

A02-1

Generic A02-1 LED Nightstand User Manual

Model: A02-1 | Brand: Generic

1. PRODUCT OVERVIEW

The Generic A02-1 LED Nightstand is a modern bedside table designed to enhance your bedroom space. It features a sleek design, two spacious drawers for storage, and integrated RGB LED lighting with multiple color modes and brightness control. Crafted from durable engineered wood, this nightstand provides both functionality and aesthetic appeal.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or product damage.

- To prevent tipping, always place the nightstand on a stable, flat, and level surface.
- Do not overload the nightstand. The top surface can hold up to 44 pounds (20 kg), and each drawer can hold up to 11 pounds (5 kg).
- Ensure all components are securely fastened during assembly. Regularly check fasteners for tightness.
- Keep small parts and assembly tools away from children during assembly.
- Avoid exposing the nightstand to excessive moisture or direct sunlight to prevent material damage.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present. If any items are missing or damaged, please contact customer support.

The package should contain:

- All labeled furniture pieces (engineered wood panels for frame, drawers, etc.)
- Hardware kit (screws, cam locks, wooden pegs, drawer slides, etc.)
- LED light strip and remote control
- Assembly Guide
- Installation Tool (e.g., screwdriver)

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires one person and a screwdriver. Follow the step-by-step instructions provided in the included Assembly Guide. It is recommended to assemble the nightstand on a soft, clean surface to prevent scratches.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list in the Assembly Guide to ensure everything is present and undamaged.
2. **Assemble the Frame:** Begin by connecting the main side panels and back panel using the provided hardware (cam locks, screws, wooden pegs). Ensure all connections are tight and secure.
3. **Install Drawer Slides:** Attach the drawer slides to the inner side panels of the nightstand frame according to the guide. Pay attention to the orientation of the slides.
4. **Assemble Drawers:** Construct the two drawers using the drawer panels and hardware. Install the remaining drawer slide components onto the assembled drawers.
5. **Insert Drawers:** Carefully slide the assembled drawers into the nightstand frame, ensuring they operate smoothly.
6. **Attach Top Panel:** Secure the top panel to the assembled frame.
7. **Install LED Lighting:** Adhere the LED light strip to the designated area (typically the central open section). Connect the power cable and position the remote sensor if applicable.
8. **Final Check:** Once assembled, gently move the nightstand to its desired location. Verify stability and ensure all drawers open and close correctly.

5. OPERATING INSTRUCTIONS (LED LIGHTING)

The integrated LED lighting system offers multiple color options and brightness levels, controllable via the included remote or a compatible app.

- **Power On/Off:** Press the power button on the remote control to turn the LED lights on or off.
- **Change Colors:** Use the color selection buttons on the remote to cycle through 16 different RGB color modes.
- **Adjust Brightness:** Use the brightness up/down buttons to increase or decrease the intensity of the LED lights.
- **Mode Selection:** Some remotes may include buttons for dynamic lighting modes (e.g., flash, strobe, fade, smooth). Refer to your specific remote's guide for details.
- **App Control (if applicable):** If your LED system supports app control, download the recommended application (check the LED light strip manual for details) and follow the pairing instructions.

6. MAINTENANCE

Proper care and maintenance will extend the life and appearance of your nightstand.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the glossy finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the engineered wood.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Retighten as necessary.
- **LED Lights:** The LED lights are designed for long-term use. If they malfunction, check the power connection and remote battery. Do not attempt to repair the LED strip yourself; contact customer support.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED lights do not turn on.	Power cable disconnected, remote battery dead, LED strip faulty.	Ensure power cable is securely plugged in. Replace remote battery. If problem persists, contact customer support.
Drawers stick or do not slide smoothly.	Drawer slides misaligned, debris in slides, overloaded drawer.	Check drawer slide alignment and ensure they are clean. Reduce weight in the drawer.
Nightstand is wobbly.	Loose fasteners, uneven surface.	Tighten all assembly screws. Move nightstand to a level surface.

8. SPECIFICATIONS
