Operating (Imaginative Play)

These Schleich figurines are designed to enhance imaginative play and storytelling within the Harry Potter universe.

- **Posing:** Gently manipulate the arms of Lord Voldemort and Bellatrix Lestrange to create various poses. Avoid applying excessive force to prevent damage to the figures.
- **Storytelling:** Utilize the figures to recreate iconic scenes from the Harry Potter books and films, or invent entirely new magical adventures.
- **Display:** The figures serve as excellent display pieces for collectors. Arrange them on shelves, in display cases, or as part of a larger Wizarding World collection.

Maintenance and Care

Proper care will help maintain the quality and appearance of your Schleich figurines for years to come.

- **Cleaning:** To clean the figurines, gently wipe them with a soft, slightly damp cloth. Do not use harsh chemicals, abrasive cleaners, or solvents, as these can damage the paint and material.
- **Storage:** Store the figures in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause colors to fade, and extreme temperatures may affect the material integrity.
- **Handling:** Handle the figurines with care, especially any smaller or more delicate parts like wands or Nagini's head. Avoid dropping the figures, which could lead to breakage.

Troubleshooting

Schleich figurines are crafted for durability. In the unlikely event of an issue, consider the following:

- **Minor Scratches or Marks:** Small surface marks can sometimes be gently buffed with a soft, dry cloth. Avoid aggressive rubbing, which might damage the finish.
- **Loose or Detached Parts:** If a part becomes loose or detaches, do not attempt to force it back into place or use adhesives unless specifically recommended by the manufacturer. Contact Schleich customer support for advice.
- **Paint Chipping:** While rare due to high-quality paint application, if paint chipping occurs, it is generally considered cosmetic wear and tear and is not typically repairable without specialized touch-up techniques.
