Avoid prolonged exposure to direct sunlight or extreme humidity, which can affect the fabric and wood components.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Daybed feels unstable or wobbly.	Loose hardware.	Check and tighten all screws and bolts. Ensure all components are correctly assembled.
Drawers are difficult to open/close or get stuck.	Misaligned parts during assembly; debris in tracks; excessive weight in drawers.	Verify drawer assembly. Clear any obstructions from under the bed or around the wheels. Reduce weight in drawers.
Mattress sits too high, obscuring upholstery.	Mattress is too thick.	Consider using a thinner mattress (e.g., 8-10 inches) to allow more of the upholstered backrest to be visible.
Unpleasant odor from new product.	New product off-gassing.	Ensure adequate ventilation in the room. The odor should dissipate within a few days.

SPECIFICATIONS

Model: B0CTQJ54LW

Brand: Merax

Size: Full

Overall Product Dimensions (L x W x H):78.9" x 57.9" x 27.6"

Weight Capacity: 400 pounds

Frame Material: Solid MDF and Particle Board (Engineered Wood)
