SETUP GUIDE

Charging the Speaker

1. Locate the Type-C charging port on the speaker.
2. Connect the provided Type-C data cable to the speaker's charging port.
3. Connect the other end of the cable to a compatible USB power adapter (not included) or a computer's USB port.
4. The LED indicator on the speaker will show charging status.

Powering On/Off

- **To Power On:** Press and hold the Power button (usually marked with a power icon) for approximately 3 seconds until you hear an audible prompt or see the LED lights activate.
- **To Power Off:** Press and hold the Power button again for approximately 3 seconds until you hear an audible prompt or the LED lights turn off.

OPERATING INSTRUCTIONS

Bluetooth Pairing

1. Ensure the speaker is powered on and in Bluetooth pairing mode (indicated by a blinking LED light).
2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "SC02-mini" from the list of found devices.
4. Once paired, the speaker will provide an audible confirmation, and the LED light will become solid.

True Wireless Stereo (TWS) Pairing

To achieve 360° surround stereo sound, you can pair two SC02-mini speakers together:

1. Ensure both SC02-mini speakers are powered on and not connected to any other Bluetooth device.
2. On one of the speakers (this will be the primary speaker), press and hold the TWS pairing button (refer to the speaker's button layout for exact location, usually a dedicated button or a long press on a multi-function button).
3. The primary speaker will search for the secondary speaker. Once connected, both speakers will provide an audible confirmation.
4. Now, connect your device to the primary speaker via Bluetooth as described in the "Bluetooth Pairing" section. Audio will play through both speakers in stereo.

Controlling Playback and Volume

The speaker features button controls for various functions:

- **Play/Pause:** Press the Play/Pause button (often marked with a triangle or circle).
- **Volume Up:** Press the Volume Up button (+).
- **Volume Down:** Press the Volume Down button (-).
- **Next Track:** Long press or double-press the Volume Up button (+).
- **Previous Track:** Long press or double-press the Volume Down button (-).
- **RGB Light Control:** Press the dedicated light button (if available) or a multi-function button to cycle through light modes or turn them off.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the speaker with a soft, dry, lint-free cloth. Do not use abrasive cleaners, alcohol, or chemical solvents.
- **Storage:** Store the speaker in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge the speaker regularly, even if not in use for extended periods.
- **Water Resistance:** The product is designed with a multiple waterproof seal process. While it is suitable for outdoor use and can withstand splashes, it is not fully submersible. Avoid prolonged exposure to water or submersion.

FEARLESS WATERWASTHE RAIN

SC-02mini

**Multiple waterproof seal process.
Enjoy music indoors and outdoor**

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not turn on.	Low battery; Power button not pressed correctly.	Charge the speaker fully. Press and hold the Power button for 3 seconds.
Cannot pair via Bluetooth.	Speaker not in pairing mode; Device Bluetooth off; Speaker already connected to another device.	Ensure speaker is in pairing mode (blinking LED). Turn on Bluetooth on your device. Disconnect speaker from other devices.
No sound or low volume.	Volume too low on speaker or device; Speaker not connected; Audio source issue.	Increase volume on both speaker and device. Re-pair Bluetooth. Check audio source.

Problem	Possible Cause	Solution
TWS pairing fails.	Speakers too far apart; One speaker already paired to a device.	Ensure speakers are close to each other. Disconnect both speakers from any other Bluetooth devices before initiating TWS pairing.
