CARE AND MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the glossy finish.
- **Spills:** Immediately wipe up any spills to prevent moisture damage to the engineered wood.
- **LED Lights:** The LED lights are designed for long-term use. If issues arise, refer to the troubleshooting section. Do not attempt to replace individual LED components.
- **Stability:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Placement:** Avoid placing the nightstand in direct sunlight or near heat sources, as this can cause warping or discoloration.

TROUBLESHOOTING

- **LED Lights Not Working:**
 - Ensure the power adapter is securely plugged into both the nightstand and a working electrical outlet.
 - Check the remote control battery. Replace if necessary.
 - Point the remote directly at the LED receiver.
- **Drawers Sticking or Not Sliding Smoothly:**
 - Verify that the drawer slides are properly aligned and free of obstructions.
 - Ensure the nightstand is on a level surface. Uneven surfaces can affect drawer operation.
 - Check that the drawers are not overloaded beyond the recommended weight.
- **Nightstand Feels Unstable:**
 - Re-check all assembly screws and ensure they are tightened securely.
 - Confirm the nightstand is placed on a flat, stable floor.
