Cubehom A02

User Manual for Cubehom LED Nightstand Set

Model: A02

1. PRODUCT OVERVIEW

The Cubehom LED Nightstand Set (Model A02) is a modern furniture solution designed to enhance your bedroom or living space. This set includes two nightstands, each featuring a multi-color RGB LED light strip, a silent-slide drawer, and an open storage compartment. Constructed from durable particle board with a waterproof surface treatment, these nightstands offer both aesthetic appeal and practical storage.

2. SAFETY INFORMATION

- Always assemble the nightstand on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum weight capacity of 44 pounds for the top surface and 11 pounds for the drawer.
- Keep electrical components (LED strip, power adapter) away from water and moisture.
- Do not attempt to modify or repair the electrical components yourself. Contact qualified personnel for service.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Avoid placing hot items directly on the surface without protection.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact Cubehom customer service.

Component	Quantity (per nightstand)
Nightstand Panels (various sizes)	1 set
Drawer Components	1 set
LED Light Strip with Power Adapter	1
Remote Control (for LED)	1
Assembly Hardware (screws, dowels, cam locks, etc.)	1 set
Installation Tool (e.g., Allen wrench)	1
Assembly Guide	1

4. ASSEMBLY INSTRUCTIONS

Assembly of the Cubehom LED Nightstand requires careful attention to the included step-by-step guide. It is recommended to have a Phillips head screwdriver and potentially an electric screwdriver for faster assembly.

- 1. Unpack and Identify Parts:** Lay out all numbered and labeled pieces on a clean, soft surface. Refer to the parts list in your included Assembly Guide to ensure all components are present.
- 2. Assemble the Frame:** Follow the diagrams in the Assembly Guide to connect the main panels of the nightstand using the provided hardware. Ensure all connections are snug but do not overtighten.
- 3. Install Drawer Slides:** Attach the drawer slides to the nightstand frame according to the instructions. Pay attention to the orientation of the slides.
- 4. Assemble the Drawer:** Construct the drawer box using the designated panels and hardware. Install the drawer slides onto the drawer box.
- 5. Insert Drawer:** Carefully slide the assembled drawer into the nightstand frame. Ensure it glides smoothly.
- 6. Install LED Light Strip:** Adhere the LED light strip to the designated area within the nightstand. Connect the power adapter to the LED strip and then to a power outlet.

5. OPERATING INSTRUCTIONS

5.1 LED Light Operation

The integrated LED light strip offers a variety of lighting options to suit your preference. Use the included remote control or a compatible app (if specified in the LED manual) to manage the lighting.

- **Power On/Off:** Press the power button on the remote to turn the LED lights on or off.
- **Color Selection:** Choose from 16 different multi-color RGB modes using the color buttons on the remote.
- **Brightness Adjustment:** Use the brightness control buttons to increase or decrease the intensity of the light.
- **Mode Selection:** Explore various dynamic lighting modes (e.g., flash, fade, strobe) if available on your remote.

5.2 Drawer Operation

The nightstand features a silent-slide drawer for convenient storage.

- **Opening:** Gently pull the drawer front to open.
- **Closing:** Push the drawer front until it is fully closed. The silent-slide mechanism ensures smooth and quiet operation.
- **Storage:** Utilize the drawer for organizing small items such as books, remote controls, or personal belongings.

6. MAINTENANCE AND CARE

To ensure the longevity and appearance of your Cubehom LED Nightstand, follow these care guidelines:

- **Cleaning:** The nightstand features a high-quality waterproof surface treatment. Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Spills:** Promptly wipe up any spills to prevent water damage, despite the waterproof surface.
- **Dusting:** Regularly dust the surfaces with a dry, soft cloth.
- **LED Strip:** Keep the LED strip clean and free of dust. Do not immerse the LED strip or power adapter in water.

Image: A hand demonstrating the ease of cleaning the nightstand's waterproof surface by wiping away spilled water.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
LED lights do not turn on.	Power adapter not connected; remote control battery low; LED strip connection loose.	Ensure the power adapter is securely plugged into the LED strip and a working power outlet. Replace remote control battery. Check all connections of the LED strip.
Drawer is stiff or does not slide smoothly.	Drawer slides misaligned; debris in slides; screws overtightened.	Verify that the drawer slides are correctly aligned and installed. Clean any dust or debris from the slides. Loosen screws slightly if they are overtightened, ensuring stability.
Nightstand feels wobbly.	Loose fasteners; uneven floor.	Check and tighten all assembly screws and fasteners. Place the nightstand on a level surface.

8. SPECIFICATIONS

Feature	Detail
