## Cubitt Tracking Technologies CT-VIVA4

# Cubitt Aura Pro Smartwatch/Fitness Tracker User Manual

Model: CT-VIVA4

## 1. INTRODUCTION

---

This manual provides comprehensive instructions for the setup, operation, and maintenance of your Cubitt Aura Pro Smartwatch/Fitness Tracker. Please read this manual carefully before using the device to ensure proper functionality and to maximize your user experience.

## 2. GETTING STARTED: SETUP

### 2.1. Charging the Device

Before first use, fully charge your Cubitt Aura Pro. Connect the magnetic charging cable to the charging pins on the back of the watch and plug the USB end into a power adapter (not included) or a computer's USB port. A full charge takes approximately 90 minutes.

- **Battery Life:** Up to 10 days with typical use.
- **Battery Capacity:** 370 mAh Lithium Ion.

### 2.2. Installing the Cubitt Pro App

To unlock all features and synchronize data, download the Cubitt Pro App on your smartphone. The app is compatible with both iOS and Android devices.

1. Search for "Cubitt Pro" in the Apple App Store or Google Play Store.

2. Download and install the application.
3. Create an account or log in if you already have one.

### 2.3. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the Cubitt Pro App and follow the on-screen instructions to add a new device.
3. Select "Cubitt Aura Pro" from the list of available devices.
4. Confirm the pairing request on both your watch and smartphone.

## 3. OPERATING INSTRUCTIONS

### 3.1. Display and Navigation

The Cubitt Aura Pro features a 1.43-inch AMOLED touch screen with a resolution of 466x466 pixels. Navigation is primarily done via touch gestures and the optical rotating crown.

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick widgets and health summaries.
- **Tap:** Select an item or confirm an action.
- **Press and Hold:** Customize watch faces (on the home screen).
- **Rotating Crown:** Navigate through lists, zoom in/out, or change display functions.

### 3.2. Health Monitoring

The watch provides 24/7 health monitoring capabilities:

- **Heart Rate Tracking:** Real-time heart rate monitoring.
- **Blood Oxygen (SpO2):** Measure blood oxygen levels.
- **Stress Monitor:** Track stress levels throughout the day.
- **Sleep Analysis:** Automatic tracking of sleep stages (awake, light, deep, REM).
- **HRV (Heart Rate Variability):** Provides insights into your body's recovery and stress.

### 3.3. Fitness Tracking

The Cubitt Aura Pro supports over 60 sport modes and includes built-in GPS for accurate activity tracking.

- **Built-in GPS:** Track routes, distance, and pace independently without a phone.
- **Activity Data:** Monitor calories burned, steps, distance, and speed.
- **Waterproof (3 ATM):** Suitable for swimming and water activities.

Image: A detailed view of the watch screen displaying a tracked GPS route, indicating its built-in GPS functionality.

### 3.4. Connectivity and Notifications

Stay connected with Bluetooth call functionality and smart notifications.

- **Bluetooth Call:** Make and receive calls directly from your wrist.
- **Notifications:** Receive messages, app alerts, alarms, and reminders.
- **Music Control:** Control music playback on your paired smartphone.
- **Camera Remote:** Use your watch as a remote shutter for your phone's camera.

### 3.5. Additional Features

- **Compass Support:** Built-in digital compass.
- **Altitude Measurement:** Track your elevation.
- **Weather Forecast:** Get real-time weather updates.
- **Breathing Training:** Guided breathing exercises.
- **Sedentary Alerts:** Reminders to move after periods of inactivity.
- **Women's Cycle Control:** Track menstrual cycles.
- **Find My Phone:** Locate your paired smartphone.
- **Timers & World Clock:** Essential timekeeping functions.
- **Always On Display:** Keep essential information visible without raising your wrist.

## 4. MAINTENANCE

Proper care ensures the longevity and performance of your Cubitt Aura Pro.

- **Cleaning:** Regularly clean the watch body and strap with a soft, damp cloth. Avoid harsh chemicals or abrasive materials.
- **Water Resistance:** The watch is waterproof up to 3 ATM. While suitable for swimming, avoid hot water, steam, or high-pressure water jets. Do not press buttons underwater.
- **Charging:** Use only the provided charging cable. Ensure the charging pins are clean and dry before connecting.
- **Storage:** Store the watch in a cool, dry place when not in use.

## 5. TROUBLESHOOTING

Problem	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect to the charger for at least 10 minutes.
Cannot pair with smartphone	<p>Ensure Bluetooth is enabled on your phone.</p> <p>Make sure the watch is within range (approx. 10 meters).</p> <p>Restart both the watch and your smartphone.</p> <p>Forget the device in your phone's Bluetooth settings and try pairing again.</p>
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Clean the sensor on the back of the watch.
Notifications not received	<p>Check notification permissions in the Cubitt Pro App and your phone's settings.</p> <p>Ensure the watch is connected via Bluetooth.</p> <p>Disable and re-enable notifications in the app.</p>
GPS not tracking accurately	Ensure you are in an open area with a clear view of the sky. Allow the watch a few moments to acquire a GPS signal.
