4. MAINTENANCE

4.1 Battery Management

The device is equipped with a 5000 mAh Lithium Polymer battery. To maximize battery life, avoid extreme temperatures, use the provided charger, and consider enabling battery saver modes when needed. Full charging time is approximately 1 hour with the fast charger.

4.2 Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Navigate to Settings > About phone > MIUI version to check for updates.

4.3 Cleaning Your Device

Use a soft, lint-free cloth to clean the screen and body of your phone. Avoid using harsh chemicals or abrasive materials that could damage the device. For stubborn smudges, slightly dampen the cloth with water or a screen-cleaning solution.

5. TROUBLESHOOTING

- **Device not powering on:** Ensure the battery is charged. Connect the device to the charger and wait a few minutes before attempting to power it on again.
- **Network connectivity issues:** Verify that your SIM card is correctly inserted and activated. Check your network settings and ensure mobile data is enabled. If issues persist, contact your service provider.
- **Screen unresponsive:** Try restarting the device by holding down the power button for an extended period (usually 10-15 seconds). If the issue continues, a factory reset might be necessary (backup your data first).
- **Apps crashing:** Clear the cache of the problematic app or reinstall it. Ensure your device's software is up to date.
